1. LIEUT.-COL. KNOX : To ask the Honorable the Minister of Forests—
 1. If, in view of the representations made by various deputations, the personal inspection of the ex-Minister of Forests, and the investigations made by the Forests Commission—especially Commissioner Ingle—in regard to the more secure and permanent tenure of the workers' holdings at Powelltown and their desire for a freehold of their homes, he will grant the requests that have been made in this matter.
 2. If he will make a monetary grant for the establishment of the National Arboretum at Mount Dandenong, as recently asked for by a deputation representative of the Mount Dandenong Reserves Committee, the Victorian Tree Planters' Association, and the Victorian Nurserymen's Association.
2. LIEUT.-COL. KNOX : To ask the Honorable the Minister of Agriculture if, in view of the disastrous seasons of 1926–27 (when the thrip plague despoiled the apple and pear orchards) and 1927–28 (when the glut resulted in excessively low prices), and seeing that this year the crop is expected to be less than 10 per cent. of the average, he will—(a) forego the repayments by orchardists of the thrip relief funds due on 1st December, 1928, for another year, (b) allow a postponement of repayment to the Government of moneys due by co-operative cool stores in fruit-growing areas; and (c) allow a postponement of the thrip relief repayments due on 1st December, 1928, to berry-growers whose strawberry crops have not been profitable, and who are not yet in a position to estimate their return from the later berries and small fruits.

5. MR. McADAM . To ask the Honorable the Minister of Railways—

 2. Between what dates did the men specified enter the service of the Railways Commissioners.
 3. What was the number of permanent lad laborers and other employees transferred from other employment to engine-cleaning from 30th June to 30th November, 1928—(a) married men; and (b) single men.
 4. If it is intended to keep the permanent employees transferred from other employment to engine-cleaning in the latter class of employment.
 5. If the permanent employees transferred from other employment to engine-cleaning are kept at that class of employment and pass the examination required for locomotive firemen, will they supersede in seniority and for firing work the supernumerary engine-cleaners who were employed prior to 30th June, 1927.
