Accessing and using cannabis, Education, Public health, Young people and children, Criminal activity, Social impacts, Mental health, Public safety

What best describes your interest in our Inquiry? (select all that apply) :

Public sector body

Are there any additional themes we should consider?

Economic benefits, environmental benefits, public sector benefits, , leading the world in progressive policy for the benefit of Australia, rather than being 10 years behind other logical countries

YOUR SUBMISSION

The inquiry should look towards a legalisation policy that is economically beneficial at all levels while not punishing individuals for personal growth of a plant. It seems so archaic to be arresting and jailing people who grow a plant for themselves. Big black market operations, which further fuel criminal activity, would be vastly reduced if personal growing and public market dispensaries were made accessible and available.

Do you have any additional comments or suggestions?:

Select all that apply.

Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be legal. Sale of cannabis should be legal and regulated. Cultivation of cannabis for personal use should be legal. There should be no restrictions. Other – please explain.
