Select all that apply. Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be legal. , Sale of cannabis should be legal and regulated. , Cultivation of cannabis for personal use should be legal.

YOUR SUBMISSION

Submission:

I can't see any reason, whether medical, social, or moral, why cannabis should be treated differently from alcohol in terms of regulation. One needs only to examine the societies which have already taken the steps to legalise the consumption and regulate the sale of cannabis to see that negative impacts are minimal and positive impacts are potentially immense, including a new source of taxation revenue--which should substantially outstrip any increased burden on social services.
