Dear Sir or Madam,

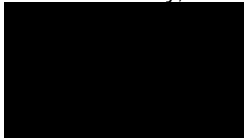

Submission – Inquiry into whether Victoria should participate in a National Electoral Roll Platform

Sustainable Australia Party is an independent community movement from the political centre, with a positive plan for an economically, environmentally, and socially sustainable Australia. Further details about Sustainable Australia Party can be found at our website: www.sustainableaustralia.org.au

As a political party registered at the federal level as well as in multiple states, we hold the view that the more standardisation between the states on electoral administration and laws, the better. It would be advantageous if we only had to liaise with one organisation for registration, funding, and disclosures, etc., or at least adhere to one set of rules.

I thank the Committee for the opportunity to lodge a submission in relation to this inquiry.

Yours sincerely,

Stephen Tighe
State Administrator – Victoria
