---

Dear Committee Members

Victoria is blessed with special and diverse wetlands, home to so many different plants, birds, fish and other species.

It would be good therefore to consider in the inquiry that impact that duck hunting has on native ducks. Hunting for duck just for fun is not good for the continuation and preservation of Victoria's wetlands.

Another consideration is that in the process of the shooting many acts of cruelty are performed to the ducks that makes this an even more inhumane act.

Please consider following WA, NSW, Queensland and the ACT in banning duck hunting.

On top of this, each 'season' I am confronted by video evidence showing the cruel practices of some hunters and inadequate monitoring by compliance staff.

Thank you for the opportunity to share my thoughts.

Yours sincerely,  
Kerrie Kean
