Dear Madam/Sir

I write to express what I believe were problems with the location of the Pre Polling venue in Warraratta prior to the 2006 Victorian State Election.

I will endeavour to explain the situation by way of a sketch.

My concerns are the difficulty for elderly people and persons with a Physical Impediment entering the building by way of a long ramp or steep stairway also the stairway entrance of exit is very close to a motor vehicle entrance.

Yours Sincerely  
R. J. Marsh
