YOUR SUBMISSION

Submission:

I feel that every life on earth is precious. Human population is depriving other animals from the rights of their homes. We cannot let that happen. A wetland is not just land water interface for many animals, especially, for a tired bird who has travelled 27000 KM, it is a great house where it will feed and prepare itself for next flight. It's our duty to keep the rest house clean and safe for her. Please, save it.

Do you have any additional comments or suggestions?:
