Regional and rural development: minister’s office — staff

340. HON. M. P. PAKULA — To ask the Minister for Higher Education and Skills (for the Minister for Regional and Rural Development): What is the total number of staff employed in their ministerial office as at 5 April 2011 and the total number of staff (including ministerial staff and staff seconded from departments) that have worked in the minister’s private office at any time during the period between 2 December 2010 and 5 April 2011.

ANSWER:

I am informed that:

Further to the answer to question no. 673 tabled on 13 October 2011, the following information is provided.

The total number of ministerial staff and seconded departmental staff employed in the private offices of all ministers and parliamentary secretaries is summarised as follows:

- a. As at 30 June 2006, there was a total of 212 staff
- b. As at 30 June 2007, there was a total of 214 staff
- c. As at 30 June 2008, there was a total of 210 staff
- d. As at 30 June 2009, there was a total of 210 staff; and
- e. As at 30 June 2010, there was a total of 212 staff.

The total number of ministerial staff and seconded departmental staff employed in each private office is as follows (please note that data as at 30 June 2006 can only be identified per portfolio rather than as individual ministerial offices):

Education: capital works — Bruthen Primary School

1318. MR LENDERS — To ask the Minister for Higher Education and Skills (for the Minister for Education):

- (1) Will Bruthen Primary School receive funding in the next five years, equal to or greater than the guaranteed minimum for capital works under the Victorian schools plan.
- (2) Has Bruthen Primary School commenced master-planning and if so will this master-planning continue in 2011.

ANSWER:

I am informed as follows:

Consistent with longstanding policy under successive Victorian governments, capital investments are determined by cabinet and announced in the Victorian state budget for the upcoming financial year. No guaranteed minimum capital investment has ever applied to individual capital projects in Victoria prior to the announcement of an individual capital investment in the budget papers.

All existing schools in Victoria have gone through at least one major planning phase and without any indication of the relevant time period for consideration no further detail can be provided.

Decisions about individual planning stages for capital investments are made throughout each calendar year and these decisions cannot be pre-empted.

Energy and resources: CarbonNet program — HRL funding

8151. MR BARBER — To ask the Minister for Higher Education and Skills (for the Minister for Energy and Resources):

- (1) Has the department advanced any of the committed \$3.5 million for the proposed HRL power station through the CarbonNet program to assist the development of a plan for carbon capture and storage; if so, how much has been advanced.
- (2) When is that plan scheduled to be completed.

ANSWER:

I am informed that:

- (1) No funding allocated to the CarbonNet project has been provided to HRL to assist with the development of a plan for carbon capture and storage (CCS).

- (2) The CarbonNet project is in its early feasibility phase which is due for completion in late 2013. An announcement was made on 10 February 2012 regarding the selection of CarbonNet for funding under the Australian government's carbon capture and storage flagships program.

Water: Northern Victoria Irrigation Renewal Project — Benjeroop

8162. MR LENDERS — To ask the Minister for Higher Education and Skills (for the Minister for Water):

- (1) Will the Benjeroop district have their irrigation system upgraded as part of the Northern Victoria Irrigation Renewal Project (NVIRP).
- (2) To what extent will the upgrade works be consistent with the original plan for the Benjeroop area.
- (3) Have the planned upgrades under the NVIRP been, or will they be, altered in any way as a consequence of the flooding of Benjeroop in January 2011.

ANSWER:

I am informed that:

As a result of the Lower Loddon Irrigation Recovery Package (LLIRP) voluntary buyback, the land use will change in the Benjeroop district and reduce demand for irrigation services. It is unlikely that there will be any extensions of the backbone channel and there is a possibility that the Northern Victoria Irrigation Renewal Project (NVIRP) will be able to consider further reductions in the backbone channel.

As many property owners have accepted buyback offers, the Benjeroop strategic connection program previously prepared by NVIRP before the 2011 flood is no longer valid.

After the floods, NVIRP temporarily suspended their strategic connections project for Benjeroop. Now that most of the LLIRP buyback offers have been finalised, NVIRP will recommence discussions with Benjeroop landowners about their connection options. This will also include stock and domestic water supply requirements for dryland properties.

Water: Goulburn-Murray Water — irrigation services

8163. MR LENDERS — To ask the Minister for Higher Education and Skills (for the Minister for Water): Is Goulburn-Murray Water obligated to continue providing irrigation services to any person holding water delivery shares within its jurisdiction.

ANSWER:

I am informed that:

Goulburn-Murray Water has an obligation to supply irrigation water to any person who holds a water delivery share in its jurisdiction and is using water in accordance with their water use licence (WUL). Supply to an irrigator will continue unless the irrigator cancels or transfers their delivery share and/or cancels their WUL.

Water: irrigation — Benjeroop

8165. MR LENDERS — To ask the Minister for Higher Education and Skills (for the Minister for Water): Is it the intention of the government to permanently remove irrigation water from the Benjeroop area.

ANSWER:

I am informed that:

It is the intention of the government to increase the resilience of the Benjeroop area through voluntary land use change. The Benjeroop area is situated on the Loddon River flood plain and has been identified as a high flood risk area as part of the Lower Loddon Irrigator Recovery Package.

The majority of the farmland in the area has been laid out for irrigation, which is vulnerable to extensive damage by floods, particularly in the Benjeroop area, where the duration of inundation can be quite long; as occurred in January 2011.

One of the key objectives of the Lower Loddon Irrigator Recovery Package is to buy back land in the high risk areas and help irrigators relocate their vulnerable agricultural businesses to other less flood prone areas. Once the land is purchased, or the land use is changed voluntarily by the land-holder, the water use licence (WUL) will be cancelled and the property excised from the irrigation district.

Removing the WUL and excising the property from the irrigation district does not prevent irrigation in the future. It is possible to apply to be included in the irrigation district in the future, or become a diverter off the River Murray. However, a land management agreement will be attached to the property titles advising prospective purchasers of the potential flood risks. This will aim to encourage landowners to purchase land in lower risk areas or purchase the land at their own risk.

The buyback and land use change offers are voluntary. Goulburn-Murray Water will continue to supply water to land-holders who choose to remain in the district and do not take up the buyback or land use change incentives.

Water: voluntary buyback scheme — Benjeroop

8166. MR LENDERS — To ask the Minister for Higher Education and Skills (for the Minister for Water): In relation to the property of Simon Telar located at 192 Little Murray Road, Benjeroop:

- (1) Will the government offer to purchase this property under the Benjeroop voluntary buyback scheme given the adjoining properties have all received offers under the scheme.
- (2) Will the owners of this property receive government assistance or funding for the construction of a levy to enable vehicular access to the property in the instance of a future flood event.
- (3) Will the minister provide a guarantee that pumps will be provided and installed to enable water to be pumped from the property in the instance of a future flood event.

ANSWER:

I am informed that:

- (1) The Rural Finance Corporation is making offers to purchase properties that are located within the high flood risk area, in accordance with priorities set by the Lower Loddon Irrigator Recovery Taskforce. Simone Treloar's property is located within the high risk areas and her position at the bottom of the flood plain system fits with the funding priorities.
- (2) The Lower Loddon Irrigator Recovery Package (LLIRP) is funding the construction of levies around dwellings in the high flood risk areas up to the value of \$30,000, unless the dwelling is due to be demolished. This is being delivered by North Central Catchment Management Authority (CMA). Once any property changes hands, the Rural Finance Corporation, in consultation with the CMA, considers whether it is feasible to construct a ring levee, or whether the dwelling should be demolished.
- (3) The government will not install pumps to remove water from properties in the event of a future flood. The LLIRP will reduce the flood risk in the Benjeroop area by changing the land use and protecting dwellings with ring levees.

Water: voluntary buyback scheme — Benjeroop

8167. MR LENDERS — To ask the Minister for Higher Education and Skills (for the Minister for Water): What conditions has the minister, Goulburn-Murray Water or any authorised agent set for a property to be eligible to receive an offer under the Benjeroop voluntary buyback scheme.

ANSWER:

I am informed that:

The Lower Loddon Irrigator Recovery Taskforce that I established has determined the eligibility and priorities for the voluntary buyback and incentives for land use change.

The task force defined the high risk area, which determined eligibility for an offer. Expert and independent advice was used to prepare a detailed risk assessment that took into account the actual hazard rating, socioeconomic factors and potential infrastructure impacts.

The task force then determined priorities for the making of offers to land-holders within the high risk area, using the following criteria:

1. Number of delivery share entitlements that could be terminated.
Properties were prioritised from largest to smallest number of delivery share entitlements associated with the property. This criterion ensured the desired land use change away from irrigation, the most vulnerable land use in the area, was targeted.
2. Position within the high flood risk areas.
Properties were prioritised from the bottom of the flood plain system to the upper boundary of the high flood risk area. Within the high risk areas, risk decreases up the flood plain due to better access. This criterion ensured that within the constraints of the overall budget, the most vulnerable and least accessible properties were given priority.
3. Value for money
In the event of the two previous criteria being equally met, a relative value for money criterion was included. For example, the incentives to an existing land-holder to change land use would be more cost effective than a property buyback offer.

Water: voluntary buyback scheme — Benjeroop

8168. MR LENDERS — To ask the Minister for Higher Education and Skills (for the Minister for Water): Does the minister personally approve, or has the minister previously approved, each and every purchase offer offered through the Benjeroop voluntary buyback scheme.

ANSWER:

I am informed that:

No, I do not approve the purchase offers made under the Lower Loddon Irrigators Recovery Package. All offers to purchase land in the Benjeroop area have, and will continue, to be made by the Rural Finance Corporation.

The Rural Finance Corporation was appointed on behalf of the Department of Sustainability and Environment, to deliver the land acquisition and resale program.

I appointed the regional task force to guide implementation of the Lower Loddon Irrigator Recovery Package. The Taskforce have defined the boundaries of the high-risk areas and priorities for buyback offers within these areas.

All buyback or land use change offers made by the Rural Finance Corporation are based on the priorities established by this task force and in accordance with land-holders' rights to privacy, every effort has been made to ensure the detail of each offer is confidential. The Rural Finance Corporation makes the decisions.

Employment and industrial relations: General Mills Australia — East Bendigo factory

8181. MS BROAD — To ask the Minister for Employment and Industrial Relations: On what date did the Department of Business and Innovation first become aware that General Mills Australia was planning to close its East Bendigo factory and move its operations to Mount Waverley.

ANSWER:

The Victorian government first became aware on 24 November 2011.

Police and emergency services: police — Ballarat office accommodation

8216. MS PULFORD — To ask the Minister for Employment and Industrial Relations (for the Minister for Police and Emergency Services): Has any review of office accommodation required by Victoria Police in Ballarat been undertaken; if so, did the review find that office accommodation infrastructure was required.

ANSWER:

I am advised that:

In the 2011–12 state budget, the coalition government allocated \$30 million for new and upgraded police stations. Infrastructure upgrades to police stations are a crucial component of the government’s commitment to deliver 1700 extra front-line police members by November 2014.

Victoria Police is currently undertaking a review of office accommodation in Ballarat.

Police and emergency services: police — Ballarat vehicles

8217. MS PULFORD — To ask the Minister for Employment and Industrial Relations (for the Minister for Police and Emergency Services): What was the number of marked police cars available for use by Victoria Police members in the Ballarat police service area as at —

- (a) 4 December 2010;
- (b) 30 June 2011; and
- (c) 30 November 2011.

ANSWER:

I am advised that:

- (a) 20.
- (b) 20.
- (c) 22.

Attorney-General: security incidents — Ballarat court complex

8228. MS PULFORD — To ask the Minister for Employment and Industrial Relations (for the Attorney-General): In relation to sittings of the County Court in Ballarat, what was the number of recorded security incidents at the Ballarat court complex in the years —

- (a) 2007–08;
- (b) 2008–09;

- (c) 2009–10; and
- (d) 2010–11.

ANSWER:

I am advised that:

Recorded security incidents at the Ballarat court complex are as follows:

- (1) 2007–08: 10 incidents.
- (2) 2008–09: 8 incidents.
- (3) 2009–10: 24 incidents.
- (4) 2010–11: 24 incidents.

Higher education and skills: TAFE funding

8230. MS PENNICUIK — To ask the Minister for Higher Education and Skills: As a result of the changes to VET fees and funding of TAFE and private providers outlined on page 3 of the document ‘Skills Victoria, Changes to VET fee and funding arrangements for 2012’:

- (1) What is the reduction in funding at each of the following institutions: Box Hill, Chisholm, Holmesglen, Kangan Batman, NMIT, RMIT, Swinburne University and Victoria University.
- (2) What is the total reduction to TAFE institutions over four years a result of these reductions.
- (3) How many teachers on contract have not had their contracts renewed at each of the following institutions: Box Hill, Chisholm, Holmesglen, Kangan Batman, NMIT, RMIT, Swinburne University and Victoria University.
- (4) How many voluntary and/or forced redundancies have or will occur at each of the following institutions: Box Hill, Chisholm, Holmesglen, Kangan Batman, NMIT, RMIT, Swinburne University and Victoria University.
- (5) How many jobs have been lost across the TAFE system this year.
- (6) How many courses have been discontinued this year at each of the following institutions: Box Hill, Chisholm, Holmesglen, Kangan Batman, NMIT, RMIT, Swinburne University and Victoria University.
- (7) What is the purpose of the Community Service Fund which will be set up as a result of these reductions.

ANSWER:

I am informed as follows:

- (1) In October last year I announced a changes to funding rates at which training delivery would be paid to contracted registered training organisations. The impact of that change on the total income of individual institutes cannot be calculated until total training delivery provided by those institutes is known. Given the ability under the Victorian training guarantee (VTG) for all contracted providers to attract additional new enrolments, there may be an increase in the value of training delivery funding.
- (2) As indicated above, it is not possible to calculate the impact on funding levels at this time.
- (3) As employers in their own right, the councils of universities with TAFE divisions and the boards of the stand-alone TAFE institutes are responsible for all employment matters, including decisions concerning the effective and efficient management of their workforce. In the normal course of operations it can be expected that with changes in student enrolment patterns that some contracted teachers will not have their contracts renewed, while additional teachers in other disciplines will be engaged. As this is part of the normal course of

the institutes' operational efficiency, the government does not require the institutes to provide these statistics as part of their annual reporting cycle.

- (4) As noted above, all staff at TAFE institutes and universities are employees of those organisations. There is no requirement on the institutes or the universities to report data on redundancies to government as and when they occur.
- (5) See answer to (4).
- (6) In the normal pattern of operations within TAFE institutes, courses and subjects are added and discontinued in response to a large number of factors, including registration requirements, student enrolment and development of areas of specialisation. The establishment of the range of courses that an institute offers is part of the normal governance of the institutes and as such is the responsibility of the boards of the TAFE institutes and council of universities.
- (7) The Community Services Fund (CSF) has been established to support services provided to the community by TAFE and adult community education providers which promote access and learning outcomes, particularly for disadvantaged groups, and in thin markets.

Higher education and skills: vocational education and training — private providers

8231. MS PENNICUIK — To ask the Minister for Higher Education and Skills: In relation to the government's removal of minimum and maximum caps on course fees that can be charged by private providers:

- (1) Is the government monitoring the course fees charged by private providers for government-funded places.
- (2) Who is overseeing the quality of VET courses provided by private providers.

ANSWER:

I am informed as follows:

- (1) Providers contracted by the Victorian government are required to provide to government indicative student tuition fees for all courses, and publish indicative student tuition fees for all government-subsidised training delivery.

Minimum and maximum fee caps do not apply for new enrolments in 2012. However, service agreements between the Victorian government and registered training providers make it clear that contracted providers are not permitted to charge more than the hourly tuition fee specified by the Victorian government.

As part of the government's contract compliance audit program, providers contracted to deliver government subsidised are audited to verify compliance with these requirements.

- (2) The Victorian Registration and Qualifications Authority (VRQA) and the commonwealth regulator, the Australian Skills Quality Agency (ASQA), regulate courses and training providers to ensure nationally approved quality standards are met.

The Victorian government has strengthened entry requirements for providers seeking a contract to deliver government-subsidised training in 2012 to include extended financial viability assessments of prospective providers.

Public transport: rail — Williams Landing station

8236. MS HARTLAND — To ask the Minister for Planning (for the Minister for Public Transport): In relation to public transport in Point Cook and Williams Landing:

- (1) When will construction of Williams Landing train station be completed.
- (2) What is the catchment area for Williams Landing station.
- (3) What bus timetable changes and new bus routes are planned to complement the opening of Williams Landing train station.
- (4) When will new bus timetables and new bus routes connecting with Williams Landing trains be released and implemented.
- (5) What plans has the government made to service the southern part of Point Cook and the new and proposed residential developments in Werribee South, with public transport.
- (6) Has any land in Point Cook and Werribee South been reserved for the development of light or heavy rail.

ANSWER:

I am informed that, as at the date the question was raised:

The construction of Williams Landing railway station is scheduled to be completed by the end of 2012. This station will service people in the areas of Williams Landing and Point Cook. The Department of Transport will review bus services in these areas at the same time as timetable changes are considered to run trains to and from the new railway station. The Department of Transport has not reserved any land in Point Cook or Werribee South for the development of light or heavy rail.
