NOTES

The tri-ennial election due to be held on 14th July, 1973 was, pursuant to *The Constitution Act Amendment (Conjoint Elections) Act 1972* (No. 8308), held on 19th May, 1973 conjointly with a general election for the Legislative Assembly.

The tri-ennial election due to be held on 26th June, 1976 was, pursuant to *The Constitution Act Amendment (Conjoint Elections) Act 1975* (No. 8798), held on 20th March, 1976 conjointly with a general election for the Legislative Assembly.

Redivision of Provinces.—Under the *Electoral Provinces and Districts Act 1974* (No. 8628), which provided *inter alia* for the redivision of Victoria into Electoral Provinces for the Legislative Council, the total number of Provinces was increased from 18 to 22, each returning 2 Members. The Act also provided that the redivision should not affect those Members due to retire in 1979. Therefore until 1979 the Council shall consist of 40 Members, 18 Members due to retire in that year and 22 Members elected in 1976 and due to retire in 1982.

VICTORIA

LEGISLATIVE COUNCIL

MINUTES OF THE PROCEEDINGS

No. 1

TUESDAY, 7TH MARCH, 1978

1. The Council met pursuant to the Proclamation of His Excellency the Governor, bearing date the twenty-first day of February, 1978, which Proclamation was read by the Clerk and is as follows:—

PROROGUING PARLIAMENT AND FIXING THE TIME FOR HOLDING THE SECOND SESSION
OF THE FORTY-SEVENTH PARLIAMENT OF VICTORIA

PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

WHEREAS the Parliament of Victoria stands adjourned until such day and hour as may be fixed by the President of the Legislative Council and the Speaker of the Legislative Assembly respectively: Now I, the Governor of the State of Victoria, in the Commonwealth of Australia, do by this my Proclamation prorogue the said Parliament of Victoria until Tuesday, the seventh day of March, 1978, and I do hereby fix Tuesday, the seventh day of March, 1978, aforesaid, at the hour of half-past two o'clock in the afternoon, as the time for the commencement and holding of the next Session of the said Parliament of Victoria, for the despatch of business, in the Parliament Houses, situate in Spring Street, in the City of Melbourne: And the Honorable the Members of the Legislative Council and the Members of the Legislative Assembly are hereby required to give their attendance at the said time and place accordingly.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, the twenty-first day of February, in the year of our Lord One thousand nine hundred and seventy-eight, and in the twenty-seventh year of the reign of Her Majesty Elizabeth II, Queen of Australia.

(L.S.) HENRY WINNEKE

By His Excellency's Command

R. J. HAMER,
Premier

GOD SAVE THE QUEEN !

2. APPROACH OF HIS EXCELLENCY THE GOVERNOR.—The approach of His Excellency the Governor was announced by the Usher of the Black Rod.

His Excellency came into the Council Chamber, and the Usher of the Black Rod was commanded to desire the immediate attendance of the Legislative Assembly, who being come with their Speaker, His Excellency was pleased to speak as follows:—

MR. PRESIDENT AND HONOURABLE MEMBERS OF THE LEGISLATIVE COUNCIL :

MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY :

I have called you together at this opening of the Second Session of the Forty-seventh Parliament of Victoria to consider legislative and financial matters of great importance to the people of this State.

Before drawing your attention to details of the Government's programme, it is my pleasant duty to convey to this Parliament the pleasure that Her Majesty The Queen has expressed about the wonderful welcome extended to Her and to His Royal Highness The Duke of Edinburgh on the occasion of their visit to Victoria in March last year. This visit, in the Silver Jubilee year of Her Majesty's reign, was a memorable one, and the public acclaim testified to the loyalty of the people to the sovereign. Later in the year we were pleased to welcome His Royal Highness The Prince of Wales who travelled widely throughout Commonwealth countries in connection with the Silver Jubilee Appeal Fund.

It is however my sad duty to mention the deaths of the following who served so well the citizens of this State :—

the Honourable Sir John McDonald, a former Premier of Victoria.

the Honourable Sir Thomas Maltby, a former Deputy Premier of this State.

Mr. R. M. Vale, Member of the Legislative Assembly for Greensborough, the Honourable J. M. Tripovich, Mr. G. R. Schintler and Mr. A. W. Taylor, former members of this Parliament.

The Government is aware that in the coming months economic issues will continue to be of crucial importance to the welfare of all Victorians.

A number of positive factors is emerging from the current situation—

- Inflation has been reduced to single figures—the December quarter C.P.I. increase was the lowest since June quarter 1973.
- Interest rates have also been cut. Maximum rates on semi-government and local government loans were reduced again during February and building societies and savings banks are bringing down their rates in line with State Government policies.
- Capital investment is increasing—seasonally adjusted figures for the December quarter were 6.7 per cent higher than those for the September quarter 1977.
- Consumer attitudes are more positive than at any time since early 1976. Research conducted by Melbourne University's Institute of Applied Economics and Social Research has shown that people are increasingly optimistic about the future of Australia's economy. This trend should presage an upswing of consumer demand during 1978.
- However, the positive effects of these accomplishments must not be nullified by a resurgence of labour costs. Any such increase would seriously damage the progress made to date.

Victoria has consistently the lowest rate of unemployment in Australia, but it is unacceptably high, especially among young people.

The Victorian Government is actively attacking the problem of youth unemployment and its associated social factors. With the co-operation of industry, other levels of government and the wider community it is confident of improving employment opportunities for young people.

There are four major programmes which the Government is strongly supporting—

1. Apprenticeship Training—Victoria has a record 36,000 apprentices in training.
2. The Youth Job Centre in Melbourne, in conjunction with the Federal Government and employer organizations.
3. The Special Youth Employment Training Scheme of the Federal Government under which up to 1,000 young people are being given training and experience in State Government departments and authorities.
4. The Rural Employment Scheme, making grants for community projects in country centres.

The Government is concerned that the continuing dry conditions are causing hardship for people in many rural areas. The whole of 41 municipalities and parts of ten municipalities have been declared as drought areas. If good general falls of rain do not occur in the next four to six weeks, the effects of the drought will spread.

In conjunction with the Commonwealth, the Government will review in depth the drought situation and relief measures being provided. Currently the range of assistance is —

- Concessional finance for carry-on purposes.
- Subsidies for transport by rail of fodder and livestock.
- Subsidies for transport by road of hay and livestock.
- Emergency water supply measures through the provision of community water bores and allowing landowners to cart supplies of water for stock and domestic purposes from Water Commission channels, reservoirs, rivers and streams.

Irrigation water has enabled farm production to be maintained in irrigation districts. The ability to deliver large volumes of water in the irrigation districts has followed from a continued programme of storage construction, major channel remodelling and other improvements which commenced with the enlargement of Lake Eildon shortly after the Second World War. When the latest major storage at Dartmouth is complete and operational, it will further secure water supplies.

The Government has decided to provide \$100,000 per year for five years towards the cost of further rain-making experiments to be carried out by the C.S.I.R.O. in co-operation with the Department of Agriculture.

In my last speech to you, I pointed out that the Government intended to maintain its emphasis on improving the quality of life of all Victorians. Today I reaffirm this.

Because of the emphasis the Government places on adequate welfare services, it is arranging for a White Paper to be prepared on a wide range of questions about the future of social welfare in Victoria. In preparing the White Paper the Social Welfare Department will conduct the first comprehensive census of children in the State in need of care and protection.

A Community Welfare Service Bill has been presented to the Parliament to promote discussion on important welfare issues. This Bill will be considered in conjunction with the White Paper, and new legislation will be introduced after full consideration of both of these documents.

The Government will continue to develop its programme of community-based youth services including the re-development of existing Youth Training Centres.

Major changes in the correctional services are being put into effect. A high security prison and a hospital are being built at Pentridge. New modern security equipment is being installed, and modifications are being made to "J" Division.

The Government's objective has always been to enable everyone in the State to enjoy adequate housing accommodation, and during this Session it will legislate to give effect to the revised State-Commonwealth 1978 Housing Agreement which, amongst other things, will give increased autonomy to State Authorities. Furthermore, increased emphasis will be placed on the financing and sale of homes to lower income families.

The Government has recently arranged for an additional \$25 million to be made available by the Banks through Co-operative Housing Societies to assist first home buyers. These funds, which will also attract an interest rate subsidy, will enable about 1,000 families to purchase new homes.

In 1976 the Government announced that it was setting up a Building and Development Approvals Committee to recommend measures which would avoid duplication, minimise delays and cut costs in respect of building proposals. It also established an Inquiry to examine means of compensating people adversely affected by planning decisions. Legislation arising out of these reports will be presented to Parliament this Session.

The year 1978 marks the second triennial Arts Victoria Festival, this year being devoted to the crafts. The festival commenced in February and will extend to November and touch most areas of the State in the course of some 500 events. Planning is in hand for the 1981 festival which will be devoted to music.

Improvement of the environment has always been foremost in Government thinking. It now proposes to strengthen the Environment Protection Act in several ways including an improvement of licensing procedures and the fixing of penalties in the case of a person discharging wastes while his licence is suspended.

The Ports and Harbours Division of the Public Works Department has called tenders for dredging equipment to enable the Port Phillip Bay beach re-nourishment programme to continue. The first major work in this programme, the restoring of 1,800 metres of badly eroded beach at Mentone, was completed earlier this financial year. A continuing ten year programme for beach restoration works in Port Phillip Bay is being prepared.

A Bill will be presented to Parliament to provide for the co-ordination of the whole metropolitan public transport system.

A new transport plan is being prepared for Victoria which will bring up to date the 1969 plan for the Melbourne metropolitan area, and include proposals for major transport improvement projects throughout the State.

Work on the Melbourne Underground Rail Loop is on schedule.

The West Gate Bridge and the Johnson Street Bridge will be open to traffic this year.

The Burwood Tramway extension from Warrigal Road to Middleborough Road will be completed in June.

Although global reserves of vital resources of minerals are rapidly shrinking, we are more fortunately situated than many other countries.

The Government has decided to press ahead with the development of the vast brown coal field at Loy Yang to generate electricity for the State. The first generator using coal from this field will commence operating in 1983.

During this Session legislation will be introduced to increase the State Electricity Commission's borrowing powers by 500 million dollars to finance its capital works programme, including the early stages of the Loy Yang project.

The Gas and Fuel Corporation has completed its project for supplying natural gas to the Albury-Wodonga area and to the inland cities of Shepparton, Benalla, Wangaratta and Seymour, thereby significantly aiding the Government's decentralisation programme.

The Government realises the importance of conserving energy. In Victoria an all-Party Parliamentary Select Committee is studying means of conserving energy, calling on experts in the Community and considering such possibilities as the insulation of homes and radically different designs of homes, offices and factories.

The Government is concerned with all alternative energy sources including solar power. It has established the Victorian Solar Energy Research Committee to advise on the contribution solar energy may make.

It was tragically brought home to Australians last month that we are no longer isolated from the world-wide phenomenon of terrorist activities. Consequently part of the Government's legislative programme this term will make adequate provision with respect to hijacking demands, siege situations and bomb hoaxes.

The Government will also legislate to consolidate and amend the law relating to malicious injury to property.

A Bill will be introduced in respect of credit reporting to enable persons to ascertain whether a Credit Bureau has information concerning them, to obtain details of that information and, if necessary, to have it corrected.

The Government has continued to initiate measures to contain the road toll, including the introduction of reflectorised "Garden State" number plates to increase the visibility of vehicles at night. Because of the particular concern about drinking drivers and the road toll, a Committee has been established which is considering, as a matter of urgency, a range of possible further measures to deal with the drinking driver.

The Government is anxious as far as it can to encourage small business and ease its financial burdens. In successive Budgets it has raised payroll tax exemptions to free some 10,000 small businesses from tax. The removal of the Workers Compensation surcharge has also assisted small business. It is proposed to introduce legislation to implement certain recommendations of the Board of Inquiry into Workers Compensation which will reduce premiums still further.

The Victorian Government fully supports the Federal Government policy of bringing down petrol prices in country areas, and will introduce complementary legislation this Session.

Major reports relating to the operation of the Liquor Control Act and the system of Motor Vehicle Accident Compensation will be available for consideration by Parliament shortly.

The *Probate Duty* 1977 abolished probate duty in Victoria on all property passing to children of the deceased in respect of the estates of persons dying on or after the 1st January 1978.

In the light of the decision of the Commonwealth Government to abolish Commonwealth Estate Duty in the case of the estates of persons dying on or after the 21st November 1977, the Government will introduce amending legislation in the current Session to bring the relevant provisions of the State *Probate Duty Act* 1977 into operation from the same date.

Because there exists in many sections of the community a lack of knowledge of the working of the law, the Government has embarked on a major programme of explaining it through the use of pamphlets and the media. This will be especially helpful to ethnic peoples.

Other legislation will be concerned with :

- Modernising and improving the law relating to residential tenancies.
- Regulating the collection of fees of Student Bodies at Victorian tertiary institutions.
- Establishment of a Legal Aid Commission to improve and co-ordinate legal aid services.
- General amendments to the Local Government Act.
- Amendments to the Cluster Titles Act.
- Provision for Municipal Councils to form Regional Refuse Disposal Groups.
- Amendments to the Pounds Act.
- Amendments to the Dog Act, amongst other things, to increase fees and penalties.
- Amendment to the *Fisheries Act* 1968 which, among other things, will provide for two new licences or permits.
- Provision for the establishment of Reference Areas on public land.
- Water catchment protection.
- Provision of soil and water conservation loans.
- Recasting the role of Regional Planning Authorities on the lines of the newly constituted Upper Yarra Valley and Dandenong Ranges Authority.
- Amendments to the *Melbourne Harbor Trust Act* 1958 to clarify regulatory powers, to provide for the change of name of the Trust to the Port of Melbourne Authority, and to increase the Authority's borrowing power.
- Amendments to the *Architects Act* 1958.
- Amendments to the *Marine Act* 1958.
- Amendments to the Real Estate Act.
- Amendments to the Health Act including sewerage farm cattle.

I turn finally to the important matter of ensuring Supply.

MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY :

To enable the services of Government to continue from the first of July next further Supply will be necessary. A Bill for this purpose will be presented to you. It will cover Supply for the first five months of the financial year 1978-79.
