The White Space

Of course its a real outbreak. Just like SARS, bird flu and all the other recent epidemics. Hmm? You never hear about them anymore? Well that's ok we have other hoaxes planned. I meant epidemics. What? There was a Corona virus vaccine patent applied for before the outbreak? Nonsense. Quick! People are dying, we must get them vaccinated! Looks like a vaccine is available soon. Aren't you all so lucky goyim? Heh heh.
