YOUR SUBMISSION

Submission:

Especially under covid lockdown, the regulated sale of recreational, personal cannabis use should be legal. It'd help ensure people stay at home. Other countries and states have seen huge profits from the industry and it's only a matter of time before we follow the USA states that have legalised it already anyway.

Do you have any additional comments or suggestions?:

We should legalised it in Victoria before other Australian states. It'd create tourism, where Melbourne is already renowned for great food and coffee.
