(*Mr Mathews*).
- 3 RURAL POLICIES -**
Resumption of debate on the question - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social framework of the State, and in particular to - (a) reduce the incidence of State taxation on rural enterprises; (b) implement a positive decentralisation policy to reduce the excessive demands on services in the metropolitan area; and (c) provide health and education services accessible to all Victorian citizens. (Mr Evans).

(*Mr Mathews*).
- 3 **RURAL POLICIES - Resumption of debate on the question** - That this House, recognising that rural Victorians are the most socially, economically and culturally deprived of all citizens in the State, calls on the Government to implement policies which recognise the importance of rural industries in the economic and social
