### YOUR SUBMISSION

#### Submission:

Duck hunting has proven again and again that it is not being done responsibly and sees the slaughter of a multitude of species that are endangered/prohibited, along with preventing many more people enjoying the wetlands through tourism, camping, hiking and generally enjoying nature - it must be stopped, as it is in no way a 'sport' and involves untold animal cruelty.

If people want to shoot at animals, we have plenty of feral ones that need to be culled, so perhaps they could put their efforts into that?
