### NOTICES GIVEN ON 10 DECEMBER 2009

- 451 **MS ASHER** — To move, That given the Minister for Women’s Affairs is always quick to criticise actions and comments she believes to be sexist, this House draws to her attention the inappropriate comment made by a ‘myki mate’ to a woman as she stepped on to a tram — the comment being ‘nice tits’ — and urges the Minister to counsel the Minister for Public Transport about this disgraceful, misogynist behaviour and for both Ministers to take action to ensure that ‘myki mates’ treat women with courtesy and respect.
- 452 **DR NAPHTHINE** — To move, That this House congratulates Ginolad, winner of the 2008 Warrnambool Grand Annual Steeplechase, and his connections from south-west Victoria for his 36 length winning jumps race debut in England and notes that this is another great example of Victorian jumps race horses competing successfully on the international stage.
- 453 **DR SYKES** — To move, That in the spirit of Christmas, all members of this House show their genuine commitment to making Victoria a great place to live, work and raise a family by calling upon the Premier to plug the pipe so that people and the environment in dry northern Victoria do not have their precious water pumped to Melbourne, which can meet its water needs by other means.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Documents — Chamber Documents — Notice Papers].*

### NOTICES GIVEN ON 3 FEBRUARY 2010

- 452 **MS ASHER** — To move, That this House condemns the Minister for Water for failing to supply adequate water to sustain Melbourne’s private and public gardens and draws the Minister’s attention to the comments of Mr Neil Robertson, Chief Executive of the Australian Open Garden Scheme, published in *The Age* on 23 January 2010, stating ‘It’s wicked ... We have to change attitudes and need to get people into positions of power. It would make a difference if John Brumby was a keen gardener, or Tim Holding. Then they’d be approaching it with some sympathy.’
- 453 **MR BROOKS** — To move, That this House condemns the Opposition for failing to deliver its promise to deliver a statement to the Parliament on the state of Victorian families, as pledged by the Leader of the Opposition at the Liberal Party State Council in May 2009, confirming that the Leader of the Opposition does not care about Victorian working families.
- 454 **MR WALSH** — To move, That this House condemns the Minister for Consumer Affairs for forcing the Lake Charm Store and Bottle Shop to pay a seven-fold increase in its liquor licence fee when there has never been any issue with alcohol-fuelled violence at the premises and police have never been called.

- 455 **MR BROOKS** — To move, That this House condemns the Victorian Liberal–Nationals Coalition for their negative, misguided and cynical position on the 2009 jobs building state budget, showing how out of touch the Leader of the Opposition is with working families.
- 456 **MR SMITH** (*Warrandyte*) — To move, That this House notes the lack of respect the Premier has for his own Respect Agenda as demonstrated by his acceptance of the Australian Labor Party's personal attacks on the Opposition Leader.
- 457 **MR HODGETT** — To move, That this House condemns John Brumby, the unelected Premier, for ignoring his own Respect Agenda and using ALP dirty smear campaigns to cover up his own failures on the myki ticketing system, his government's lack of action to deal with the growing levels of alcohol-fuelled violence and his soft-on-crime approach.
- 458 **MS VICTORIA** — To move, That this House condemns the hypocrisy of the Premier who, while claiming school aged children need to be taught respect, is content for personal attacks to be made on the Leader of the Opposition by the Australian Labor Party during the campaign for the Altona by-election.
- 459 **DR SYKES** — To move, That this House condemns the Brumby Government for taking water from environmental reserves to pipe to Melbourne when these reserves are crucial to combat outbreaks of blue green algae in the river system and further, that this House notes that the recent outbreak of blue green algae in Reedy Swamp near Shepparton highlights the importance of retaining environmental reserves in the Goulburn System.
- 460 **MR WAKELING** — To move, That this House condemns the hypocrisy of the Premier who, just weeks after appointing a Minister for the Respect Agenda, accepts personal attacks on the Leader of the Opposition to be made by the Australian Labor Party during the campaign for the Altona by-election
- 461 **DR SYKES** — To move, That this House congratulates Mitchell Shire Council for publicly condemning the Premier and stating that the Premier misled the people of Mitchell Shire by going back on his commitment to the Council and the community to only pipe water to Melbourne when Melbourne storages are low.
- 462 **MR TILLEY** — To move, That this House condemns the Premier, who promised to stop dirty, personal smear election campaigns by the ALP, for going back on his word.
- 463 **MR BLACKWOOD** — To move, That this House condemns the Premier for concentrating on personal attacks on the Leader of the Opposition during the campaign for the Altona by-election instead of concentrating on the things that matter to Victorians such as the myki debacle and the rising level of violent crime.
- 464 **MR HODGETT** — To move, That this House notes the Premier's reservations about the performance of his Minister for Police and Emergency Services and the Premier's admission that the Minister is not a strong media performer.

- 466 **MR WELLER** — To move, That this House condemns the Brumby Government for increasing liquor licence fees for bed and breakfasts, wineries, not-for-profit organisations, small country hotels, motels, supermarkets and other liquor licence holders in the Rodney electorate, to supposedly fund extra police when police numbers are actually going to drop in the Campaspe and Moira shires.
- 467 **DR SYKES** — To move, That this House congratulates CFA volunteers from the Dixons Creek and Glenburn Brigades for publicly expressing their disgust at the Brumby Government's attempted politicisation of the CFA by asking local brigade members to be photographed with the Deputy Premier

and the Minister for Water along side fire hydrants on the north-side pipeline, thereby implying CFA endorsement of the much despised project.

### NOTICES GIVEN ON 4 FEBRUARY 2010

- 455 **MRS SHARDEY** — To move, That this House condemns the Brumby Government, and the Minister for Health in particular, for their continued denial of the manipulation of performance data in Victorian public hospitals and the existence of hidden waiting lists, which have been exposed by the Auditor-General, the Paxton Partner's report on the Royal Women's Hospital, and Paul Austin who wrote, in *The Age* on 4 April 2009, that 'Jackson's testimony invites the conclusion that Andrews has not been ignorant about what has been happening on his watch ... but that he has been feigning ignorance.'
- 456 **MR BROOKS** — To move, That this House calls on the Leader of the Opposition to confirm whether he has received any financial benefit from the sale of Laverton Park Primary School while he was State President of the Liberal Party.
- 457 **MR DIXON** — To move, That this House condemns the Minister for Education for not caring about the children and teachers of Heany Park Primary School in refusing to replace the classroom the school lost in a recent fire.
- 458 **MR BROOKS** — To move, That this House calls on the Leader of the Opposition to confirm whether he received any financial benefit from the sale of any Victorian schools while he was State President of the Liberal Party.

- 459 **MRS SHARDEY** — To move, That this House condemns the Brumby Government, and the Minister for Health in particular, for the continued practice of patients being warehoused on hidden waiting lists to hide the poor performance of the Victorian public health system under the current Labor Government.
- 460 **MRS POWELL** — To move, That this House condemns the Brumby Government for trying to solve the alcohol-fuelled violence in Melbourne by imposing extreme liquor licence fee increases on country pubs, sporting clubs, community groups, licensed general stores and other licensed liquor outlets including, but not limited to, the Goulburn Valley Hotel in Shepparton, Undera Hotel, Bullion Bar in Shepparton, Club Rawhide in Shepparton, Victoria Hotel in Tatura, Pine Lodge Pistol Club, Katandra West Bowling Club and Central Park Tennis Club, thereby crippling these country businesses and community and sporting groups.
- 461 **MR DIXON** — To move, That this House condemns the Premier for making the position of Minister for Education a part-time position following his recent reshuffle, noting that this action flies in the face of his mantra that education is his Government's number one priority.
- 462 **MRS SHARDEY** — To move, That this House condemns the Brumby Government, and the Minister for Health in particular, for the shocking failure of the Victorian public health system to appropriately treat the late Mr Jack Smith, and calls on the Minister for Health to immediately make the result of his promised review of Mr Smith's case public on its completion and not hide it.
- 463 **MR DELAHUNTY** — To move, That this House condemns the Brumby Government for its decision to introduce a new liquor licence fee system with massive increases in fees impacting on the viability of many hotels, general stores, bed and breakfasts, and sporting and community clubs, which will have a flow on effect of loss of businesses, loss of jobs, loss of venues for musicians and loss of entertainment for the people of Lowan and particularly the youth in western Victoria.
- 464 **DR SYKES** — To move that This House congratulates the Wangaratta Branch of the Victorian Farmers Federation which passed a motion registering members' displeasure at the Premier's broad television statement, in early November 2009, that all farmers are having a good season, when many farmers are still battling tough seasonal conditions and lack of stock water, and condemns the Premier for his disconnect with country Victorians and his callous disregard for their financial and emotional wellbeing.
- 465 **MR DELAHUNTY** — To move, That this House calls on the Brumby Government to support the Horsham Rural City Council in its call to cull the huge corella numbers as these birds are causing damage to the environment and private property and creating noise pollution, which impacts greatly on residents and tourist in the region.
- 466 **DR SYKES** — To move, That this House condemns the Brumby Government for its planned takeover of the clubrooms of the Mokoan Yacht Club without offering one cent of compensation for this asset, built by club members, and condemns the Premier for yet another example of his callous contempt for the people of the Broken Valley, whose future has been left high and dry by the ill-conceived decision to decommission Lake Mokoan.
- 467 **DR SYKES** — To move, That this House condemns the Brumby Government for its duplicitous behaviour in introducing into the Parliament the Public Finance and Accountability Bill 2009, which purports to increase the accountability and transparency of government but contains no sanctions for non-compliance, thereby allowing the Government to continue its secretive approach to major projects such as the Foodbowl Modernisation Project, for which they are yet to make public a summary of the business case.

### NOTICES GIVEN ON 23 FEBRUARY 2010

- 466 **DR SYKES** — To move, That this House condemns the Premier for turning on the north–south pipeline to drain the life-blood from northern Victorian families, and the environment, to supply Melbourne which already has two years' supply of water in storage.
- 467 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for planning to legislate for all licensed venues to provide free water for all patrons to help reduce the potential for drunken trouble in the pubs, clubs and streets of Victoria.

- 468 **MR TILLEY** — To move, That this House congratulates the Leader of the Opposition for taking the initiative to tackle systemic corruption in Victoria by hosting the Victorian Anti-Corruption Conference, on 21 February 2010, as a necessary precursor to establishing an independent, broad-based anti-corruption commission after the November 2010 State Election.
- 469 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for its commitment to reduce public housing waiting lists for our most vulnerable residents in the north-west, where the waiting list has fallen by 0.4 per cent for the December 2009 quarter.
- 470 **MRS POWELL** — To move, That this House condemns the Brumby Labor Government for its unsuccessful attempt to address the extreme liquor licence fee increases in begrudgingly informing liquor licence holders that they could apply for a reduction in fees under hardship provision only to then reject the majority of these applications, thereby crippling small businesses and community and sporting groups in country Victoria.
- 471 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for attracting Carbon Expo Australasia to Melbourne, which will provide Victorian businesses better opportunities to reap the benefits that will flow from the challenge of climate change.
- 472 **MR TILLEY** — To move, That this House condemns the Brumby Labor Government for failing, after 10 years in office, to address systemic, widespread corruption in Victoria through its failure to establish an independent, broad-based anti-corruption commission.
- 473 **DR SYKES** — To move, That this House condemns the Premier for his continuing deceit of Victorians by claiming, when he opened the north-south pipeline, that it was fully operational when in fact Melbourne Water's own figures confirm that between 10 and 19 February 2010 only 0.4 billion litres of water has been pumped, well below the average amount needed to deliver the 75 gegalitres of water per year promised by the Premier.
- 474 **DR SYKES** — To move, That this House condemns the Brumby Government for its grossly incompetent handling of its ill-conceived massive hike in liquor licence fees and the turmoil it has caused liquor licensees by putting at risk the livelihoods of many small businesses and not-for-profit organisations.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Documents — Chamber Documents — Notice Papers].*

### NOTICES GIVEN ON 24 FEBRUARY 2010

- 462 **MR RYAN** — To move, That this House condemns the Brumby Labor Government for imposing inequitable, unjust and random increases in liquor licensing fees upon a variety of small businesses across both Melbourne and regional Victoria, including Nikolina's Florist and Gifts of Leongatha, a business facing a 427 per cent increase in fees, and calls upon the Government to abandon this punitive and unfair impost and to implement a system which is structured around the actual risk of violence occasioned by the operation of each business.
- 463 **DR SYKES** — To move, That this House condemns the Brumby Government for its failure to deliver on its commitments that education is its number one priority and that it governs for all Victorians, as evidenced by Year 12 completion rates of country students falling to 65 per cent, well below the State average of 88 per cent, and further, this House notes that the best the Brumby Government can offer after 10 years in Government is to announce that they are going to release a plan to address the problem.
- 464 **MR JASPER** — To move, That this House condemns the actions of the Liquor Licensing Authority in their across-the-board increases to licence fees imposed from 1 January 2010, and their lack of consideration of the anomalies and inequities in the system and calls on the Minister to act immediately to correct the obvious injustices to protect a critical industry for the State of Victoria.
- 465 **MR WELLER** — To move, That this House condemns the Brumby Government for charging the Leitchville Footballers Cricket Club \$300 so members can have a cold drink at the end of a day's play.
- 466 **MR DELAHUNTY** — To move, That this House condemns the Brumby Government for the financial impost imposed by the new liquor licence fees on small business, sporting and community groups, such

as the Streatham and Haven General Stores and Dartmoor and Jeparit Bowling Clubs, and calls on the Government to act immediately to reduce the financial burden impacting on their sustainability to allow them to continue to provide services to their communities and social activities for members and visitors to their venues.

- 467 **MR WELLER** — To move, That this House notes the actions of Australia Post in downgrading mail services in country areas of Victoria and condemns the Brumby Government for failing to act to prevent Australia Post management from cancelling the country network interchange runs between Bendigo–Seymour, Bendigo–Ballarat and Ballarat–Geelong, which will result in a large proportion of the mail only being delivered after two days.
- 468 **MR RYAN** — To move, That this House condemns the Brumby Government and, in particular, the Minister for Planning for approving a height increase of 25 metres to 135 metres to the wind turbines within the proposed Bald Hills wind farm without prior notice or consultation with the South Gippsland community and calls on the Government to reconvene the EES process so that the many people impacted upon by the substantive amendment to the project have the opportunity to be heard on the issue rather than being ignored and having their rights trampled upon by the arrogant Brumby Labor Government.
- 469 **MR DELAHUNTY** — To move, That this House condemns the Brumby Government for its lack of support for the Rock Eisteddfod, which has been cancelled, and calls on the Government to immediately support the Liberal-Nationals policy and give \$800,000 over four years to this music, dance and drama spectacle involving Victorian students.
- 470 **MR WELLER** — To move, That this House condemns the Brumby Government for overlooking a glaring mistake on page 153 of the *Northern Region Sustainable Water Strategy* which states that under medium climate change, North East Water's average supply yield of 1,943 megalitres could decrease to 1.542 gigalitres.
- 471 **MR DELAHUNTY** — To move, That this House notes with grave concern the antisocial behaviour and personal attacks on people in Jeparit and calls on the Brumby Government to provide sufficient police numbers to enable a police presence and quicker response time in attending incidents to ensure the safety of the Jeparit community.

- 469 **MR TILLEY** — To move, That this House calls upon the Minister for Roads and Ports to fully explain in the House any discussion he has had, whether in his role as Member for Tarneit or Minister for Roads and Ports, or in his previous role as chief of staff to the former Premier, Steve Bracks, with — (a) any person subject to covert surveillance by Victoria Police and/or the Office of Police Integrity; and (b) any person not authorised to have such covert surveillance information under various Victorian Acts.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Documents — Chamber Documents — Notice Papers].*

### NOTICES GIVEN ON 9 MARCH 2010

- 467 **MR DELAHUNTY** — To move, That this House notes the loss of the 2010 Victorian Rock Eisteddfod, which will impact on approximately 7,500 students, their teachers and families, and condemns the Brumby Labor Government for delaying its adoption of the Victorian Liberal-Nationals Coalition's policy to provide extra funding until it was too late to save this iconic event for 2010.

- 468 **DR SYKES** — To move, That this House calls upon the Premier and the Minister for Water to apologise to the people of Victoria for their failure, during a decade in Government, to build the necessary infrastructure to capture more of the hundreds of billions of litres of water which flooded the streets of Melbourne and then flowed into the sea over the 2010 Labour Day weekend and further, this House calls upon the Premier and the Minister to plug the north–south pipe so that the much needed rain in northern Victoria can be fully utilised there for the environment and to produce food for the benefit of all Victorians.
- 469 **DR SYKES** — To move, That this House condemns the Minister for Water for visiting the electorate of Benalla to breach the wall of Lake Mokoan to finalise the seven-year decommissioning of the Lake and further, this House calls on the Minister, on behalf of the people of the Broken Valley, to plug the wall and save Lake Mokoan.
- 470 **MR DELAHUNTY** — To move, That this House condemns the Brumby Labor Government for imposing an inequitable and unjust increase in liquor licensing fees upon community and sporting groups across Victoria, including those in Lowan electorate such as the Rainbow, Casterton, Lake Bolac and Goroce golf clubs, many football, netball and cricket clubs and the Jeparit and Dartmoor bowling clubs, noting that these clubs now have to pay increases of up to 400 per cent and calls upon the Government to abandon this unfair impost on these clubs which will impact on their ability to provide facilities for participation in sport and recreation in their communities.
- 471 **MR JASPER** — To move, That this House condemns the Government for the continuing chaos in the liquor industry with the imposition of massive licence fee increases and calls on the Minister for Consumer Affairs to immediately review the excessive charges, not only for hotels, but also for sporting clubs, whose very existence in local communities is being threatened by these charges which are payable by 21 January 2010.
- 472 **DR SYKES** — To move, That this House condemns the Brumby Government for its grab for cash, thinly disguised as a risk-based liquor licence fee, which is having a significant, negative impact on not-for-profit clubs such as the Myrtleford Squash Club whose players consumed \$120 worth of beer in 2009 but whose fees increased from \$97 to \$397 and, further, this House calls upon the Brumby Government to immediately stop these increases, consult with affected licensees and come up with an equitable, truly risk-based liquor licence fee structure.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Documents — Chamber Documents — Notice Papers].*

### NOTICES GIVEN ON 25 MARCH 2010

- 464 **MRS SHARDEY** — To move, That this House condemns the Minister for Health for not making representations to his Labor colleague, the federal Minister for Health, to ensure that a licence is granted to allow public patients to access the MRI and other radiology machines, worth some \$5 million, which are currently lying unused and gathering dust at Frankston Hospital, thus forcing patients to wait to use private hospital machines and face the possibility of large out of pocket expenses.
- 465 **MR WALSH** — To move, That this House condemns the Brumby Government for imposing a huge increase in liquor licence fees on the St Arnaud Country Club from \$170.30 to \$795.00 and then callously rejecting the application for a reduction in that fee based on hardship.
- 466 **DR SYKES** — To move, That this House condemns Premier John Brumby for his secret state approach to protestors exercising their democratic right to object to his outrageous and inequitable water policies and, in particular, condemns Premier Brumby for authorising a multinational consortium to spy on protestors and sanctioning involvement of Victoria Police's anti-terrorism unit to gather pre-emptive intelligence on innocent people.
- 467 **MR WELLER** — To move, That this House condemns the Brumby Government for charging the Nanneella General Store a \$1,500 a year liquor licence fee when it only sells six slabs a week.
- 468 **MR THOMPSON** (*Sandringham*) — To move, That this House condemns the Brumby Government for its impost on not-for-profit sporting clubs and senior citizens of Victoria through the unjust raising of liquor licence fees, noting that Bayside Bowling Clubs and other sporting venues with no record of violence are being forced to pay increases totalling thousands of dollars to subsidise belated Brumby Government attempts to regulate late night city venues with histories of violence and over consumption of alcohol.

- 469 **MR CRISP** — To move, That the Brumby Government be condemned for failing to address new meter anomalies in the rollout of smart meters, noting that some consumers have been charged up to \$170 for a new meter only to find their next bill also involves a charge for a smart meter
- 470 **DR SYKES** — To move That this House notes that the Premier has vowed to make sure that there are no circumstances in which Melbourne would ever have to go back to Stage 3a or to Stage 4 water restrictions and, further, this House condemns the Premier for pledging this at the expense of the people and the environment in northern Victoria by piping, at great expense, water from Victoria's dry north to Melbourne, whose water needs can be met by other means.
- 471 **MR THOMPSON** (*Sandringham*) — To move, That this House condemns the Brumby Government for its failure to provide adequate signage and enforce laws relating to no boating zones at Mentone Beach.
- 472 **MR THOMPSON** (*Sandringham*) — To move, That this House condemns the Brumby Government for its failure to monitor its energy saver incentive whereby participating businesses are providing energy efficient compact fluorescent lamps to Victorian homes, which have subsequently exploded causing great distress to senior Victorians.

- 472 **MR DIXON** — To move, That this House condemns the Minister for Education for the Department of Education and Early Childhood Development’s bungled handling of the Building the Education Revolution that has seen months of disruption at Badgers Creek Primary School, with only a builder’s fence to show for months of construction progress.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Documents — Chamber Documents — Notice Papers].*

### NOTICES GIVEN ON 10 JUNE 2010

- 455 **MR JASPER** — To move, That this House condemns the Government for supporting the actions of Parks Victoria in proposing to cancel the grazing licences for land fronting the Murray River by 2014 and notes that this will lead to uncontrolled wilderness developing on land which has been managed effectively by adjacent land owners for decades.
- 456 **MR LIM** — To move, That this House congratulates the Brumby Labor Government for investing \$9.5 billion in job-creating infrastructure in 2009–10, which is being felt across the state, helping to grow the economy, create thousands of jobs and keep confidence high.
- 457 **MR DIXON** — To move, That this House condemns the Minister for Education for her bungled handling of the Building the Education Revolution program, noting that after a 12 month wait for construction to start the Colbinabbin Primary School, the president of the school council said that he was extremely frustrated over the lack of transparency on specific costings.
- 458 **MR LIM** — To move, That this House notes the CEO of the Victorian Employers' Chamber of Commerce and Industry Wayne Kayler-Thomson's endorsement of the 2010–11 Budget.
- 459 **MRS POWELL** — To move, That this House condemns the Brumby Government for its mismanagement of the Food Bowl Modernisation Project and the north–south pipeline, as confirmed by the Auditor-Generals *Irrigation Efficiency Programs* report tabled on 9 June 2010.
- 460 **MR LIM** — To move, That this House notes that private business investment in Victoria recorded a sharp rise of 14.7 per cent since June 2009, the largest increase of all the states, and further notes that since 2000 Victorian business investment has grown at an average annual rate of 8.1 per cent.
- 461 **MR DIXON** — To move, That this House notes with concern that the school community of Donald Primary School had no say on their Building the Education Revolution project, could not use local builders and were given a project that they did not want and which has not even started.
- 462 **MR LIM** — To move, That this House congratulates the Brumby Labor Government for its significant achievement in exporting a total of \$21 billion in merchandise goods in 2008–09, including the rise in the value of international services exports by 6.3 per cent in to \$12.7 billion.
- 463 **MRS POWELL** — To move, That this House condemns the Brumby Government for deliberately deceiving Goulburn-Murray irrigators by claiming false water savings, which can now only be achieved by social engineering and partial closure of the Goulburn-Murray water system, and notes that 60 per cent

of the system will either be closed down or handed back to irrigators to bear the full cost, effectively privatising some parts of the Goulburn-Murray irrigation system.

- 464 **MR DIXON** — To move, That this House congratulates the principal of Wendell Primary School who on receiving a \$3 million shell under the Building the Education Revolution program noted that if the school had been given the money it would have been able to manage the building itself, select its own builders and get a building with a high quality fit out.
- 465 **MR WELLER** — To move, That this House condemns the Premier and the Minister for Water for misleading the House over claimed water savings through the Northern Victoria Irrigation Renewal Project.
- 466 **MR THOMPSON** (*Sandringham*) — To move, That this House acknowledges the — (a) long term relationship between Victoria and Jiangsu Province, China; (b) role of Victoria as the education centre for thousands of students of Chinese heritage; (c) contribution of many Victorians of Chinese heritage to the success of Victoria's cultural, social, economic and wider community life; (d) close relationship of many members of the Victorian Parliament with the international Chinese community; and (e) visits of Victorian parliamentary groups to China and, consequently, calls on the Prime Minister to provide an explanation or apology to Australians of Chinese heritage, the people of Jiangsu Province, China and the Australian community for his alleged offensive, intemperate and expletive-ridden language towards China, reported by David Marr in his quarterly essay *Power Trip: The Political Journey of Kevin Rudd*.
- 467 **DR SYKES** — To move, That this House congratulates the office of the Auditor-General for its professionalism and dogged pursuit of the truth in the conduct of its inquiry into the north-south pipeline and Food Bowl Modernisation Project and calls on the Premier to explain the findings of the Auditor-General's *Irrigation Efficiency Programs* report.
- 468 **DR SYKES** — To move, That this House congratulates Jan Beer for her steadfast pursuit of the truth in relation to the north-south pipeline, in spite of being treated like a criminal or political dissenter by the Brumby Government and, further, congratulates other members of the Plug the Pipe Group for their actions in spite of being criticised by the Premier.
- 469 **DR SYKES** — To move, That this House condemns the members of the Government's backbench for its failure to speak out against the north-south pipeline and, in particular, for failing to follow the lead of the Mansfield branch of the ALP which, under president and former chairman of Goulburn-Murray Water Don Cummins, wrote to the Premier in 2009 calling on him to plug the pipe.
- 470 **MR DELAHUNTY** — To move, That this House notes the concerns raised by Mark and Robyn Tonissen, representing carer families in the Hamilton region, that the despair and desperation which haunts families caring for children with a disability or mental illness has been ignored, as there are very limited opportunities to access respite, including the dilemma of mixed sexes and appropriate care for varying ages and ranges of physical and mental functionality, and condemns the Brumby Government for not providing funding in the 2010-11 budget for new supported accommodation for vulnerable western Victorians.
- 471 **DR SYKES** — To move, That this House invites the Minister for Water to read to the Chamber, as he did in relation to the Auditor-General's report on Lake Mokoan, from the Auditor-General's report on the north-south pipeline and the Food Bowl Modernisation Project.
- 472 **DR SYKES** — To move, That this House supports a judicial inquiry into the Brumby Government's management of water projects in Victoria, including investigation of — (a) the commitment of \$2 billion without a detailed cost benefit analysis or a business case; (b) doubt surrounding the estimates of real water savings likely from the projects; (c) the decision to build the north-south pipeline before the Government had secured legal access to the water; (d) the decision to proceed with the Food Bowl Modernisation Project on the basis of advice from a non-representative stakeholder group; (e) the extensive rationalisation of the Goulburn-Murray Water system; (f) media reports that Labor operatives are buying up large tracts of farm land in northern Victoria's irrigation areas; (g) privacy concerns

surrounding the extensive surveillance of north–south pipeline protesters; (h) concerns about the accuracy of auditing practices which assume uniform losses despite known variances; (i) the awarding of the major contract for the provision of automated channel control technology outside of normal government tendering process; and (j) evidence the Department of Sustainability and Environment created its own set of water inflow forecasts using the years 2004–06, rather than basing them on the past 10 years.

473 **DR SYKES** — To move, That this House calls on the Premier to stop the north–south pipeline.

### NOTICES GIVEN ON 22 JUNE 2010

- 466 **MR DELAHUNTY** — To move, That this House congratulates the Liberal-Nationals Coalition on giving local communities the opportunity to drive local projects under the \$1 billion Regional Growth Fund and condemns the Brumby Labor Government under which all decisions on local projects are made by Melbourne departmental head offices.
- 467 **MR THOMPSON** (*Sandringham*) — To move, That this House calls on Brumby Government ministers to staff the turnstiles at Richmond Station on 2010 AFL grand final day in order to witness first-hand the failures of the myki ticketing system experienced by travellers, including the failure to swipe on and off at Richmond Station.
- 468 **MS CAMPBELL** — To move, That this House condemns the Liberal-Nationals Coalition and its Treasury spokesman, the Member for Scoresby, for ‘trash talking’ the Victorian economy by claiming and foreshadowing a recession when in fact its 6.6 per cent economic growth was the best of any Australian state.

---

\* *New entry.*

- 469 **DR SYKES** — To move, That this House condemns the Premier and his city-centric Government for attempting to mislead country Victorians with the Blueprint for Regional Victoria which is primarily a mixture of rebadged funding commitments, packed with self congratulations and spin, and which fails to deliver to people living outside Melbourne and the provincial cities, unlike the Coalition's \$1 billion package which benefits all people living throughout rural and regional Victoria.
- 470 **MS CAMPBELL** — To move, That this House condemns the Liberal-Nationals Coalition for refusing to reveal where it will build a new dam, if ever they were elected to Government, after ruling out building a dam on the Mitchell River.
- 471 **MR THOMPSON** (*Sandringham*) — To move, That this House calls upon the Brumby Government to change its confused approach towards traffic management on Beach Road and, in particular, directs the attention of the House to the failure of the Brumby Government to — (a) enforce road traffic regulations relating to cyclists riding more than two abreast; (b) enforce the implementation of a cyclists code of conduct requiring peloton sizes to be not more than 20 riders; and (c) provide adequate parking on Beach Road for foreshore visitors, lifesaving club personnel, recreational anglers; and staff of local businesses.

- 474 **MS CAMPBELL** — To move, That this House condemns the Liberal-Nationals Coalition for criticising the Brumby Labor Government's regional blueprint launched at Maryborough when it has no policies of its own and notes that it was the Coalition which shut down the Maryborough train line in 1993.
- 475 **MR THOMPSON** (*Sandringham*) — To move, That this House condemns the Brumby Government for its failure to consult with all relevant stakeholders in relation to the proposed establishment of a clearway along Beach Road and for its failure to substantially improve compliance with Victorian road regulations and the cyclists code of conduct following the death of pedestrian Mr James Gould in 2006.
- 476 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for the creation of over 113,000 jobs since June 2009, the best of any state and the best Victorian result since 1990.
- 477 **DR SYKES** — To move, That this House condemns the incompetent Brumby Government for its failure to adequately manage the Food Bowl Modernisation Project as reported by the Auditor-General's *Irrigation Efficiency Programs* report.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Documents — Chamber Documents — Notice Papers].*

### NOTICES GIVEN ON 23 JUNE 2010

- 478 **MS ASHER** — To move, That this House condemns the Minister for Public Transport for failing to manage the public transport system which has resulted in delays and cancellations on the Sandringham

train line and calls on the Minister to explain to commuters on that train line why they should continue to patronise the unreliable Sandringham line train service.

- 479 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for its plans to build a multimillion dollar train maintenance facility in Craigieburn that will include housing for 17 trains, maintenance train roads and a new train wash plant using water captured off the building's roof.
- 480 **MS ASHER** — To move, That this House condemns the Minister for Police and Emergency Services for closing the Brighton Police Station and for his intention to sell off two blocks of valuable Brighton real estate and remove basic police services from the Brighton area.
- 481 **MS CAMPBELL** — To move, That this House condemns the Liberal-Nationals Coalition and the Leader of the Opposition for attacking the integrity of Victoria Police for political gain by suggesting that it deliberately manipulates statistics.
- 482 **MRS POWELL** — To move, That this House condemns the Minister for Public Transport and the Victorian Taxi Directorate for their lack of response to an application from Greater Shepparton Taxis for a multipurpose taxi, which was lodged in October 2009, noting that this lack of response severely restricts access and availability of appropriate transport for people with a disability or mobility impairment and calls on the Minister to direct the Victorian Taxi Directorate to urgently respond so that people with a disability in the Shepparton District are not disadvantaged.
- 483 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for its \$240,000 initiative to encourage families in disadvantaged areas in the Northern Metropolitan Region to access early childhood services.
- 484 **MR DIXON** — To move, That this House condemns the Minister for Education on her appalling handling of the Building the Education Revolution program, noting that Hopetoun Primary School has had to wait months for any information as to when its project will commence, causing great disruption to the school's education program.
- 485 **MS CAMPBELL** — To move, That this House condemns the Leader of the Opposition's plan to fine parents \$116 every day their child misses school without a good excuse, proving that the Liberal-Nationals Coalition is completely out of touch with the issues facing Victorian families.
- 486 **MR DIXON** — To move, That this House congratulates the Langwarrin Primary School community who stood up to the Minister for Education and through persistence obtained a Building the Education Revolution project that was useful for their school rather than a top down, imposed project which would not meet that school's needs.
- 487 **MS CAMPBELL** — To move, That this House condemns the Liberal-Nationals Coalition for its proposed Regional Growth Fund, which would see \$1.1 billion slashed in funding from regional and rural schools, hospitals and vital infrastructure in its first four years if elected to government.
- 488 **MR DIXON** — To move, That this House condemns the Brumby Government for its bungled Building the Education Revolution program implementation noting that, due to inflexible design options, Menzies Creek Primary School had to build its project on top of a massive landfill site which resulted in hundreds of trees being cut down and neighbours of the school having their amenity severely affected.
- 489 **MR JASPER** — To move, That this House condemns the Government together with Harness Racing Victoria and Greyhound Racing Victoria for the removal of these two racing bodies from the Rural City of Wangaratta and calls for an immediate review and assessment of trotting and greyhound racing in order to reinstate them to Wangaratta's Avian Park to service north eastern Victoria where racing has been so successful in earlier years with strong local support.
- 490 **MR NORTHE** — To move, That this House condemns the Minister for Water for refusing to publicly release the findings of the Deloitte review that is being undertaken to investigate cost blowouts associated

with the Gippsland Water Factory and calls upon the Minister to advise Gippsland Water ratepayers of these findings, once complete, given that these same ratepayers have contributed a substantial amount of money to this project through their water rates.

- 491 **MR WELLER** — To move, That this House condemns the Brumby Government for its misleading Blueprint for Regional Victoria which proposes an action plan to boost local jobs, although the plan will, in effect, take 100 jobs along with 75,000 megalitres of water down the north–south pipeline to Melbourne from northern Victoria.
- 492 **DR SYKES** — To move, That this House condemns the Brumby Government for its most recent sleight of hand in relation to water savings whereby it has claimed that future non-use of Eildon water quality reserve is a water saving.
- 493 **MR THOMPSON** (*Sandringham*) — To move, That this House supports the calls of the people of Sandringham for the Brumby Government to make a genuine commitment to increased stormwater capture and wastewater recycling to meet Melbourne’s water needs and to immediately stop stealing water from dry northern Victoria.

### NOTICES GIVEN ON 28 JULY 2010

- 483 **MS CAMPBELL** — To move, That this House notes that babies born at 26–28 weeks have a very high chance of survival if given care and notes Kimberlee Johnston’s story in the *Herald Sun* of 27 July 2010 in which a child born at 27 weeks in 1983 and receiving life saving treatment in the neonatal intensive care unit returned to the hospital that cared for her.
- 484 **MR DELAHUNTY** — To move, That this House condemns the Brumby Government for being soft on crime leading to assaults and antisocial behaviour reaching record levels, with assaults rising by 70 per cent.
- 485 **MS DUNCAN** — To move, That this House congratulates the Brumby Labor Government for its positive action and leadership on climate change.
- 486 **MR DIXON** — To move, That this House condemns the Minister for Education for her inept handling of the Building the Education Revolution program noting that Mt Martha Primary School, which was entitled to a \$3 million grant, was bullied into accepting only \$850,000, which will buy two relocatable classrooms when the growing school urgently needs more permanent classrooms.
- 487 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for its Aboriginal Development Strategy, which will provide real opportunities and jobs for indigenous Victorians and will go a long way to closing the gap.
- 488 **MR DELAHUNTY** — To move, That this House condemns the Brumby Government for its lack of community consultation regarding the roll out of smart meters, in particular, for how residents have been informed of the installation of the smart meters, the cost of the smart meters and over what period electricity users would have to pay for the smart meters.
- 489 **MS CAMPBELL** — To move, That this House condemns the Leader of the Liberal–Nationals Coalition for his support of the Howard Government’s WorkChoices monstrosity, highlighting that he has difficulty with every Australian’s right to a fair day’s pay for a fair day’s work.
- 490 **MR DIXON** — To move, That this House condemns the Brumby Government for its bungled implementation of the Building the Education Revolution program, which saw Murtoa College’s education programs severely affected by the 12 month delay in getting its project off the ground.

- 492 **MR DIXON** — To move, That this House notes the Building the Education Revolution program debacle at Oatlands Primary School where \$1 million was taken from the school and, with no consultation, was forced by the Minister for Education to build a new gym despite the fact it already had one.

- 494 **DR SYKES** — To move, That this House condemns the Brumby Government for its failure to provide essential infrastructure and services for families living in regional Victoria to enable them to enjoy the same standard of living which people living in metropolitan Melbourne take for granted.
- 495 **MRS FYFFE** — To move, That this House condemns the Minister for Housing for his extreme tardiness in providing a response, signed on 7 July 2010 but only provided on 27 July 2010, to a question on notice asked on 8 October 2008 regarding the removal of dangerous trees on a government owned property in Gary Court, Lilydale and notes that the Department's incompetence is just another example of this tired and lazy Government.
- 496 **DR SYKES** — To move, That this House condemns the Minister for Water for including Lake Eildon as a water source for Melbourne, leading to tougher restrictions on development around the Lake thereby impacting on the economic development of the financially stressed, small rural councils of Mansfield and Murrundindi.

##### NOTICES GIVEN ON 29 JULY 2010

- 495 **MRS POWELL** — To move, That this House condemns the Brumby Government for its inability to support and provide leadership to rural councils who are struggling with small populations, large geographic areas and ageing infrastructure, for sending much needed water from the food bowl of Australia to Melbourne thereby massively increasing water costs and decreasing availability, and for exposing country Victorians to risk due to shortages of police, paramedics and hospital beds.

- 496 **MS CAMPBELL** — To move, that this House congratulates the Brumby Labor Government for providing an additional \$260 million to its regional infrastructure development fund, taking the total government allocation to \$884 million in 2010–11, to boost regional job creation, business investment and community pride.
- 497 **MR DIXON** — To move, That this House condemns the Minister for Education for her bungled handling of the Building the Education Revolution program as illustrated by the fact that Rye Primary School had to forego its \$3 million grant because the ‘cookie-cutter’ template did not fit into the school grounds and notes that when the school offered to take a smaller template it was told it could not because its school population was too large.
- 498 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for waiving entry fees to national and metropolitan parks to increase the number of visitors and therefore the number of people who appreciate these invaluable ecological sanctuaries.
- 499 **MR DIXON** — To move, That this House congratulates the community of Manifold Heights Primary School which was brave enough to declare that its bungled Building the Education Revolution project looked like Barwon Prison, was bureaucratic idiocy and a dreadful waste of money and, further, notes the school council president’s comment that the school would be worse off than it had been before.
- 500 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for the Victorian Renewal Energy Target, which supports \$2 billion of investment and 2,000 jobs in regional economies.
- 501 **MR DIXON** — To move, That this House condemns the Brumby Government for its bungled implementation of the Building the Education Revolution, as illustrated by Canterbury Primary School principal’s comments that the school’s project was characterised by impossible deadlines, long periods of waiting and little communication with the school and that schools and principals have been deliberately excluded from the process.
- 502 **MS CAMPBELL** — To move, That this House condemns the Liberal–Nationals Coalition, which opposed the Regional Fast Rail, Channel Deepening Project, new Equal Opportunity Bill, Food Bowl Modernisation Project and Victorian Renewal Energy Target.
- 503 **MR JASPER** — To move, That this House condemns the Government for its lack of action in undertaking major renovations to the Wangaratta Court House, where part of the heritage buildings are closed due to health and safety defects, and calls on the Attorney-General to immediately direct the renovations to be undertaken to restore the iconic buildings so that full court operations can resume for this critical court serving north eastern Victoria.
- 504 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for the \$13.6 million Coastal Settlements of the Future initiative, part of the Ready for Tomorrow program, that will deal with the specific impacts of climate change on particular coastal communities.
- 505 **MR WELLER** — To move, That this House condemns the federal Minister for Climate Change, Energy Efficiency and Water for refusing to release the findings of the Murray Darling Authority Sustainability Diversion Limits report until after the federal election on 21 August 2010.
- 506 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for its record investment in public and social housing to deliver 6,500 new homes.
- 507 **MR THOMPSON** (*Sandringham*) — To move, That this House calls upon the Minister for Police and Emergency Services to immediately release the figures relating to the incidence of fines from red light cameras on right turning traffic into Bay Road at the intersection of Bay Road, Karen Street and the Nepean Highway in response to multiple questions on notice asked since April 2009 and notes that the intersection has taken millions of dollars out of the Bayside and Kingston communities from otherwise law abiding motorists who, in many cases, had previously unblemished driving records.

- 508 **MS CAMPBELL** — To move, That this House condemns the Liberal–Nationals Coalition for failing to produce a viable solution to provide new homes for low-income and vulnerable Victorians.
- 509 **DR SYKES** — To move, That this House condemns the Brumby Government for continuing to recite the slogan about making Victoria a great place to live, work and raise a family without delivering on this commitment to people in country Victoria.
- 510 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for its \$5 million partnership with Yarra Community Housing which saw the opening of Munro Manor in Coburg, a 24-unit affordable housing project that will help ease the squeeze on rooming houses in the Moreland area.

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 1 SEPTEMBER 2010

- 480 **MS BEATTIE** — To move, That this House congratulates the Craigieburn and District First Response Team for their terrific volunteer service to the Craigieburn and wider community, in particular their free teaching of first aid, fundraising for local ambulance crews and their provision of a Community Emergency Response Team that provides emergency medical first aid to patients.
- 481 **DR NAPHTHINE** — To move, That this House congratulates all jumps racing stakeholders on the success of the 2010 jumps racing season with the new jumps delivering competitive and exciting racing with significantly improved safety outcomes and urges the Brumby Labor Government and Racing Victoria Limited to provide a long-term commitment to the future of jumps racing in Victoria.
- 482 **MRS POWELL** — To move, That this House condemns the Brumby Government for its mismanagement of major projects which has increased the cost of living for all Victorians caused by higher electricity prices, higher water costs and higher municipal rates, and reduced the standard of living because of public transport disruptions, stretched hospital services and water restrictions.
- 483 **MR DIXON** — To move, That this House condemns the Minister for Education on the bungled Building the Education Revolution program which saw Skipton Primary School receive a 13 square multipurpose room at a cost of \$800,000 which included a one metre drop with no stairs, no door on the kitchen, no stove in the kitchen, no landscaping and is eight months late.

- 484 **MR DELAHUNTY** — To move, That this House express its dismay that over the 11 years of Labor Government the cost of living for Victorian families has increased significantly in the areas of electricity, water and council rates.
- 485 **MR DIXON** — To move, That this House condemns the Brumby Government's mishandling of the Building the Education Revolution program noting Willmott Park Primary School's concern that it was given no details of the project or its cost, that project managers have been dismissive of the School, that communication has been almost zero and that the school program has been significantly disrupted.
- 486 **MR DELAHUNTY** — To move, That this House notes that Premier Brumby has completed another huge back flip from his strong stance of opposing changes to the fire service levy to now agreeing to move to a property based scheme, ensuring everyone contributes to our emergency services including the Country Fire Authority.
- 487 **MR DIXON** — To move, That this House congratulates Woorinen Primary School for publicly noting its disastrous experience with the Building the Education Revolution project by complaining about the downgrading of its project, the lack of consultation, disruption to the school program since July 2009 and that the lack of consultation and information has been deeply disappointing.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 2 SEPTEMBER 2010

- 476 **MRS SHARDEY** — To move, That this House condemns the Brumby Government and its ministers for their arrogant and out of touch behaviour in relation to — (a) the forced acquisition of farming land for the desalination plant in Wonthaggi; (b) the failure to consult Footscray residents whose homes are to be bulldozed for the regional rail link; (c) the day off given to thousands of school students for the introduction of the Ultraset system that did not work and would have caused working families to make special arrangements for childcare or work leave; (d) the failure of the minister responsible for road safety to give way to a driver at an intersection, thus writing off his government car; and (e) the failure of the same Minister and his emergency services team to take the action needed to protect Victorians on Black Saturday and resort to ill-conceived excuses for not supporting all the recommendations of the Bushfires Royal Commission.
- 477 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for its \$3 million funding of the 12<sup>th</sup> operating theatre at the Royal Melbourne Hospital to ensure more patients receive elective surgery more quickly.
- 478 **MRS POWELL** — To move, That this House condemns the Brumby Labor Government for continually shifting responsibilities and costs onto local government without appropriate funding, causing devastating impacts on those councils in country Victoria with large geographic areas and small populations and resulting in massive rate increases which these communities cannot afford, deteriorating infrastructure and an increase in weeds and pests.
- 479 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for the fit-out of 19 new X'Trapolis trains at UGL Rail in Ballarat, which has created 135 new jobs for Victorian companies in the rail industry supply chain.
- 480 **MRS SHARDEY** — To move, That this House condemns the arrogant Brumby Government for its insincere and flawed response to the recommendations of the Bushfires Royal Commission, leading to outraged residents from bushfire areas declaring the Brumby Government consultation process a sham and mere window dressing and accusations that the Government has also fudged the real cost of the two recommendations it has failed to support relating to the buy back of property and the upgrade of the electricity system in bushfire prone areas, thus ignoring the cost in human life and family grief.
- 481 **MS CAMPBELL** — To move, That this House condemns the Baillieu-led Coalition for failing to put forward a plan to tackle climate change, evidenced by Opposition members being unable to state firmly whether they support the Brumby Labor Government's strong action plan on climate change or not.
- 482 **MRS POWELL** — To move, That this House congratulates Notre Dame College's McAuley Champagnat Programme, which has been operating in Shepparton since 2006, for being announced as one of four finalists in the 2010 Deadly Awards 'Outstanding Achievement in Aboriginal and Torres Strait Islander Education category' to be hosted at the Sydney Opera House on 27 September 2010.
- 483 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government, the Commonwealth Government, the City of Melbourne, community groups and businesses for the establishment of the \$46 million Melbourne Common Ground, which will provide 161 new homes for

Melbourne's homeless and provide them with the support services they need to help them get their lives back on track.

- 484 **MR DIXON** — To move, That this House condemns the Brumby Government for its mismanagement of the Building the Education Revolution program, noting the comments of Jells Park Primary School Council that funds would have been better used if the school had direct access to the \$3 million and that the school had not had value for money.
- 485 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for its \$375,000 boost to the Careers in Manufacturing program, which promotes career opportunities in manufacturing to years nine and 10 students from across Victoria.
- 486 **MR JASPER** — To move, That this House condemns the Attorney-General and the Department of Justice for the lack of action in undertaking major renovations to the historic Wangaratta Court House that has led to closure of part of the facilities due to occupational health and safety concerns and some court activities being relocated to other courts.
- 487 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for toughening Victoria's knife laws, giving Victoria Police greater powers to search for knives and issue hefty penalties for illegally carrying controlled weapons.
- 488 **MR DIXON** — To move, That this House condemns the Minister for Education for the bungled Building the Education Revolution program process as illustrated by the Maroona Primary School principal's statement that the work done on his school should not have cost the \$500,000 it did, and the school had to dip into its own funds to complete the project.
- 489 **MS CAMPBELL** — To move, That this House congratulates global technology and business services company Vertex for choosing to establish its Asia-Pacific headquarters in Melbourne, a move that will create 400 jobs, on top of the 600 jobs announced in June 2010 at its Ballarat office.
- 490 **MR DELAHUNTY** — To move, That this House calls on the Brumby Labor Government to commit to the continued operations of the Essendon Airport as an ongoing airport that provides a vital link to country Victoria both as a close link to Melbourne's emergency hospitals for air ambulance patients and commuter air travellers, and rejects the call by the Greens to close Essendon Airport.
- 491 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government, Opera Australia, Houston Grand Opera and Melbourne philanthropists Maureen and Tony Wheeler, for the announcement that Richard Wagner's Ring Cycle will be staged exclusively in Melbourne in 2013.
- 492 **MR DIXON** — To move, That this House notes the comments on the bungled Building the Education Revolution program in relation to Avenel Primary School, which state that the school received an unsuitable and overpriced facility which came in a climate of secrecy and apparent declining value for building dollars, and that the school community looked on in awe at the creative new building arising from direct-to-school funding in the private school sector.
- 493 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government's 'You Don't Have to be a Sports Star' campaign, launched at the Government's 11<sup>th</sup> annual Active Girls Breakfast, which encourages young women to get active and promotes the fun side of exercise.
- 494 **MR DELAHUNTY** — To move, That this House notes that the Brumby Labor Government has changed the reporting period for dental waiting lists from every three months to every 12 months and further notes that the last dental waiting list data was released in June 2009 and calls on the Brumby Government to release the dental waiting list which is overdue.
- 495 **MS CAMPBELL** — To move, That this House congratulates the vibrant Brumby Labor Government for funding new scholarships for Local Government Professionals' new Executive Leadership Program, which will help more women in local government participate in senior leadership development.

- 496 **DR SYKES** — To move, This House notes that, in the preparation for the potential flood of the Broken River in the week on 29 August 2010, Goulburn Murray Water has confirmed that it is trying to increase the air space in Lake Nillahcootie upstream of Benalla to reduce downstream flooding and further that this House contrasts this with the repeated claims made by the Brumby Government that — (a) increasing the air space in Lake Nillahcootie has little effect on downstream flooding; and (b) Lake Nillahcootie has not been managed to reduce the flood risks downstream, and the House calls upon the Brumby Government to apologise for misleading the people of Benalla on the impact of decommissioning Lake Mokoan on the flood risk to Benalla.
- 497 **MS CAMPBELL** — To move, That this House congratulates NeoStem Inc, which has been awarded a contract from the US Army Medical Research and Materiel Command's Telemedicine and Advanced Technology Research Centre to advance adult stem cell therapies in treating traumatic wounds, and a research agreement with the Schepens Eye Research Institute to study the development of therapies for both age-related macular degeneration and glaucoma.
- 498 **MR HODGETT** — To move, That this House acknowledges that the current Senior's Card guidelines exclude citizens over the age of 60 who continue to work full time, and that this discourages capable older Victorians from continuing full time employment.
- 499 **MS CAMPBELL** — To move, That this House congratulates the Bernard O'Brien Institute of Microsurgery in Melbourne for using induced pluripotent stem cells, which have the potential to grow made-to-order bones, heart tissue, kidneys and lungs.
- 500 **DR SYKES** — To move, That this House congratulates the ordinary people of Victoria who have continued to protest against the north-south pipeline, and in particular congratulates Joan and Bill Peasnell, Colleen Jones and Kath Metherall for their persistent calls to the Brumby Government.
- 501 **MS CAMPBELL** — To move, That this House congratulates researchers at the University of New South Wales for finding a way to generate stem cells from human skin without introducing the risk of troublesome foreign DNA which can later lead to cancer.
- 502 **DR SYKES** — To move, That this House condemns the Brumby Government for continuing to pump water down the north-south pipeline into the near full Sugarloaf reservoir whilst billions of litres of water flow past untouched into the Yarra River and Port Phillip Bay and further condemns the Brumby Government which, in taking this action, is unnecessarily pushing up the cost of water to Melburnians and unnecessarily generating massive greenhouse gas loads into the atmosphere.
- 503 **MS CAMPBELL** — To move, That this House congratulates researchers at the Gladstone Institute of Cardiovascular Disease for developing a new technique that allows patients to regenerate their own cardiac muscle by using genes to trick skin-like heart cells into transforming themselves into beating muscle cells.
- 504 **MR THOMPSON** (*Sandringham*) — To move, That this House calls on the Minister for Public Transport and Metlink to urgently examine the provision of exits at the MCG end of Richmond Station in the context of myki users and approaching large volume football final crowds.
- 505 **MS CAMPBELL** — To move, That this House congratulates the Brumby Labor Government for the opening of the Australian Cancer Survivorship Centre at the Peter MacCallum Cancer Centre, which will provide compassionate support for patients and their families who have finished their cancer treatment.
- 506 **MR THOMPSON** (*Sandringham*) — To move, That this House condemns the Brumby Government for its failure to provide certainty to both developers and residents in the context of mushrooming applications for high rise housing in urban locations which lack capacity to readily absorb increased density of developments.
- 507 **MS CAMPBELL** — To move, That this House condemns the treatment of Falung Gong practitioners in the People's Republic of China, where followers are pressured into renouncing their faith; denied

schooling, jobs and custody of their children; sexually assaulted by police; denied legal representation; forced into labour camps and have suffered with a death toll well into the thousands.

### NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].

### NOTICES GIVEN ON 15 SEPTEMBER 2010

- 512 **MR DIXON** — To move, That this House condemns the Minister for Education on the bungled Building the Education Revolution implementation, noting Dunkeld Primary School Council President Simon Cullinane's comment that the BER project in his school was mostly waste, mismanagement and no economic benefit to their local community.
- 513 **MS MUNT** — To move, That this House congratulates Victoria Police and citizens of the City of Kingston on achieving a substantial drop in the crime rate in the City of Kingston, which includes the electorate of Mordialloc, in the 12 months to September 2010.
- 514 **MRS SHARDEY** — To move, That this House condemns the Labor Party for the outrageous accusations and attacks on the Liberal Party prior to the Federal election accusing the Liberal Party of backing the Greens, which the advertisement in the *Australian Jewish News*, authorised by the previous Federal Labor Minister for Environment, claimed is a party which repeatedly advocates policies that would see the destruction of Israel, and further that this House condemns the hypocrisy of the Labor Party in forming a coalition with the Greens after making such claims and accusations against the Liberal Party.
- 515 **MS MUNT** — To move, That this House acknowledges that the substantial drop in crime is due to the heightened levels of police resourcing made possible since the Government came to office in 1999.
- 516 **MRS POWELL** — To move, That this House condemns the Brumby Government for releasing 430 megalitres of water a day into the Goulburn River which was already at major flood level, thereby increasing the risk to the community and property and calls on the Brumby Government to cease its mismanagement of Victoria's water.
- 517 **MS MUNT** — To move, That this House acknowledges the excellent hard work done by Victoria Police, in consultation with the community, in continuing to reduce the crime rate.
- 518 **MR DIXON** — To move, That this House congratulates the Prime Minister for taking control of the Building the Education Revolution program out of the hands of her new schools Minister, Peter Garrett.
- 519 **MRS SHARDEY** — To move, That this House condemns the Labor Party for accusing the Liberal Party of backing the Greens in an advertisement in the *Australian Jewish News* prior to the federal election and further that this House condemns the Member for Melbourne Ports who campaigned on these accusations against the Liberal Party and then, in an act of rank hypocrisy, gave the Greens his second preference on the Labor how-to-vote card.
- 520 **MR DIXON** — To move, That this House condemns the Brumby Government for mismanaging the Building the Education Revolution in Victoria, noting Mildura Senior College principal's remarks that they had not seen their project manager for two months, that local builders had serious concerns about the transparency of the tender process and that he would have preferred to have more control over the design of their new facilities.
- 521 **MR CLARK** — To move, That this House deplors the clear error of law made by the Premier in wrongly suggesting that the Coalition's double jeopardy reforms could not apply to the Walsh Street case because of the rules against hearsay evidence when in fact admissions by an accused person are a

fundamental and long-standing exception to the hearsay rules, and urges the Premier not to rely on the Attorney-General for his legal advice.

- 522 **DR SYKES** — To move, That this House congratulates Yea farmer, Jan Beer, for her persistent pursuit of the truth in relation to the north–south pipeline as evidence by her providing photos confirming that the inlet of the pipeline was plugged as a result of the flood and a fault in the design of the structures protecting the inlet, thereby confirming yet again that the Brumby Government cannot manage projects.
- 523 **DR SYKES** — To move, That this House congratulates Mildura resident, Maria Reidl, who continues to campaign against the tactics of the Brumby Government and supports her call to the Premier to plug the north–south pipeline.

### NOTICES GIVEN ON 16 SEPTEMBER 2010

- 526 **DR SYKES** — To move, That this House notes that since the north-south pipeline started pumping on 10 February 2010 it has added just one per cent volume of water to Melbourne dams for the capital cost of \$750 million and significant ongoing operational costs, and further that this House calls upon the Premier and Minister for Water to have the decency to apologise to all Victorians for the outrageous waste of taxpayers' money.
- 527 **MR DIXON** — To move, That this House notes that Hazelwood North Primary School's Building the Education Revolution project took 12 months to commence, that the school had to pay fees for the sacking of the project manager and the school's comment that they look with envy at what the local Catholic schools have managed to do with their grants.

### NOTICES GIVEN ON 5 OCTOBER 2010

- 522 **MR WELLS** — To move, That the Member for Burwood be referred to the Privileges Committee of the Legislative Assembly to answer a charge of contempt of Parliament in that on 1 September 2010, he deliberately misled the House when he stated that the ‘Auditor-General was most upset in his evidence recently not because of the report by the committee but because of the minority report which he said denied him natural justice’, knowing that this statement is patently untrue.
- 523 **DR SYKES** — To move, That this House condemns the deceitful, arrogant Brumby Government for surreptitiously banning duck shooting on the former Lake Mokoan in order to secure the preferences of the Greens with total disregard to the long-standing intergenerational sporting activity of thousands of ordinary Victorians and, further, that this House calls upon the Brumby Government to immediately reverse this outrageous restriction of the rights of ordinary Victorians.
- 524 **MR DELAHUNTY** — To move, That this House notes that the — (a) Federal Coalition has called for a review of Youth Allowance criteria for students in regional and rural areas; (b) average rate of deferral to university for metropolitan students is 10 per cent compared to 33 per cent for non-metropolitan students; and (c) Education and Training Committee inquiry into higher education found that economic barriers are the main reason why less regional students attend university than their city counterparts, and calls on the Government to support a change to the Youth Allowance eligibility criteria, which disadvantages many country students.
- 525 **DR SYKES** — To move, That this House congratulates the *Seymour-Nagambie Advertiser* for featuring in the 28 September 2010 edition photos and stories about the appalling condition of roads in the Seymour electorate after the Member for Seymour raised the matter in the House and further, this House calls on the Member for Seymour to explain why it has taken him over a decade to act on this important matter when The Nationals have campaigned long and hard to fix the country roads and save country lives.
- 526 **MR DELAHUNTY** — To move, That this House acknowledges that it is ‘Show Time’ in western Victoria, and encourages people to attend their local agricultural show, and further notes that shows are an important community event in many of the towns across western Victoria as they provide an opportunity for people from a wide age group to be involved in many aspects of the shows, including exhibitions, competitions and going along to view various activities, and calls on the Government to assist agricultural and pastoral societies in their marketing and publicity campaigns.
