

Inquiry into access to TAFE for learners with disability

Legislative Assembly Economy and Infrastructure Committee

Have your say

The Victorian Legislative Assembly Economy and Infrastructure Committee is looking at how to **improve access to TAFE for learners with disability**.

Issues being examined include:

- barriers faced by learners with disability when trying to access and participate in TAFE
- the types of support learners with disability need to maximise their learning experience at TAFE
- the training and support TAFE teachers need to better assist students with disability
- broader strategies to increase the participation of learners with disability in TAFE courses.

We're asking people to share their experiences and ideas by sending us written submissions. Any person or organisation can make a submission to the Committee.
