8. HIS EXCELLENCY THE GOVERNOR'S SPEECH.—Mr. Speaker reported that the House had, that day, attended His Excellency the Governor in the Legislative Council Chamber, when His Excellency was pleased to make a Speech to both Houses of Parliament, of which Mr. Speaker said he had, for greater accuracy, obtained a copy, as follows :—

MR. PRESIDENT AND HONORABLE MEMBERS OF THE LEGISLATIVE COUNCIL :

MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY :

I have called you together for the consideration of important public business.

Since Parliament went into recess the State has suffered grievous loss in the deaths of Brigadier the Honorable Sir George Hodges Knox, C.M.G., V.D., and the Honorable William Slater.

A member of the Legislative Assembly for 33 years, the late Sir George Knox was at times a Minister without portfolio, and for five years Speaker of the Legislative Assembly.

Mr. Slater was a member of the Legislative Assembly for 30 years, and of the Legislative Council for eleven years. He was from May, 1940, to October, 1942, Speaker of the Legislative Assembly, and for many years Chief Secretary and Attorney-General.

I share with Honorable Members deep regret in the loss of these distinguished members.

The economy of the State continues to show sound and steady growth, and the output of primary and secondary industries increases steadily. Countries overseas are becoming increasingly interested in Victoria's industrial progress.

During the past year the population of Victoria increased by almost 80,000 of whom 40,000 were migrants who have settled here. The number of wage and salary earners now approaches 890,000.

My Ministers are pressing forward the necessary expansion of services to homes, farms and factories.

After the rather dry season of 1959, general rain in April has given the cereal districts the best prospects for many years, and a heavy wheat crop seems assured. Pasture improvement has been maintained, and the rain should ensure vigorous spring growth.

Scientific developments include a Field Station in East Gippsland for research into facial eczema in sheep, a new Animal Husbandry Research Laboratory at Werribee, and new facilities at the Scoresby Horticultural Research Station.

Victoria is receiving world-wide recognition for its practical approach to soil conservation and land use.

Soil conservation works will be undertaken in the new Eppalock Reservoir catchment area. This Reservoir, which will have a capacity of 250,000 acre feet, will provide additional water for the Campaspe irrigation area, the Goulburn-Murray irrigation system and the Coliban system, and for those who take water directly from the Campaspe River.

Each year additional country towns receive the benefits of a reticulated water supply and sewerage.

Large reservoirs have been completed near the City of Castlemaine, and on the Tullaroop Creek near Maryborough.

The Forests Commission is accelerating the planting of softwoods and native timbers.

The allocation of soldier settlement blocks in Victoria will be completed this financial year.

A general land settlement scheme is being developed for young citizens desiring to become farm-owners. Twenty-four blocks at Heytesbury have already been occupied. A further 30 blocks will be allocated soon.

During the past year 109 blocks, totalling over 34,000 acres, have been proclaimed as available under the improvement purchase lease conditions of the Land Act, and these blocks are now under development.

Preventive health measures, such as the attack on poliomyelitis with Salk vaccine, will continue to receive high priority.

The mental hygiene service will be extended, and provision made for further out-patient and day-hospital treatment. A new psychiatric hospital is being erected at Traralgon.

Research services are being developed, particularly in relation to intellectual deficiency.

During the past five years developments in education have been many and varied. Teachers' Colleges at Ballarat and Bendigo, and new colleges at Frankston and Coburg have been fully occupied. The first section of the new Secondary Teachers' College has been completed, and work is to proceed immediately with the second section. A new Teachers' College at Geelong and a new hostel for secondary students at Armadale are under construction.

The Health and Recreation Camp for children has been re-established at Somers.

The building of Monash University has commenced, and the Vice-Chancellor, Registrar and several Professors are preparing for the intake of students in 1961.

A tender has been let for a new school building for the Yooralla Hospital for Crippled Children.

Early in the year a Report on Victorian State Education was completed, and steps are being taken to implement the more important recommendations.

Over 1,000 class-rooms and many ancillary rooms have been erected in high, technical and primary schools during the past twelve months.

A vigorous recruiting campaign has increased the number of student teachers this year by over 600.

Constant attention is given to the more even distribution of population throughout the State. The deliberations of the Select Parliamentary Committee appointed during the last session of Parliament should contribute to a better understanding of the problem and of appropriate corrective measures.

Meanwhile, country development will be assisted by the recent establishment in rural and urban areas of many industries, including a hardboard factory by the Colonial Sugar Refining Co. Ltd., at Bacchus Marsh; a thermostatic control unit of Danfoss Pty. Ltd. at Ballarat; carpet factories at Geelong and Mornington established by Brinton's Ltd. and T. Bond Worth and Sons Ltd.; and a cotton spinning mill opened at Moe by Yarragon Textile Mills Pty. Ltd.; also Campbell's Soups (Aust.) has decided to establish a major food processing plant at Shepparton.

Construction of the new standard gauge railway line between Albury and Melbourne should be completed by the end of next year.

There is marked progress in open cut mining in Victoria, particularly for brown coal and construction materials.

The Mines Department is co-operating actively with mining, quarrying and oil companies. Systematic examinations are made in every case where it is possible that the search for oil may yield results. Recent experiences at Port Campbell have greatly stimulated interest in commercial gas and oil exploration.

The Port of Melbourne handled approximately nine million tons of cargo during 1959. Facilities for cargo, passengers and ships are to be further expanded and improved.

The first stage of the harbour development at Portland, at an estimated cost of £6,500,000, is nearing completion. The port will be officially opened in November.

During 1959 the Port of Geelong handled more cargo than ever before, a total of 4,685,000 tons. Over £400,000 a year is being expended on the provision of new wharves, cargo sheds and modern cargo handling equipment.

When completed the 1,200,000 kilowatt Power Station at Hazelwood will have three times the existing capacity of the Yallourn Power Station.

At Morwell, the third and fourth generating sets have been brought into service. The first briquette factory, with a capacity of 700,000 tons per annum, has commenced production. A contract for the 60,000 kilowatt generator has been let.

Construction of the new Yallourn "E" Power Station is well advanced.

The first three 16,000 kilowatt generators at the McKay Creek Power Station, Kiewa, have been brought into service; the remaining three generators are scheduled for operation by the winter of 1961.

The first supply of electricity has been received from the Snowy Mountains Scheme.

The reduction of the accident rate in industry is a problem which is receiving the urgent attention of my advisers. An Industrial Safety Bureau has been established. A well attended Industrial Safety Convention has been sponsored recently by the Government.

A contract was let recently by the Housing Commission for the construction of multi-story flats in Moray-street, South Melbourne.

The Government will continue to subsidise the Slum Reclamation work of the Housing Commission. The Commission is actively engaged in reclamation work in Brunswick, Collingwood, Carlton, Fitzroy, Northcote, North Melbourne, Prahran, Richmond, and Williamstown.

This is the fifth and final year of the Commonwealth-State Housing Agreement. My Government is pressing for a new Agreement or an extension of the present Agreement.

Two additional Chairmen of General Sessions have been appointed and new Courts of Petty Sessions have been opened.

The new Children's Court and Clinic at Batman-avenue will soon be occupied.

My advisers are earnestly encouraging the tourist industry. Tourist attractions are being developed, and the services of the Victorian Government Tourist Bureaux are being expanded. A building in Adelaide has been purchased, and premises are being sought in Brisbane.

**MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY :**

Appropriation will be sought to cover supplementary estimates of a moderate amount for the year 1959-60. That year closed with the Consolidated Revenue Account in balance—in fact the revenue exceeded the expenditure by a small margin.

A Supply Bill to make further provision for the services of the year 1960-61 will be laid before you. At the same time the detailed Estimates of Revenue and Expenditure for the year will be presented to you.

**MR. PRESIDENT AND HONORABLE MEMBERS OF THE LEGISLATIVE COUNCIL.**

**MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY.**

A Bill will be submitted to empower the cities of Melbourne and Geelong to raise money on mortgage for permanent works and undertakings.

Legislation will be introduced to amend and consolidate the law relating to town and country planning.

A Local Government Bill will be brought in relating to disqualification of and offences by municipal councillors and officers.

Another Bill will provide for the appointment of a Committee to prepare regulations relating to scaffolding, and the appointment of supervisors of scaffolding inspection.

A Bill for the consolidation and amendment of the law relating to explosives will be introduced.

Legislation will be introduced to create a statutory offence of kidnapping and to provide an adequate penalty.

Among other measures to be submitted will be Bills relating to :

- Barwon Heads Lands Exchange.
- Dried Fruits.
- Revocation and Excision of Crown Reservations.
- Road Traffic.
- Fruit and Vegetables (Road Barriers).
- Hamilton Stockyards Railway Construction.
- Gippsland Railway Deviation.
- Tourist Development.

I now leave you to the discharge of your duties in the earnest hope that, with the blessing of Divine Providence, your work may be beneficial to the whole of the community.

DALLAS BROOKS,  
Governor of Victoria.

Melbourne, 14th September, 1960.
