YOUR SUBMISSION

Submission:

I am just an ordinary person horrified that our government would still permit the cruelty of a small proportion of the population to ruin our chance of enjoying our natural environment and wildlife.

We have hobbies too! We go bush walking and birdwatching, but our rights are so limited for a few horrible people to shoot ducks for no good reason. With the drought, allowing duck shooting when the poor creatures are struggling already shows incredible lack of foresight and compassion.

We are better than this, and our government should be too.

Lynne

Do you have any additional comments or suggestions?:

Just begging - PLEASE DO SOMETHING! The misery I feel every year during duck shooting season is shared by so many people.
