#### NOTICE OF MOTION

1 **\*MR McINTOSH** — To move —

(1) That standing orders be amended as follows:

(a) Standing Order 152, omit 'SO 5(5)' in paragraph (2) and insert 'SO 5(4)';

(b) Omit SO 165 and insert the following standing order:

**'165 Procedure for a party vote**

(1) After the doors are locked the Chair restates the question.

(2) To cast their votes, members must sit in their allocated places in the Chamber. By doing so, members of parties are deemed to be voting to support the response of their party members given at the time the Chair originally put the question, unless they inform their whip, or representative, that they intend casting a contrary vote under paragraph (6).

(3) First the Clerk asks any independent member to cast his or her vote.

(4) The Clerk next asks the whip of each party, or their representative, to report the party's votes; parties are asked to report in the order of the size of their parliamentary membership.

(5) Each whip reports the number of ayes or noes. The report must only relate to votes cast by members present in the Chamber and every member present must vote.

(6) After the votes have been reported by the parties, any member who is voting contrary to his or her party will cast a vote.

(7) Where it becomes obvious that one member only is voting for either the ayes or the noes, the Chair must immediately declare the resolution of the House. The member who called for the division may ask for his or her dissent to be recorded in the Votes and Proceedings. The Chair then directs the Clerk to record that dissent.

(8) The whip of each party, or their representative, may before the result of the vote is announced by the Chair, challenge the report of votes given by another party. Where the report is challenged the Chair may direct that the matter be resolved by a personal vote.

---

\* *New entry.*

- (9) The Chair announces the result to the House.

### NOTICES GIVEN ON 6 APRIL 2011

- 175 **MS ALLAN** — To move, That this House notes that the former Labor Government delivered \$8.4 million in the 2010–11 Budget for noise walls along the Monash Freeway and condemns the Liberal Government and the Member for Burwood for scrapping this fully-funded project and betraying the local community by failing to explain why the noise walls project was scrapped.
- 176 **MS McLEISH** — To move, That this House applauds the Government for its commitment to complete the fit-out of the Olivia Newton-John Cancer and Wellness Centre and the Regional Rail Link in times of a very challenging budget due to the continuing black hole funding of the previous government, accompanied by a campaign of public deception.
- 177 **MR HODGETT** — To move, That this House condemns the Labor Opposition for its support of Canberra's carve-up of Victoria's GST revenue by \$2.5 billion, proven by the fact they have been completely silent on this unjustified attack on Victoria's finances.
- 178 **MS CAMPBELL** — To move, That this House condemns the Baillieu Government for allowing pseudo-scientific cattle grazing in Victoria's alpine regions, which will have a devastating impact on the fragile ecosystems that are only just starting to recover since the ban was introduced by the former Labor Government.
- 179 **MS McLEISH** — To move, That this House condemns the Opposition Labor Party for engaging in immature and petty politics, by its continual disruption of question time for no clear purpose other than to waste valuable time and play political games.
- 180 **MS KAIROUZ** — To move, That this House condemns the Coalition Government for its ongoing neglect of the needs of the western suburbs, most recently demonstrated by its shameful decision to scrap funding for the Caroline Springs train station, which was promised and funded by the Brumby Labor Government and due for completion in 2012.

- 182 **MR HOWARD** — To move, That this House condemns the Baillieu Government for not providing the \$2 million funding committed to Ballan and District Health and Care, ahead of the 2010 state election, despite the hospital management being ready to move to the contract phase.
- 183 **MS ALLAN** — To move, That this House condemns the Liberal–Nationals Government for abandoning working families in Ballarat by failing to have a plan to create jobs in Ballarat and not explaining to the Ballarat community what actions it will take to attract new jobs to Ballarat following the Vertex announcement, and notes that this is a result of the Government stripping Regional Development Victoria of its job attraction role.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 24 MAY 2011

- 219 **MS CAMPBELL** — To move, That this House condemns the Baillieu-Ryan Government for forcing Victorian families to be means-tested to access the School Start Bonus, which will cut around 100,000 families off from this payment for textbooks, school uniforms and other expenses.
- 220 **MR NEWTON-BROWN** — To move, That this House condemns the disgraceful neglect of the Victorian College of the Arts by the former Government, and applauds the delivery, by the Coalition Government, of \$6 million in funding to ensure the independent survival of one of this State's most important arts institutions.
- 221 **MS KAIROUZ** — To move, That this House condemns the Baillieu-Ryan Government for funding the 'opening of a gate' at a level crossing in Brighton, ranked 223 on the list of dangerous crossings in need, ahead of the Main Road St Albans level crossing, ranked four on the priority list, which the Premier promised to fund at both the 2008 by-election and 2010 state election.
- 222 **MR SOUTHWICK** — To move, That this House congratulates the Baillieu Coalition Government on the strong and positive reception for its first budget, which delivers on its election promises, in contrast with the lacklustre response for the Labor/Greens Federal Budget, which has gone down like a lead balloon.

- 223 **MS CAMPBELL** — To move, That this House condemns the Baillieu-Ryan Government for breaking its election promise to 36 Victorian schools by not allocating funding to them in its budget, and for only allocating planning money to several schools when those schools were promised money to start building works.
- 224 **DR SYKES** — To move, That this House congratulates the Minister for Sport and Recreation for the support given to the Benalla Auto Club to assist in the successful conduct of the V8 Super Cars meet at Winton on 21 and 22 May 2011, thereby acknowledging the importance of motor racing at Winton to the North East region's economy, something which the previous, city-centric Labor Government had failed to do over the past decade.
- 225 **MR NEWTON-BROWN** — To move, That this House condemns the previous Government for breaching the caretaker conventions in its dying days by secretly pledging \$164,000 to various, influential special interest groups and further, condemns the attempt of former Premier Brumby to cover up these breaches by omitting to date the letters of offer.
- 226 **MRS BAUER** — To move, That this House commends the Baillieu Government on the organisation of the State Funeral for Lionel Rose, noting that Lionel was an iconic Aboriginal sportsman and he will be remembered for his inspirational achievements both in and out of the boxing ring.
- 227 **MS ALLAN** — To move, That the Standing Orders Committee inquire into, consider and report back to the House no later than 16 August 2011, on the rulings and statements of the Speaker during successive question times in the Legislative Assembly relating to government administration and the subsequent impact on the scrutiny of the executive by the Parliament and, in doing so, the Committee is required to consider definitions of government administration including but not limited to those —
- (1) Given in rulings that questions without notice to ministers are only admissible for matters directly relating and limited to the administration of their specific portfolios, despite this being contrary to the oath under s 88AA and Schedule 3 of the *Constitution Act 1975* taken by ministers to 'at all times and in all things discharge [their] duties'.
  - (2) That impact on the ability of, and subsequent restriction on, any member to question a minister or the Premier on any matters or things relating to corruption or malfeasance, for example, within the executive, or by public officers or employees in statutory authorities which, in other jurisdictions, has led to the establishment of anticorruption royal commissions such as the Queensland Fitzgerald Royal Commission, or resulted in cases such as that of a Queensland minister being found guilty of corruption in matters relating not to his specific portfolios, but to areas under the responsibility of other ministers.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 26 MAY 2011

- 236 **MR WELLER** — To move, That this House congratulates the Baillieu Government on being in touch with local communities, demonstrated by the recent 2011–12 Budget allocation of \$107.2 million in funding, an 84.7 per cent increase, to the Tongala Community Activities Centre for adult community and further education in Victoria.
- 237 **MR PALLAS** — To move, That this House notes with concern the extraordinary and ludicrous statement by the Minister for Ports before the Public Accounts and Estimates Committee on 10 May 2011 that the introduction of high performance freight vehicles, which he once described as ‘super monster trucks’, would lead to a reduction in the numbers of trucks on our roads and, given that the state’s freight task is set to double over the next twenty years, this House calls on the Minister to explain how he intends to achieve this incredible and incredulous new target.
- 238 **MS RYALL** — To move, That this House condemns the Labor Opposition for issuing on its website a false and misleading press release about Baillieu Government achievements regarding the funding of a pedestrian crossing in Surrey Road, Blackburn, noting the detailed interest of the office of the federal Member for Deakin in the Victorian budget papers.
- 239 **MR PALLAS** — To move, That this House condemns the Baillieu Government for its failure to adequately manage major projects, in particular — (a) the 60 per cent blow out in costs for the Flinders Street Station design competition from the announced \$1 million to \$1.6 million, as confirmed by the Minister for Major Projects in the Public Accounts and Estimates Committee on 10 May 2011; (b) for failing to clarify, over a six month period of inaction, plans for the Melbourne Market putting at risk investment and creating an air of uncertainty in this vital \$11.6 billion industry; and (c) for putting progress on hold in a quagmire of reviews and failing to identify any new major projects in their first budget, a clear indication that their only vision is to implement Labor’s major projects agenda while talking down the value of many of these same projects.
- 240 **MS RYALL** — To move, That this House condemns the Labor Opposition for 11 years of complacency without consideration of the investment required to meet Victoria’s growing infrastructure needs when 20,000 cars and 200 trains a day intersect the Mitcham Road level crossing.
- 241 **MR LANGUILLER** — To move, That this House condemns the Treasurer for not saying the word ‘jobs’ once in his first budget speech.

- 242 **MS McLEISH** — To move, That this House congratulates the Minister for Tourism and Major Events for securing the country's first ever world-ranking snooker event, the Australian Goldfields Open, to be held at the Bendigo Stadium, which is quite a coup for that regional town.
- 243 **MS GRALEY** — To move, That this House condemns the Baillieu Government for its disgraceful decision to cease Take a Break program funding to community based occasional care centres, leaving families to face higher fees for occasional child care and risking the closure of occasional care centres across the state.
- 244 **MS GRALEY** — To move, That this House condemns the Baillieu Government for its disgraceful decision to withdraw funding from community houses across the state, including Merinda Park, Berwick, Hampton Park and Cranbourne community houses, putting programs for people with disabilities, the unemployed and senior citizens at risk.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 31 MAY 2011

- 228 **MS THOMSON** (*Footscray*) — To move, That this House condemns the Baillieu Government for playing politics with the infrastructure needs of Melbourne's west, noting that detailed studies and planning works have been done on the WestLink Tunnel and Truck Action Plan and that failure to implement these projects puts the west in gridlock and makes it impossible to provide for the growth of Footscray Central Activity District.
- 229 **MR SOUTHWICK** — To move, That this House congratulates Israel on the recent celebration of its 63<sup>rd</sup> Independence Day, known as Yom Ha'atzmaut and urges all members to attend the community reception with the Israeli Ambassador on 1 June 2011 at the Windsor Hotel, a regular event that has long enjoyed the bipartisan support of the House.

- 230 **MR LANGUILLER** — To move, That this House condemns the Baillieu-Ryan Government for promising to spend \$379 million to abolish level crossings in Victoria, yet allocating only \$16.5 million, including the upgrade of the low priority New Street crossing in the safe Liberal seat of Brighton.
- 231 **MR SOUTHWICK** — To move, That this House condemns the Opposition for its hypocritical attacks on the Minister for Education and its accusations of neglect by the Government to schools in its electorates, noting that it is appalling of the Opposition to point the finger at the Coalition Government after it had 11 long years in Government to fix the problems, and further notes that every time an Opposition member speaks of school disrepair in this House, it further highlights the neglect of its previous Government colleagues.
- 232 **MS THOMSON** (*Footscray*) — To move, That this House condemns the failure of the Baillieu Government to commit, in 2011, to the refurbishment of the dental chairs at Western Region Health Centre, noting that this will leave the most vulnerable in the inner west without dental care and, further, this House calls on the Government to immediately fund the dental service refurbishment to ensure this vital service is able to continue.
- 233 **MR McCURDY** — To move, That this House congratulates the Baillieu-Ryan Government for its forward-thinking and commitment in establishing the Regional Growth Fund, noting that Victoria's regions feed this state and that the previous Minister for Rural and Regional Development was too busy taking water and other resources from Victoria's communities rather than helping to rebuild its regions.
- 234 **MR LANGUILLER** — To move, That this House condemns the Baillieu Government for having no plan for jobs for Victoria or the western suburbs of Melbourne.
- 235 **MR WAKELING** — To move, That this House congratulates the Minister for Public Transport on the appointment of Sinclair Knight Merz as the successful organisation that will conduct the long-awaited Rowville rail feasibility study and notes that the Baillieu Government is delivering on this important election commitment, something that the Labor Party failed to achieve in 11 years of office.
- 236 **MS GRALEY** — To move, That this House condemns the Baillieu Government for axing the popular Returning to Earning program, which provided grants for women, who had been out of the workforce for some years due to their caring responsibilities, to support them back into the workforce, and notes that as a consequence, the Baillieu Government is making it needlessly more difficult for Victorian women to get a job.

- 33 **PREMIUM RAILWAY STATIONS AND OTHER RAIL SERVICES** — Petition presented by the Member for Altona (*31 May 2011*) — Requesting that the Legislative Assembly urges the Baillieu Government to reverse its plans to stop the Premium Railway Station upgrades, cut rail services and abandon the Regional Rail Link project — To be considered (*Ms Hennessy*).

- 34 **SECONDARY COLLEGE IN DOREEN** — Petition presented by the Member for Yan Yean (*31 May 2011*) — Requesting that the Legislative Assembly urges the Baillieu Government to urgently fund the building of a secondary college in Doreen — To be considered (*Ms Green*).

- 254 **MS CAMPBELL** — To move, That this House condemns the Baillieu–Ryan Government for abandoning its commitment to reducing Victoria’s carbon emissions by 20 per cent by 2020, which is proved by its failure to provide funding for two carbon reduction programs in its budget and by walking away from Labor’s plan to close two units at Hazelwood Power Station.
- 255 **MS McLEISH** — To move, That this House congratulates the Minister for Energy and Resources on the release of an issues paper on the Advanced Metering Infrastructure program to help Victorians have their say on the future of smart meters, demonstrating true consultation in stark contrast to that of the previous Brumby Government.
- 256 **MS KAIROUZ** — To move, That this House condemns the Baillieu–Ryan Government for not allocating funding for JobWatch in its first budget, which will leave thousands of Victorian workers in the lurch when trying to get support or assistance to understand and enforce their rights.
- 257 **MR WELLER** — To move, That this House congratulates the Baillieu Government for providing \$160 million over four years to help rural councils address the backlog of local road maintenance.
- 258 **MR DONNELLAN** — To move, That this House condemns the Baillieu Government for promising to provide \$24 million for the clean up of the Stevensons Road landfill in the City of Casey but providing nothing.
- 259 **MS McLEISH** — To move, That this House congratulates the Attorney-General for his initiative to implement a pre-election commitment to seek the views of the community with regard to all aspects of sentencing, demonstrating how this Government is actually prepared to listen to the community unlike the former ‘we know best’ Labor Government.

- 260 **MR FOLEY** — To move, That this House condemns the conservative Baillieu Government for its winding back of the rights and equal opportunity framework of Victoria and calls upon it to desist this attack on what most Victorians see as a common sense regime of making sure people are treated on the basis of their character and performance, not their sexuality, gender identity, race, faith or marital status.
- 261 **MR NEWTON-BROWN** — To move, That this House congratulates the Liberal–Nationals Coalition for committing to a study on the Rowville rail extension after years of inaction by the previous Labor Government.
- 262 **MR FOLEY** — To move, That this House condemns the conservative Baillieu Government’s concerted attempt to reframe Victorian society as a meaner, nastier place as evidenced by its undermining of the importance of the acknowledgement of indigenous elders, rolling back the equal opportunity laws and moving against the human rights framework of the State, and calls upon the Government to support a diverse and tolerant society by abandoning these extreme measures.
- 263 **MR KATOS** — To move, That this House condemns the Labor Opposition for supporting the Fisheries Amendment Bill 2011 during debate and then voting against it, clearly demonstrating the Opposition supports the illegal poaching of Victoria’s fisheries resources.

### NOTICES GIVEN ON 14 JUNE 2011

- 228 \***MS RYALL** — To move, That this House condemns the Opposition for its lack of credibility and its incompetence, as demonstrated when the Leader of the Opposition stood at the Rooks Road level crossing in Nunawading, demanding that its upgrade be funded, when the shadow Minister for Roads has stated that this level crossing upgrade is inappropriate and others should come first.
- 229 \***MR FOLEY** — To move, That this House condemns the nasty, conservative Liberal-Nationals Coalition Government for axing the Take A Break occasional childcare program and the impact on the Southport Playhouse group, which delivers desperately needed occasional childcare to some 50 families, and calls upon this heartless, leaderless Government to reinstate the program and to sit down with all levels of government and community and look to how to expand, not cut, children and family services across the Albert Park electorate and Victoria.
- 230 \***MR NEWTON-BROWN** — To move, That this House offers its sincere regrets to the Leader of the Opposition and the Labor Party for its terrible, devastating loss of 2,000 party members in 2011.

- 233 \***MR FOLEY** — To move, That this House condemns the distorted, anti-women and anti-family views of this conservative Liberal-Nationals Government for axing of Take A Break occasional childcare program and the impact on the Elwood St Kilda Neighbourhood Learning Centre programs, which supported women seeking to return to the workforce, women from refugee and non-English speaking backgrounds, and women seeking to re-engage with the community, and calls upon this blundering, leaderless Government to reinstate this program and to expand children and family services.
- 234 \***MR BULL** — To move, That this House congratulates the Baillieu Government for funding, in its first budget, the Toorloo Arm Primary School and, in doing so, meeting this expanding community's educational needs.
- 235 \***MR CARBINES** — To move, That this House condemns the Baillieu Government for closing the West Heidelberg police station in December 2010 and transferring police officers to other suburbs because of

236 \***MS McLEISH** — To move, That this House congratulates the Baillieu Government for the strong support it has shown for the alpine industry, with representation at five alpine resorts for the opening of the ski season on the 2011 Queen's Birthday weekend.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 15 JUNE 2011

- 284 **MR LIM** — To move, That this House notes the Business Council of Australia's call for governments to provide better tax incentives for companies to donate to government schools, and give more autonomy to school principals to manage funding directions, as funding for government schools in most states has been inadequate and inefficient.
- 285 **MS MILLER** — To move, That this House condemns the federal Labor Government for withdrawing its funding of the Take A Break occasional childcare program and calls on the Opposition, in particular the Member for Albert Park, to tell its Labor mates in Canberra that it is their responsibility and obligation to provide funding for this vital service.
- 286 **MS GRALEY** — To move, That this House condemns the Baillieu Government for failing to provide funding for the extension of the whooping cough vaccine to Victorian grandparents, many of whom spend long hours looking after their grandchildren because parents are working or need assistance, unlike other Australian states which have extended the vaccine program to grandparents as a much appreciated and sensible health service.
- 287 **MR NEWTON-BROWN** — To move, That this House congratulates the Minister for Public Transport for delivering promised rail reliability and frequency improvements to the long neglected commuters who use Prahara and Windsor stations.
- 288 **MR LIM** — To move, That this House notes that mandatory sentencing of young offenders convicted of serious assaults needs to be carefully examined because individual circumstances, including mental illness and no history of prior offences, ought to be considered, and notes that liberty, one of the most important human rights, needs to be decided with care, especially when the offender is 16 or 17 years old.
- 289 **MS McLEISH** — To move, That this House congratulates the Premier and Minister for Health for supporting country hospital boards, recognising that no two communities are the same and that local healthcare should be managed locally, in the face of threats to strip local communities of control of their local hospitals made by the federal Labor Government.
- 290 **MS GRALEY** — To move, That this House — (a) condemns the Baillieu Government for failing to provide funding for the duplication of Narre Warren Cranbourne Road or any other road in the City of Casey; (b) urges the Government to take into account the views of the Chairman of the RACV; (c) notes that in outer metropolitan Melbourne only \$4.8 million has been allocated for arterial road upgrades, which is well short of the \$200 million a year the RACV believes is needed; and (d) calls on the Baillieu Government to act on the RACV's plan, noting that this dithering and leaderless Government has no integrated transport plan of its own.
- 291 **MR WELLER** — To move, That this House congratulates the Baillieu Government on sorting out the Building the Education Revolution mess at Echuca Primary School, which it inherited from the former Brumby Labor Government.

- 292 **MR McGUIRE** — To move, That this House condemns the failure of the Baillieu Government to deliver a plan for manufacturing in Victoria, especially at a critical time when jobs are being lost, noting that this has damaged families in provincial cities, regional towns and, in particular, the capital of Melbourne's north, Broadmeadows, where the impact of globalisation is already acute.
- 293 **MS MILLER** — To move, That this House condemns the Labor Opposition for its complete and utter lack of vision or ideas for Victoria, and notes that while Labor flounders in opposition, the Coalition is getting on with the job of cleaning up the mess Labor left behind.

  - (a) 10.00 pm each sitting Tuesday and Wednesday;
  - (b) 4.00 pm on any other sitting day.
- (2) If a division is taking place when the time for the interruption arises, the division will be completed and the result announced. If the division is on a closure motion, and the motion is agreed to, the question or questions then required to be put to close the issue before the House will also be dealt with. The Speaker will then interrupt business.
- (3) If the time for the interruption arises:
  - (a) at the same time as the completion time set by the government business program; or
  - (b) after the interruption for the completion time of the government business program, but before all business on the program has been dealt with —

all business on the government business program will be completed first. The Speaker will then interrupt business for the adjournment.
- (4) After the interruption:
  - (a) before a motion for the adjournment is proposed by the Speaker, a minister may move that the sitting be continued. That motion must be put immediately without amendment or debate. If it is agreed to, the House will resume debate at the point at which it had been interrupted; or
  - (b) if a motion is not moved, the Speaker will immediately propose the question 'That the House now adjourns'. Any business under discussion and any other business not concluded at the time of the adjournment will be listed on the notice paper for the next sitting day. Any member speaking at the time of the interruption may, when debate resumes, continue his or her speech.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 28 JUNE 2011

- 304 **MS HALFPENNY** — To move, That this House condemns the Liberal-Nationals Coalition Government for completely failing children and families in the electorate of Thomastown and across the northern suburbs of Melbourne, and for its hypocrisy in claiming education as a priority while slashing \$481.1 million from the education budget, noting this approach is jeopardising the futures of students at many schools, including Thomastown West Primary School and the William Ruthven Secondary College.
- 305 **MRS BAUER** — To move, That this House congratulates the Baillieu Government for investing \$4 million over the next four years to expand Men's Shed programs to construct up to 30 new Men's Sheds and refurbish up to 46 existing facilities, providing important meeting places where people can connect with services, education and training opportunities.
- 306 **MR PERERA** — To move, That this House condemns the Baillieu Government for axing the well-supported Home Wise Program.
- 307 **MR NEWTON-BROWN** — To move, That this House congratulates the Minister for Police and Emergency Services for delivering on the Coalition's commitment to provide PSOs on train stations, including extending firearms training to the same level as police officers and extending their powers of arrest and move-on powers for loitering, thereby delivering a safer public transport network for the Victorian public.
- 308 **MS BEATTIE** — To move, That this House congratulates the President of the Collingwood Football Club, Mr Eddie McGuire, for the leadership, courage and principles that he exhibited when remonstrating publicly with a football fan on the issue of racism.

- 309 **MR WELLER** — To move, That this House congratulates the Baillieu Government on securing additional funding through the Natural Disaster Relief and Recovery Arrangements to support flood affected eligible primary producers, small businesses, and not-for-profit organisations.
- 310 **MR MERLINO** — To move, That this House condemns the Baillieu-Ryan Government for its woeful and irresponsible failure to take action to reduce Victoria's road toll that, thanks to measures developed and implemented by Labor, had dropped to historic lows, and further condemns the Government for breaking its pledge to 'up the ante' on road safety initiatives, while reducing funding on road safety initiatives, shelving plans for the innovative Road Safety Experience Centre and failing to deliver an updated Arrive Alive strategy which was due in December 2010.
- 311 **MR SOUTHWICK** — To move, That this House recognises the anniversary of the capture of Gilad Shalit, the 24 year old Israeli who for five years has been held hostage, denied medical treatment and used as a pawn in a disgusting campaign of terror, and calls on all governments, NGOs and community groups around the world to apply pressure to the Hamas regime in Gaza to immediately release him and ensure that he is safely returned to his family and to his home in Israel.
- 312 **MR McGUIRE** — To move, That this House condemns the refusal of the Baillieu Government to commit \$11 million before 30 June 2011 to secure a \$50 million deal to build a clinical teaching and education precinct for the Northern Hospital, thereby jeopardising a deal with partners who have worked in good faith for years to deliver the academic and research precinct to enable medical, nursing and allied health professionals to be trained in Melbourne's north, an area predicted by the Baillieu Government to be the highest percentage population growth area in Victoria during the next decade.
- 313 **MRS VICTORIA** — To move That this House condemns the federal Labor Government for its flawed literacy and numeracy programs, which will see Victorian students receive \$21.9 million less from the Federal Government and, further, this House condemns the Victorian Labor Opposition for not standing up for Victoria's children by being vocal about this injustice.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 29 JUNE 2011

- 314 **MR PALLAS** — To move, That this House condemns the Minister for Roads for misleading the Public Accounts and Estimates Committee regarding the advice he had received from the Department of Transport concerning the Truck Action Plan at PAEC on 10 May 2011 that the Plan indicated that without WestLink, the preferred route of the Truck Action Plan would be very quickly taken up with additional vehicles and no real benefit would be seen in the future, despite having received advice to the contrary in a briefing to the Minister dated 7 January 2011 from VicRoads that indicated a significant improvement in access to the Port of Melbourne as well as reducing truck traffic in residential streets.
- 315 **MS McLEISH** — To move, That this House condemns the Opposition for its continued campaign of public deception in portraying the Take A Break program as a state government funded program, when all the time the Opposition knew it to be a federal government responsibility and had lobbied as such, as was uncovered in an embarrassing admission in the Legislative Council on 28 June 2011.
- 316 **MR MERLINO** — To move, That this House does everything necessary to urge this posturing, dithering Baillieu-Ryan Government to adopt Labor's Road Safety Strategy that includes, among other measures and proposals, an ambitious but achievable road toll target of fewer than 200 fatalities on Victoria's roads by 2020, to ensure that where this Government won't, or can't, do the work required to further reduce the tragic impact of road trauma, work nonetheless continues to make and keep our roads safer.
- 317 **MS GRALEY** — To move, That this House condemns the Member for Gembrook for misleading the people of his electorate and the Parliament by claiming that the duplication of Clyde Road had been funded by the Baillieu Government and was the result of the work of the former federal Liberal Member for La Trobe, Jason Wood, when in reality it was funded by the Brumby Labor Government in the 2010–11 Victorian State Budget at \$25.6 million, with a further \$30 million from the Gillard Labor Government, and notes that this is another example of how Labor has generously funded the road network in Casey in stark contrast to the lack of funding from the Baillieu Government.
- 318 **MRS VICTORIA** — To move, That this House congratulates the Baillieu Government for its foresight and commitment to fund the internationally renowned bilingual immersion programs in 2006, when the Labor Party had decided to axe these programs and deprive thousands of Victorian school children the opportunities that another language would give them later in life.
- 319 **MS McLEISH** — To move, That this House praises the Minister for Transport for not only getting the trains north of Seymour back in action after three long years of non-operation, but also for spending an entire day travelling on this service, commencing at Southern Cross, and chatting with passengers along the way as the train stopped at Seymour, Benalla, Wangaratta and Wodonga.
- 320 **MR MERLINO** — To move, That this House congratulates the Opposition for delivering the Below 200 by 2020 Road Safety Strategy that outlines a number of proactive proposals to further reduce the road toll and impact of road trauma and to ensure that the progress made in driving Victoria's road toll down to record lows is not lost because of the Baillieu Government's inaction and failure to deliver an updated Arrive Alive strategy more than seven months after it was due.
- 321 **MRS BAUER** — To move, That this House condemns the former Brumby Government, in particular the former Member for Carrum, for failing to consult with the Patterson Lakes community in respect of the

alignment of the Peninsula Link Shared User Path, which will directly impact on the amenity of many Patterson Lakes residents.

- 322 **MR McGUIRE** — To move, That this House condemns the folly of the Baillieu Government's decision to axe Labor's \$150,000 funding to a needs-based charity in Melbourne's north that provides mainstream and targeted assistance to help families from 40 ethnic groups to settle into Australia, noting this cruel decision is ignorant, makes a mockery of the Government's claims of supporting multiculturalism and needlessly repeats the failures of the past by again relegating disadvantaged families in Broadmeadows to the status of the truly 'forgotten people'.

- 46 **GEELONG HIGH SCHOOL UPGRADE** — Petition presented by the Member for Geelong (29 June 2011) — Requesting that the Legislative Assembly urges the Baillieu Government to fund the much needed upgrade of the Geelong High School — To be considered (*Mr Trezise*).
- 47 **FUNDING FOR SCHOOL BUILDING WORKS** — Petition presented by the Member for Williamstown (29 June 2011) — Requesting that the Legislative Assembly urges the Baillieu Government to reverse its plans to reduce the scope of Bayside College's stage two building works at the Newport Campus — To be considered (*Mr Noonan*).

- 334 **MR NEWTON-BROWN** — To move, That this House condemns the ALP for the disgraceful and defamatory attacks by its infamous ‘dirt unit’ on the Premier during the 2010 election and, further, notes that — (a) Nick Reece, on behalf of the ALP, has retracted these claims; (b) Nick Reece, on behalf of the ALP, has apologised for these claims; and (c) the Leader of the Opposition has so far not apologised for these claims.
- 335 **MS CAMPBELL** — To move, That this House condemns the Baillieu Coalition Government for its decision to cut funding for the Take a Break program at Sussex Neighbourhood House and Robinson Reserve Neighbourhood House, which means that many families will be unable to access affordable, community-based occasional childcare to attend doctors’ appointments, take a class or go to a job interview.
- 336 **MR SOUTHWICK** — To move, That this House condemns the Labor Party for its attempts to smear the good name of the Premier with its defamatory campaign advertisements in 2010 and, further, calls on the Member for Northcote to retract her misleading statements to the House on 28 February 2008.
- 337 **MS HALFPENNY** — To move, That this House condemns the Minister for Housing for her inadequate and ineffective handling of her portfolio, which sees her happy to attempt to take credit for the construction of new affordable homes in Thomastown, while committing zero dollars for social housing in the electorate, while waiting lists continue to grow.
- 338 **DR SYKES** — To move, That this House calls upon the Leader of the Opposition to explain his plan for Victoria as outlined in the *Border Mail* in the week of 8 August 2011 where, instead of apologising for his Labor Party’s mistakes including the desalination plan, myki, smart meters, the north-east rail corridor upgrade and HealthSmart which have cost Victorian taxpayers billions of dollars, the Leader of the Opposition has called upon the recently elected Baillieu–Ryan Government to fix the mess.
- 339 **MS GREEN** — To move, That this House condemns the Baillieu Government for callously and without consultation removing the Kinglake-Whittlesea shuttle bus and notes that families in the Kinglake Ranges, many of whom are bushfire survivors, are heavily reliant on public transport to access medical and educational services as well as employment in Whittlesea and beyond.

- 340 **MRS BAUER** — To move, That this House condemns the former Labor Government for cutting recurrent library funding while in office and for embedding further significant cuts to library funding in the forward estimates and congratulates the Baillieu government for restoring \$6.5 million in recurrent library funding over three years, putting in place new funding arrangements and establishing a bipartisan comprehensive review of the role, services and funding of all libraries in Victoria.
- 341 **MR NOONAN** — To move, That this House condemns the Leader of the Nationals, who is also Minister for Police and Emergency Services, for sending a \$1 million contract to supply fabric for police shirts away from a Wangaratta textiles company in preference to a Queensland-based company and, further, notes the comments made by Bruck Textiles' boss, Allan Williamson, in response to that decision, who said 'Ken Jasper ... would never have allowed this on his watch'.
- 342 **MS RYALL** — To move, That the Opposition be condemned for its failure to take responsibility or apologise for the financial debacle under their watch that saw the loss of \$3 billion in gaming licence revenue which has robbed Victorians of the necessary funds to provide much needed services and infrastructure in this state.

## NOTICES GIVEN ON 17 AUGUST 2011

- 343 **MS ALLAN** — To move, That this House encourages the Leader of the Nationals to take the advice offered by the *Weekly Times* to take on the role of Premier for country Victoria, as his predecessor John Brumby once did, and notes the comments in the *Weekly Times* that if the Leader of the Nationals can't step into the role then regional Victoria needs someone who can.
- 344 **MR KATOS** — To move, That this House congratulates the Baillieu Government for listening to the Torquay, Jan Juc and Bellbrae communities with regard to planning in Spring Creek unlike the former Minister for Planning who rode roughshod over them as well as many other communities around Victoria.

- 346 **MS HALFPENNY** — To move, That this House condemns the Baillieu Government for its inaction over Thomastown West Primary School, where despite the requests for intervention from the principal, school council and entire school community, the Minister for Education seems content to have builders walk off the job when the money runs out and leave the school with a concrete slab and a pile of structural steel in the playground where a new classroom should be.
- 347 **MR WELLER** — To move, That this House condemns the Victorian Labor Opposition for supporting the Federal Labor Government's proposed carbon tax.
- 348 **MR SOUTHWICK** — To move, That this House condemns the Gillard Labor Government for the Prime Minister's broken promise, made in August 2010, that there would be no carbon tax under a government she led and calls on the Victorian Labor Party to stand up for Victoria and make their Labor mates axe the tax.
- 349 **DR SYKES** — To move, That this House notes with bewilderment the Labor Party's calls for water to be pumped down the north–south pipeline into Sugarloaf Reservoir which is already full, and further notes the Victorian Labor Party's claims that the billions of litres of water flowing down the Goulburn Murray system and out into the ocean is being wasted, when at the same time the Federal Labor Government is buying back water currently used to produce food and fibre to run down the Murray and flow out to the ocean for the benefit of the environment.

### NOTICES GIVEN ON 18 AUGUST 2011

- 245 **MS DUNCAN** — To move, That this House condemns the Liberal–Nationals Government for choosing to cruelly cut funding to the Take A Break program that may result in Goonawarra Neighbourhood House in Sunbury in the Macedon electorate being forced to close.
- 246 **MRS FYFFE** — To move, That this House condemns the Labor member of Parliament in a Northern Victoria seat who on Monday 15 August 2011 told a constituent that they couldn't help them with their

- 247 **MR PERERA** — To move, That this House condemns the Liberal–Nationals Government for cuts to the Take A Break program that may result in the Cranbourne Community Centre, the Carrum Downs Community Centre and the Mahogany Neighbourhood Centre, all located in the Cranbourne electorate, being left with a big black hole resulting in some staff losing their jobs and many parents left with no place to go for the care of children.
- 248 **MR McCURDY** — To move, That this House congratulates the Baillieu Government for its prompt action to resolve the Melbourne Fruit and Vegetable Market stand-off, and notes that this partially funded project by the previous government can now move forward with the assurance of the Coalition Government’s commitment to complete the project with adequate extra funds.

- 253 **MR FOLEY** — To move, That this House condemns the heartless Baillieu–Ryan Government for ending Take A Break occasional childcare funding to the Southport Playhouse Port Melbourne and throwing 90 local families onto the childcare waiting list scrap heap for the want of \$20,000, and calls upon the Minister for Children and Early Childhood Development to cease picking a fight and transferring the blame to Canberra when her own ineptitude has resulted in this crisis.
- 254 **MR NEWTON-BROWN** — To move, That this House condemns the Victorian branch of the Australian Labor Party for failing to stand up to Julia Gillard’s proposed carbon tax thereby condemning Victorians to catastrophic job losses as detailed by the independent Deloitte report and, further, that this House condemns the Parliamentary Labor Party for failing to facilitate the Premier’s visit to COAG on 18 August 2011, where he intends to stick up for the 23,000 Victorians who will lose their jobs if Labor’s new tax is implemented.

## GENERAL BUSINESS

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 31 AUGUST 2011

- 257 \***MR NEWTON-BROWN** — To move, That this House — (a) condemns the former Labor Government for its environmental destruction of some of the most magnificent coastlines in Victoria with its windfarm approvals; (b) congratulates the Minister for Planning for moving to protect our precious coastlines and significant landscapes in the Yarra Valley and Macedon Ranges from the visual scourge of wind turbines; and (c) acknowledges that this policy will have little impact on the development of the windfarm industry given that of the 1,000 turbines approved only 400 have actually been built and over 95 per cent of Victoria is still available for new permit applications.
- 258 \***MS GRALEY** — To move, That this House condemns the Baillieu Government for disadvantaging students undertaking education, training and employment at Narre Warren South P-12 College, the recipients of VCAL Student of the Year, VCAL Teacher of the Year and VCAL School of the Year awards, by cutting VCAL coordination funding.
- 259 \***MR SOUTHWICK** — To move, That this House — (a) welcomes the announcement of the Economist Intelligence Unit's Global Liveability Survey that ranks Melbourne as the world's most liveable city; (b) notes the appropriateness of this announcement happening on the anniversary of Melbourne's founding in 1835; and (c) congratulates the Baillieu Coalition Government on its strong economic management which is clearly already delivering results for the people of Victoria.
- 260 \***MS EDWARDS** — To move, That this House condemns the Baillieu-Ryan Government for its savage cuts to the VCAL program which will put hundreds of students in regional areas such as Castlemaine at a disadvantage with regard to employment and study opportunities.
- 261 \***DR SYKES** — To move, That this House notes the recent email exchange between the Member for Ripon and Mr Colin Bishop and further, that this House notes the forthright email comments by the Member for Ripon at 10.03 pm on 26 August 2011 in response to an email from VicFleet.
- 262 \***MS GARRETT** — To move, That this House condemns the Baillieu-Ryan Government for ripping funding out of the highly respected VCAL program, a program that has proven success in giving young people options in their pathways for learning and the hands-on skills and work experience they need for future employment, and a program which many students in the Brunswick electorate at both Brunswick Secondary College and Sydney Road Community School have greatly benefited from.
- 263 \***MS McLEISH** — To move, That this House congratulates the Government and in particular the Minister for Public Transport for the prompt and positive response to provide additional bus services between Kinglake and Whittlesea.

- 264 \***MR NOONAN** — To move, That this House condemns the Baillieu Government for recklessly slashing \$12 million per year for VCAL coordinators across our schools and other education providers without any consultation or notice, and notes that such a decision will strip more than \$60,000 from Bayside College's annual budget and undermine the future success of the VCAL program for students in the Williamstown and Altona electorates.
- 265 \***MR KATOS** — To move, That this House condemns the federal government and the Victorian Labor State Opposition in their unwavering support for the introduction of the carbon tax and its dire implications for manufacturing jobs in Victoria.
- 266 \***MS CAMPBELL** — To move, That this House recognises and thanks the vital work of VCAL coordinators at Pascoe Vale Girls College, Glenroy College and Strathmore Secondary College who provide students with a program that is flexible and designed to cater for their individual needs.
- 267 \***MS GRALEY** — To move, That this House condemns the Baillieu Government for its cut to VCAL coordination funding, the latest in a string of cruel and callous education cuts, which will negatively impact on students undertaking education, training and employment at Kambrya College, where the VCAL program is expanding, not plateauing as claimed by the Baillieu Government, and requires coordination for it to continue to meet student needs.
- 268 \***MS GRALEY** — To move, That this House condemns the Baillieu Government for disadvantaging students at new schools in the outer suburbs, by cutting VCAL coordination funding, which will negatively impact on students at Alkira Secondary College, who will now not have the opportunity to undertake VCAL, showing out of touch the Baillieu Government is with the needs of students and staff.
- 269 \***MR EREN** — To move, That this House condemns the Baillieu Government for cutting vital funding to the VCAL program, leaving students, teachers and families in the Lara electorate under threat.
- 270 \***MS GREEN** — To move, That this House condemns the Premier and the Minister for Education for the \$54,000 cut to Epping Secondary College VCAL program, which will force this great school to cut back its highly successful individualised VCAL program meaning fewer practical electives and less time visiting and monitoring students on placements.
- 271 \***MS GREEN** — To move, That this House condemns the Liberal–Nationals Government for its \$31,000 cut to Whittlesea Secondary College's VCAL budget, which will force the school to cut back its award-winning and oversubscribed VCAL course.
- 272 \***MS GREEN** — To move, That this House condemns the Baillieu Government for cutting \$50,000 from the Mill Park Secondary College budget, which will force the school to review the delivery of its VCAL program and which will adversely affect local students.
- 273 \***MS GREEN** — To move, That this House condemns the Coalition Government for cutting VCAL funding to Diamond Valley College, which stands to lose half a teacher's salary forcing it to make cuts elsewhere if it is to continue this highly successful and popular course.
- 274 \***MS GREEN** — To move, That this House condemns the Member for Seymour and the Baillieu Government for slashing \$12 million from the Victorian Certificate of Applied Learning program, further limiting education opportunities in rural and regional Victoria.
- 275 \***MS GREEN** — To move, That this House condemns the Premier and Member for Seymour for cutting Victorian Certificate of Applied Learning funding for Wallan Secondary College, which had planned to introduce the VCAL program for the first time in 2012.
- 276 \***MS GREEN** — To move, That this House condemns the Premier and Member for Seymour for cruelly and without consultation snatching funds for Victorian Certificate of Applied Learning programs from Broadford Secondary College, Seymour P–12 College and Assumption College, Kilmore.

- 277 \***MR DONNELLAN** — To move, That this House condemns the removal of funding for the VCAL coordination at Hallam Secondary College and notes that while the Federal Government is putting over \$10 million into the school, the Baillieu Government is stealing futures from the poor of Hallam.

### NOTICES GIVEN ON 31 AUGUST 2011

- 267 **MR SOUTHWICK** — To move, That this House congratulates the Baillieu Government and the Minister for Innovation, Services and Small Business on a series of events known as Small Business Month which concluded on 31 August 2011 and involved more than 400 events to assist in skill development and networking opportunities for small business and notes the theme of ‘add one more skill’ was very appropriate given these difficult times for business owners.
- 268 **MR NOONAN** — To move, That this House condemns Premier Baillieu and each and every member of the Liberal and National Parties for systematically dismantling their support for climate change action in Victoria and casting aside the bipartisan approach that this Parliament adopted in 2010 in passing legislation to cut Victoria’s emissions by 20 per cent in 2020.
- 269 **DR SYKES** — To move, That this House — (a) notes that at long last Melbourne Water has agreed to make a public apology to Jan Beer for spying on her as she exercised her democratic right to protest against the north–south pipeline; and (b) calls on the former Minister for Water to also apologise to Jan Beer for calling Ms Beer and her colleagues ‘quasi terrorists’ and acknowledge that he got it badly wrong about the need for the pipeline because, in spite of the proclamation made by the Member for Yan Yean that it does not rain anymore, the return of normal rainfall has replenished Melbourne’s own water storage.
- 270 **MR FOLEY** — To move, That this House condemns the Baillieu Government for its call in and approval of a 26 storey development at 3–5 St Kilda Road as sending a signal that it is open slather for such development south of St Kilda Junction into the residential heart of St Kilda for the first time and notes that the ineffective comments from the Member for Prahran to the House on this development on 2 March 2011 reveals that this government does not even listen to its own members.
- 271 **MS McLEISH** — To move, That this House condemns the former Brumby Government and the former Minister for Water for condoning spying on a pipeline protest farmer, justifying the collection and collation of a large amount of information on what was described as threatening and aggressive behaviour by the pipeline opponents, which is contrary to the recent VCAT decision that determined an apology was appropriate.
- 272 **MR FOLEY** — To move, That this House condemns the Baillieu Government for axing FreezaCentral and its refusal to guarantee the future of Freeza, thereby ending the most successful mentoring and development project for young people in the live music industry that had previously enjoyed bipartisan support, and calls upon the Minister for Youth Affairs to lift his game and get at least one budget bid up.
- 273 **MR BATTIN** — To move, That this House congratulates the Baillieu Coalition Government’s Minister for Youth Affairs and the former Shadow Minister for Youth for ensuring that thousands of students across Victoria have access to the Rock Eisteddfod, a great program that ensures young people of today are introduced to the performing arts, and notes that the former Labor Government failed to see the benefit of this program and it has taken a Coalition Government to deliver for the arts and young people.
- 274 **MR PALLAS** — To move, That this House expresses its concern that since the end of the school year in 2010 the Minister for Education has failed to resolve the usage of the now empty and increasingly vandalised Glen Devon Primary School site despite repeated calls from the community and council for a

Community Learning Centre to be established on the site, and notes that the Minister and his Department hide behind a long overdue business case which local residents have every right to see as nothing more than an excuse for inaction which ensures continuing damage to this vital community asset.

- 275 **MRS BAUER** — To move, That this House congratulates the Coalition Government and the Minister for Public Transport for their commitment to improving punctuality and reliability on the Frankston train line and notes that the latest figures for July 2011 report punctuality on the Frankston line has improved from the abysmally low 65.5 per cent under the former Labor Government to 92.6 per cent.
- 276 **MS KAIROUZ** — To move, That this House condemns the Baillieu Government for its cuts to VCAL, an important program that develops skills in students to enable them to join the workforce and means that students are not stuck in a classroom and are exposed to a range of experiences that will make the transition from secondary schooling to further education and training or work much smoother.

### NOTICES GIVEN ON 1 SEPTEMBER 2011

- 264 **MR NEWTON-BROWN** — To move, That this House — (a) acknowledges the statement made by the Member for Lyndhurst on 19 August 2011 when he apologised to Hon Wendy Lovell MLC and withdrew his allegations regarding her compliance with the *Members of Parliament (Register of Interests) Act 1978*; and (b) discourages individual members from assuming the role of enforcer of members' obligations as members of Parliament.
- 265 **MS GREEN** — To move, That this House condemns the Baillieu Government for its lack of action in delivering new jobs for Melbourne's north, specifically the Premier's dithering over the Epping Fruit and Vegetable Wholesale Market and notes that his refusal to build new roads, public transport and schools risks vital investment for some of Australia's fastest growing suburbs.
- 266 **MR BATTIN** — To move, That this House congratulates the Baillieu Government for delivering on commitments in the Gembrook Electorate so that after 11 years of neglect from the former Government

families with students of special needs have been heard, and will have a school that is local and designed with consultation of families, the Department of Education and Early Childhood Development and local representatives from other special schools and which gives the option for all Victorian young people to achieve their educational best no matter their ability.

- 267 **MS CAMPBELL** — To move, That this House notes that — (a) the Baillieu Government’s dithering on procurement policy is at the expense of Australian jobs; and (b) that it is difficult to have an operational procurement policy when there is no Victorian pipeline of infrastructure projects.
- 268 **MS MILLER** — To move, That this House condemns the Labor Opposition for not encouraging our youth in the performing arts by discontinuing funding for the popular and highly regarded Rock Eisteddfod in 2010, and further condemns the Member for Eltham for boasting about schools in his electorate because if Labor were still in government not only would they have not been recipients of a certificate, there would have been no certificates to give.
- 269 **MS HUTCHINS** — To move, That this House condemns the Baillieu Government for its attacks on schools in the outer western suburbs by slashing almost \$50 million of VCAL funding from school budgets to 2015, affecting four secondary schools in the electorate of Keilor, particularly Copperfield College in Sydenham which will lose \$105,000 from its annual budget despite its 100 per cent VCAL completion rate in 2010.
- 270 **MR NORTHE** — To move, That this House condemns the Gillard Federal Labor Government for its carbon tax proposition which will impact heavily on Victorian and Latrobe Valley communities and notes that, despite the rhetoric of the Federal Government, there is no plan that outlines how the Gillard Government will deal with potential job losses in the Latrobe Valley, the social and economic impacts of this tax, the real cost impacts upon households and businesses and how Victoria’s energy security needs will be met in the future if this tax is introduced.
- 271 **MR FOLEY** — To move, That this House — (a) condemns the Baillieu–Ryan Government’s cuts to VCAL which will mean that hundreds of young people in the Albert Park electorate at Elwood College, Montague Continuing Education Centre and St Kilda Youth Services, and those employers relying on the inner south VET cluster for vocational training and opportunities to develop the skilled workers of the future, will now be forced to either increase costs, reduce options for skills development pathways or withdraw from the education system; and (b) calls upon the Government to restore the funding to VCAL coordinators and build our young people’s employment future.
- 272 **MR BATTIN** — To move, That this House condemns the Member for Narre Warren North for his offensive, misogynist, affronting language and comments during the grievance debate on 31 August 2011, in describing the Members for Carrum and Mordialloc as ‘two smiling blonde cherubs,’ and calls upon the Leader of the Opposition to counsel the Member to cease using 19<sup>th</sup> century perspectives on the role of women in politics.
- 273 **MS CAMPBELL** — To move, That this House acknowledges the essential work of Victoria’s VCAL coordinators such as David Woolcock at Glenroy College, Tony Stirling at Pascoe Vale Girls College, and Strathmore Secondary College’s Marie Spyros, whose ongoing guidance is necessary for students in the electorate of Pascoe Vale.

### NOTICES GIVEN ON 14 SEPTEMBER 2011

- 265 **MR DONNELLAN** — To move, That this House notes with serious concern the increasingly grubby planning processes in the south east involving the Members for Mordialloc and Carrum, the Member for South Eastern Region Mrs Inga Peulich, the Minister for Planning and shady Liberal Party fundraising organisations like Business First.
- 266 **MR KATOS** — To move, That this House condemns the Victorian Labor Opposition for proposing a disallowance motion with regards to the Government's wind farm policy in the form of VC82 despite this policy being taken to the 2010 Victorian election and the Coalition being given a clear mandate by the people of Victoria.
- 267 **MR MERLINO** — To move, That this House condemns the Premier for saying his government would act with integrity and accountability but presiding over, in 10 short months, ministers and advisers running a campaign against the Police Commissioner, the undermining of the Director of Public Prosecutions, secret payments from the Liberal Party fundraisers to pay for legal expenses, the acceptance of secret funds from developers and Liberal mates accused of insider trading.
- 268 **MR NEWTON-BROWN** — To move, That this House condemns the former Labor government for allowing slumlords to set up dodgy illegal boarding houses in many of our innercity areas such as Prahran and applauds the Minister for Consumer Affairs for his steps taken to crack down on these rogue operators who are putting lives at risk.
- 269 **MS KAIROUZ** — To move, That this House condemns the Premier for his continued lack of honesty by instructing his office to refuse the release of information requested under Freedom of Information including just how many staff he has employed in his office.
- 270 **DR SYKES** — To move, That this House congratulates the Premier for providing a steady hand of leadership as the Government goes about fixing the mess after 11 years of mismanagement by the former Labor Government, in particular in regional Victoria, where the Baillieu Government has committed \$160 million to fix local roads and bridges and \$1 billion for other regional infrastructure, and notes that after these 11 years Victorians again feel confident that money is being managed wisely and that the mess left by Labor will be fixed by the Coalition government.
- 271 **MR NOONAN** — To move, That this House condemns the Premier for presiding over a Liberal Party and its associated entities that are seeking to hide from Victorians who has donated to Party coffers.
- 272 **MR SOUTHWICK** — To move, That this House condemns the left-wing boycott, divestment and sanctions movement who were out in force again on the streets of Melbourne on Friday 9 September 2011 interrupting trade at Melbourne Central and QV protesting against the Max Brenner chocolate shop and — (a) notes that their argument that Israel is an apartheid state is hypocritical as they are boycotting

businesses based on race and that their actions border on anti-Semitism; (b) congratulates the Young Liberal Movement of Victoria, the Australian Liberal Students' Federation and their presidents Gideon Rozner and John Shipp for a successful pro-Israel, pro-business rally on the steps of the State Library on Sunday 11 September 2011 which included a number of Coalition state and federal MPs; and (d) welcomes the efforts by the Leader of the Opposition to support Israeli-connected businesses by having a delicious Max Brenner hot chocolate and condemning the protesters.

- 273 **MS CAMPBELL** — To move, That this House condemns the Premier for his failure to act with probity and honour by politicising the freedom of information (FOI) process in his office by requiring all FOI applications to go to a Liberal Party political staffer rather than the independent Department of Premier and Cabinet.
- 274 **MS RYALL** — To move, That this House condemns the Labor Opposition for their recent campaign criticising the Government for providing \$15 million for Circus Oz and notes the Member for Richmond's vocal support for the funding of Circus Oz and saying that he acknowledges the support the Premier has provided.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

#### NOTICES GIVEN ON 14 SEPTEMBER 2011

- 271 **MR BROOKS** — To move, That this House condemns the Premier and Deputy Premier for refusing to answer serious and legitimate questions on 13 September 2011 about the leaking of confidential documents by the Minister for Police's office and his Parliamentary Secretary, and calls on both the Premier and Deputy Premier to provide a full explanation of this scandal to the Victorian people.
- 272 **MR NEWTON-BROWN** — To move, That this House condemns the former Labor Government for its failure over 11 years to prepare for the rapid population growth in Victoria and, in particular, failing to invest in public transport and new schools for inner city areas such as Prahran, and notes the statement of the Leader of the Opposition to *The Age* on 18 July 2011 that '[w]e just couldn't keep up'.
- 273 **MS GARRETT** — To move, That this House condemns the Baillieu Government for its continuing refusal to sit down at the bargaining table with the police association, despite pre-election commitments to the contrary, and thereby failing to give the hard-working and courageous men and women of Victoria Police the respect and recognition they deserve.
- 274 **MR WELLER** — To move, That this House congratulates the Baillieu Government on delivering its election promise to provide \$1 million per year over four years to 40 rural shires to fix roads that have fallen into disrepair over the previous 11 long, dark years of Labor neglect.
- 275 **MR HOWARD** — To move, That this House — (a) condemns the Baillieu Government for withdrawing the funding for VCAL coordination, which will seriously challenge VCAL options for students at Ballarat Secondary College, Mt Clear College, Daylesford Secondary College, Damascus College, Ballarat University UB Tec and BEST Community Development's Youthworks Programs; and (b) calls upon the Government to restore the funding for VCAL coordinators and support our young people's education and employment opportunities.
- 276 **MS McLEISH** — To move, That this House congratulates the Coalition for its continued support for and recognition of the importance of the agricultural sector in Victoria and praises the Minister for Agriculture and Food Security for his commitments to securing the future of the Victorian farming industry evidenced by his willingness to not only support young farmers but to meet and engage with representatives to hear their concerns.
- 277 **MR FOLEY** — To move, That this House condemns the Minister for Planning and the Member for Prahran for double standards in planning decisions in and around the district of Albert Park, as reflected by disallowing the 35 Albert Road development that would have blocked the views of prominent Liberal members and supporters, and contrasts this with the 3–5 St Kilda Road decision where the Minister approved a Gold Coast-style development at the heart of residential St Kilda in opposition to the views of the Council, local Liberal Party members and community groups, and calls upon the Minister and Member for Prahran to clarify if they have met with the developer or their representatives to discuss this matter and if so to release the meeting notes.
- 278 **MR SOUTHWICK** — To move, That this House commends the work of beyondblue who provide great support in the areas of mental health and depression which is of vital importance given that, as members

heard in a presentation on 14 September 2011 organised by the Parliament, over three million people each year express anxiety and mental health issues but over fifty per cent do not seek help.

- 279 **MR PERERA** — To move, That this House condemns the Baillieu Liberal Government for adopting the old school closure habits and secretly making arrangements to close down the Seaford Park Primary School in the electorate of Cranbourne.
- 280 **MRS BAUER** — To move, That this House condemns the Member for Isaacs and the Gillard Government for not immediately reinstating funding for the Take A Break program, and condemns the Victorian Opposition for, when in government, only funding the shortfall in the program with nothing in the forward estimates, in what can only be described as a cynical election year deception of Victorian people.

## GENERAL BUSINESS

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 15 SEPTEMBER 2011

- 273 **MS McLEISH** — To move, That this House applauds the Coalition Government and in particular the Minister for Community Services for her passion, dedication and resolve to improve the situation for Victoria's most vulnerable, further demonstrating the Coalition's commitment to govern for all Victorians.
- 274 **MR McGUIRE** — To move, That this House condemns the Baillieu Government for breaking its election promise for a new era of transparency and accountability emphasised by its shameful display during Question Time by employing the strategy of rejecting the premise of the question, and notes that such an obvious tactic to avoid scrutiny and accountability is contemptuous of the Parliament and unbecoming of the responsibility conferred on the Government by Victorians.
- 275 **MS MILLER** — To move, That this House condemns the former Victorian Labor Government for not supporting small business, and notes that — (a) the recent announcement to introduce a carbon tax will leave a sour taste in the mouths of most Victorian businesses; and (b) the cost to business will be passed on to paying customers.
- 276 **MS CAMPBELL** — To move, That this House notes the hypocrisy of the Premier's claims whilst in Opposition that there would be openness and integrity in his Government, yet in practice he has failed in this House to answer a single question relating to why the Parliamentary Secretary for Police who has leaked confidential information to the media should continue to hold his privileged position.
- 277 **MR BULL** — To move, That this House congratulates the Baillieu Government for its strong stance of getting tough on crime and antisocial behaviour by banning the bong, getting tougher on hoon drivers, introducing PSOs on our train stations and growing police numbers.
- 278 **MS GRALEY** — To move, That this House — (a) condemns the Baillieu Government for its cruel and callous cut of \$480 million to the education budget, including \$50 million from VCAL, while claiming that there will be no effect on services and jobs, when our schools and community learning organisations say the opposite; and (b) notes that the cuts will limit opportunities for young people, including staff and students at Narre Community Learning Centre.
- 279 **MS RYALL** — To move, That this House congratulates the Baillieu Government for its support for greater flexibility for students working casually and for retailers employing those students and, further, congratulates Fair Work Australia for its decision to support a variation to allow students to work casually for one and a half hours minimum in the retail sector, noting that this is good for students, good for small business, good for productivity and good for Victoria.
- 280 **MR McGUIRE** — To move, That this House condemns the Minister for Health for failing to abide by sessional orders in responding to an adjournment debate raised by the Member for Broadmeadows on 31 May 2011 over the Baillieu Government's failure to commit \$11 million to secure a \$50 million deal for an academic and research precinct at the Northern Hospital, demonstrating that this is a government resentful of scrutiny and accountability and governing for all Victorians.

- 281 **MS McLEISH** — To move, That this House congratulates the Minister for Environment and Climate Change for his recognition and support for LandCare groups, networks and thousands of dedicated volunteers with a \$600,000 grant so that they can progress their great work, which puts back where the Federal Government took away.
- 282 **MR FOLEY** — To move, That this House condemns the Premier for his continued lack of integrity by continuing to refuse the release of documents under freedom of information including who attended his lavish soiree at the 2011 Grand Prix.

### NOTICES GIVEN ON 11 OCTOBER 2011

- 277 **MR NOONAN** — To move, That this House notes — (a) the claim by the Treasurer that the Victorian Government's greenhouse emissions reduction target is not in legislation; (b) that the Treasurer actually voted in favour of the establishment of a greenhouse emission reduction target when he was in Opposition; and (c) that the Treasurer has no idea on climate change policy as evidenced by his disastrous press conference on 20 September 2011.
- 278 **MS RYALL** — To move, That this House condemns the Labor Opposition for their 11 year failure, when in Government, to plan and invest adequately in Victoria's hospitals and ambulance system to keep pace with our growing population and ageing community.
- 279 **MR HERBERT** — To move, That this House notes that the Treasurer could not answer even the most basic questions about his Government's own report on the price of carbon that he released on 20 September 2011, and that he has still not answered directly a journalist's question of whether in fact he had read the report prior to its release and calls on the Treasurer to apologise for misleading Victorians about the findings of the Government's modelling of the impact of the price on carbon.
- 280 **MR SOUTHWICK** — To move, That this House congratulates the Premier on the success of his recent trip to China and notes this Government's hard work in securing and building a strong relationship with China, one of Victoria's major trading partners.
- 281 **MS CAMPBELL** — To move, That this House notes the Treasurer's claim in this place on 18 August 2011 that Victoria will be the state hit hardest by pricing carbon and further notes that this claim is in fact not true based on his Government's own modelling and condemns the Treasurer for misleading Victorians about the true impact of a price on carbon, and calls on him to apologise.
- 282 **MR BULL** — To move, That this House congratulates the Coalition Government for getting serious about tackling the wild dog problem and notes that on top of previously announced measures it commenced the fox and dog bounty in October 2011 and has announced that aerial baiting will commence in autumn 2012.
- 283 **MR McGUIRE** — To move, That this House calls on the Premier to provide Victorians with a Treasurer who can deliver credible statements on significant economic issues, following the now notorious media conference of 20 September 2011, which delivered the front page article in *The Age* headed 'State Fudges Carbon Figures' on 21 September 2011 and the *Australian Financial Review's* 'Wells Fluffs Quiz On

Carbon Tax' on 20 September 2011 exposing the Baillieu-Ryan regime yet again as a political outfit that has still not risen to the standing and authority required of a government, despite almost a year in office.

- 284 **MR NEWTON-BROWN** — To move, That this House condemns the Member for Altona for misleading Victorians about the Government's commitment to provide better education services to the residents of Point Cook.
- 285 **MS GREEN** — To move, That this House apologises on behalf of the Treasurer for his lamentable performance at his carbon press conference on 20 September 2011 when he was unable to explain domestic abatement and the difference between the Commonwealth and the Deloitte modelling, for his being unable to answer a question about the cost of his own report, for his earlier misleading claim that Victoria will be hit hardest by the price on carbon and for his claim that Victorian greenhouse emissions reduction target is not in legislation.
- 286 **MR NEWTON-BROWN** — To move, That this House recognises and applauds the efforts of the organisers on Mental Health Week in promoting the issue of mental health to the Victorian public.

### NOTICES GIVEN ON 12 OCTOBER 2011

- 287 **MR FOLEY** — To move, That this House — (a) condemns the Member for Prahran for his disregard for the forms and processes of the House and baseless attempts to misrepresent the members of the Opposition in the most unparliamentary of terms in the House on 11 October 2011 and for misrepresenting the issue of seeking to secure the Canterbury Road Urban Forest as a public reserve safe from the privatising hands of the Government and its agencies; and (b) calls upon the Member for Prahran to apologise to the members of the Opposition he so mistakenly attacked before being brought to order by the Speaker, and to extend this apology to the people of the Albert Park electorate who support the protection of the Canterbury Road Urban Forest as a public reserve.
- 288 **MR SOUTHWICK** — To move, That this House — (a) notes that the Gillard Labor Federal Government brought to a vote its carbon tax on 12 October 2011; (b) notes that this tax is a dishonest fraud based on an untruth by the Prime Minister; (c) condemns the Labor Opposition for its shameless support of Labor mates in Canberra and for the carbon tax; (d) notes the Opposition's childish antics in question time on 11 October 2011 when they attempted to play 'gotcha' games with the Treasurer over the effects this tax will have on the Victorian economy instead of contributing to the work of the Parliament; (e) notes that the Prime Minister said there will be no carbon tax under a government she leads; and (f) notes that owing to its support for this tax which will harm small business, families and all Victorians, the Labor Party will be sitting on the Opposition benches in this House for a very long time.
- 289 **MR CARBINES** — To move, That this House condemns the Minister for Planning for allowing the Banyule Homestead, one of Melbourne's oldest surviving homesteads, to be carved off by developers to make room for new townhouses in a move that the National Trust argues tramples on a rich piece of state history, and notes that — (a) the Minister for Planning told ABC radio in October 2011 that he would 'happily' stay out of it, even though Banyule Homestead is in his electorate; and (b) local residents are

distressed that Heritage Victoria, the Minister for Planning and the Liberal Government will not protect one of the oldest houses in Victoria.

- 290 **MR McCURDY** — To move, That this House congratulates the Baillieu Government for honouring another election commitment to reduce ministerial staff numbers and saving Victorian taxpayers tens of millions of dollars, removing the spin and cleaning up the mess.
- 291 **MS GARRETT** — To move, That this House condemns the Baillieu-Ryan Government, in particular the Minister for Planning, for treating the Brunswick community with contempt by completely ignoring the months of work put in by residents and the local council to reach a negotiated outcome regarding the development of the Tontine site and instead using ministerial planning powers to make a completely contrary decision, in the dead of night, without any consultation or warning thereby leaving the outcome of the good faith negotiations in tatters and the local community devastated, angry and reeling.
- 292 **MS RYALL** — To move, That this House condemns the Labor Party for its reckless and financially irresponsible first and, to date, only policy to make Grand Final Eve a public holiday with a slug to the Victorian economy estimated of up to \$700 million, and notes that considering Labor's cost blowouts and wasted billions that it still does not understand anything about job creation, productivity or strengthening the Victorian economy.
- 293 **MS GREEN** — To move, That this House — (a) condemns the appalling logical inclusions process begun by the Minister for Planning that is ignoring local concerns about the destruction of Melbourne's beautiful green wedges and is devastating communities across Melbourne including places like Doreen and condemns the Minister for failing to insist on any new development being accompanied by funding for roads, public transport, schools and hospitals; and (b) urges the Minister to not simply listen to the internationally rich and famous but to ordinary hardworking Victorians whose chosen lifestyle is under serious threat.

- 295 **MS KNIGHT** — To move, That this House condemns the Baillieu Government for cutting the Ballarat Flagship express service to Melbourne, and for failing to comprehend how important this service was to the commuters in the Ballarat West electorate, and notes that replacing an express service with one that stops at stations still equates to a cut in services.

- 153 **MR MERLINO** — To move, That this House does everything necessary to urge this posturing, dithering Baillieu-Ryan Government to adopt Labor's Road Safety Strategy that includes, among other measures and proposals, an ambitious but achievable road toll target of fewer than 200 fatalities on Victoria's roads by 2020, to ensure that where this Government won't, or can't, do the work required to further reduce the tragic impact of road trauma, work nonetheless continues to make and keep our roads safer.

- 154 **MS GRALEY** — To move, That this House condemns the Member for Gembrook for misleading the people of his electorate and the Parliament by claiming that the duplication of Clyde Road had been funded by the Baillieu Government and was the result of the work of the former federal Liberal Member for La Trobe, Jason Wood, when in reality it was funded by the Brumby Labor Government in the 2010–11 Victorian State Budget at \$25.6 million, with a further \$30 million from the Gillard Labor Government, and notes that this is another example of how Labor has generously funded the road network in Casey in stark contrast to the lack of funding from the Baillieu Government.
- 155 **MRS VICTORIA** — To move, That this House congratulates the Baillieu Government for its foresight and commitment to fund the internationally renowned bilingual immersion programs in 2006, when the Labor Party had decided to axe these programs and deprive thousands of Victorian school children the opportunities that another language would give them later in life.

- 157 **MR MERLINO** — To move, That this House congratulates the Opposition for delivering the Below 200 by 2020 Road Safety Strategy that outlines a number of proactive proposals to further reduce the road toll and impact of road trauma and to ensure that the progress made in driving Victoria's road toll down to record lows is not lost because of the Baillieu Government's inaction and failure to deliver an updated Arrive Alive strategy more than seven months after it was due.
- 158 **MRS BAUER** — To move, That this House condemns the former Brumby Government, in particular the former Member for Carrum, for failing to consult with the Patterson Lakes community in respect of the alignment of the Peninsula Link Shared User Path, which will directly impact on the amenity of many Patterson Lakes residents.

## GENERAL BUSINESS

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 25 OCTOBER 2011

- 294 **MR ANDREWS** — To move, That this House offers its deepest and sincere sympathies to the people of Turkey following the 7.2 magnitude earthquake which struck eastern Turkey near the city of Van on Sunday 23 October 2011 and extends its thoughts and prayers to the Victorian Turkish community that has lost family and friends.
- 295 **MR SOUTHWICK** — To move, That this House — (a) notes that the Parliament is hosting the B'nai Brith Courage to Care exhibition in Queen's Hall during the week of 25 October 2011; (b) commends the important work done by B'nai Brith which campaigns against racism, hatred and bullying and spreads this message through its travelling exhibition to schools; (c) notes that this is the first time this exhibit is being hosted in the Melbourne CBD; and (d) further notes the appropriateness of this exhibit being hosted in Parliament House given the leadership role that members of Parliament play in their community in speaking out for those who suffer from these issues.
- 296 **MR HULLS** — To move, That this House — (a) condemns the Baillieu Government for slashing \$48 million in funding from the VCAL program, a decision that will see schools in the Niddrie electorate such as Buckley Park College, Essendon Keilor College and Rosehill Secondary College lose thousands of dollars in funding; and (b) notes the impact this callous decision will have on the educational opportunities of students with various physical, intellectual and learning disabilities.
- 297 **MS McLEISH** — To move, That this House condemns the Member for Bendigo East for her laziness and clear lack of professionalism as evidenced by her almost complete plagiarism of a fine Coalition media release casting the actions of the Opposition into disrepute.
- 298 **MR HULLS** — To move, That this House condemns the Member for Prahran for failing to stand up against the cruel and callous VCAL cuts that will affect every Year 11 and Year 12 student at the Victorian College for the Deaf, who rely on their VCAL coordinator not only to coordinate the VCAL program but to act as their interpreter, thereby denying hearing impaired students the right to an alternative educational pathway.
- 299 **DR SYKES** — To move, That this House congratulates the Minister for Water for achieving a commonsense, value for money, \$1.2 billion deal with the Commonwealth for the Northern Victoria Irrigation Renewal Project Stage 2, and notes the stark contrast with the previous Minister for Water's waste of billions of dollars of taxpayers' money on a desalination plant which will cost Victoria \$2 million per day for decades to come and the north–south pipeline which is lying idle.
- 300 **MR LIM** — To move, That this House condemns the Baillieu Coalition Government for its funding cut to the VCAL program as it has severely affected the Westall Secondary College in the electorate of Clayton, enraging the school community which stands to lose more than \$105,000 in 2012 alone, prompting serious concern for the future and welfare of hundreds of vulnerable refugee and migrant teens who

would benefit from the VCAL program, and notes that this funding cut is cruel, insensitive and discriminatory and must be restored as a matter of urgency.

- 301 **MR NEWTON-BROWN** — To move, That this House congratulates the Baillieu Coalition Government on behalf of our four-legged friends for taking action on the disgraceful puppy farm enterprises which were allowed to flourish unchecked by the previous Labor Government, despite activists such as Debra Tranta from Oscar's Law highlighting the need for urgent action years ago.
- 302 **MR NOONAN** — To move, That this House condemns the Nationals for stating before the 2010 Victorian state election that 'schools may need additional support to run alternative programs for students at risk of dropping out of standard school programs,' but then in government standing idly by whilst their Liberal Party colleagues slashed \$48 million for VCAL coordinators, many of whom are employed in regional and rural schools to help drive up student retention rates and facilitate meaningful education pathways for country students.
- 303 **MR SOUTHWICK** — To move, That this House congratulates Victoria University on the establishment of their inaugural Alumni awards which seek to recognise past students who have made significant contributions to the University and the community, and acknowledges that the highest honour given was the Distinguished Alumni Award which was awarded to the Treasurer, who is a great ambassador for Victoria University.
- 304 **MS GRALEY** — To move, That this House condemns the Minister for Education for stating that his \$48 million cut to VCAL coordination funding, which will impact students' education, school programs and teachers' jobs, is not the end of the world, which demonstrates exactly how out of touch he is with the real world and shows a complete lack of understanding of schools and little regard for the education, training and employment of our young people.
- 305 **MS KNIGHT** — To move, That this House condemns the Baillieu–Ryan Government for its short-sighted decision to cut \$48 million of coordination funding from VCAL, as part of \$481 million cuts that have been made to the education budget, at schools in the Ballarat West electorate including Loreto College, Ballarat High School, Ballarat Secondary College, Ballarat South Community Learning Precinct and Ballarat Christian College.
- 306 **MR NARDELLA** — To move, That this House condemns the Baillieu–Ryan Government for its short-sighted decision to cut \$48 million of coordination funding from the VCAL, as part of \$481 million cuts that have been made to the education budget, at schools in the Melton electorate including Bacchus Marsh College, Kurunjang Secondary College, Melton Secondary College, Melton Specialist School, Staughton College, and Catholic Regional College Melton.
- 307 **MS DUNCAN** — To move, That this House condemns the Baillieu–Ryan Government for its short-sighted decision to cut \$48 million of coordination funding from the VCAL, as part of \$481 million cuts that have been made to the education budget, at schools in the Macedon electorate including Salesian College Sunbury, Sunbury Downs Secondary College, Gisborne Secondary College, and Sunbury and Macedon Ranges Specialist School.
- 308 **MS HUTCHINS** — To move, That this House condemns the Baillieu–Ryan Government for its short-sighted decision to cut \$48 million of coordination funding from the VCAL, as part of \$481 million cuts that have been made to the education budget, at schools in the Keilor electorate including the Catholic Regional College that will lose between \$90,000 and \$100,000.
- 309 **MR BROOKS** — To move, That this House condemns the Baillieu–Ryan Government for its short-sighted decision to cut \$48 million of coordination funding from the VCAL, as part of \$481 million cuts that have been made to the education budget, at schools in the Bundoora electorate including Bundoora Secondary College, Northside Christian College, Macleod Secondary College and Parade Secondary College.

- 310 **MS CAMPBELL** — To move, That this House recognises the vitally important work of Pascoe Vale Girls' College's VCAL coordination for its students and calls on the Minister for Education to reverse his funding cut of nearly \$20,000 to Pascoe Vale Girls' College's VCAL program.
- 311 **MS CAMPBELL** — To move, That this House condemns the appalling VCAL funding cut of \$39,020 to Glenroy College and further notes that VCAL coordination is a critical funding component for the success of the VCAL students and that Glenroy College has an excellent individualised VCAL student experience which equips each of those students for work.

#### NOTICES GIVEN ON 26 OCTOBER 2011

- 312 **MR HULLS** — To move, That this House condemns the Member for Carrum for failing to stand up against the cruel and callous \$48 million VCAL cuts that will see schools in the Carrum electorate such as Mordialloc College, Nepean Special School and Patterson River Secondary College lose thousands of dollars in funding for VCAL coordinators who play a vital role in delivering the popular education program, giving students an alternative to the VCE.
- 313 **MS MILLER** — To move, That this House congratulates the Baillieu Government for completing Victoria's new Royal Children's Hospital, with the patron of the hospital, Her Majesty The Queen accompanied by his Royal Highness opening it on 26 October 2011.
- 314 **MR HULLS** — To move, That this House condemns the Member for Frankston for failing to stand up against the cruel and callous \$48 million VCAL cuts that will see schools and adult education providers in the Frankston electorate such as Brotherhood of St Laurence Frankston, Skillsplus Ltd, John Paul College, Frankston High School, McClelland Secondary College, Mount Erin Secondary College and Naranga Special School lose thousands of dollars in funding for VCAL coordinators who play a vital role in delivering the popular education program, giving students an alternative to the VCE.
- 315 **MR SOUTHWICK** — To move, That this House — (a) congratulates the Leader of the Opposition for staring down the leftist elements in his own party who seek to engage in a campaign of misinformation against the independent school sector and calls upon the Leader of the Opposition to ensure that his Labor colleagues do not succeed in attacking school choice; (b) supports a good balance in funding for both public and independent schools; and (c) commends the Baillieu Government's commitment of \$240 million over five years to the non-government school sector.
- 316 **MR HULLS** — To move, That this House condemns the Member for Bentleigh for failing to stand up against the cruel and callous \$48 million VCAL cuts that will see schools in the Bentleigh electorate such as Our Lady of Sacred Heart College lose thousands of dollars in funding for VCAL coordinators who play a vital role in delivering the popular education program, giving students an alternative to the VCE.
- 317 **MR WELLER** — To move, That this House congratulates the Victorian Coalition Government for negotiating a new agreement for Stage 2 of the \$1.2 billion Northern Victoria Irrigation Renewal Project that gives certainty to the Goulburn-Murray irrigators and maintains the future prosperity of one of our most important food producing regions.
- 318 **MR HULLS** — To move, That this House condemns the Member for Burwood for failing to stand up against the cruel and callous \$48 million VCAL cuts that will see schools in the Burwood electorate such as Ashwood School and Ashwood Secondary College lose thousands of dollars in funding for VCAL coordinators who play a vital role in delivering the popular education program, giving students an alternative to VCE.
- 319 **MS McLEISH** — To move, That this House applauds the Coalition Government for committing to implementing all of the recommendations of the Bushfires Royal Commission, congratulates in particular the Deputy Premier for the work done to date and the upcoming sessions regarding the bushfire buy-back scheme and notes that this was a recommendation abandoned by the former government.

- 320 **MR WYNNE** — To move, That this House condemns the Member for Bentleigh for her rank hypocrisy in inviting the Minister for Housing to open a new social housing development in her electorate, contrasting with her actions prior to the election when she actively participated in a fear campaign against social housing, attended rallies and signed petitions against social housing in the Bentleigh electorate and doorknocked local residents spreading fear and misinformation.
- 321 **MR NEWTON-BROWN** — To move, That this House condemns the Member for Niddrie for the parlous state in which he left the office of the Attorney-General and the legal system in Victoria, including but not limited to — (a) failing to implement reform of the farcical suspended sentencing regime; (b) failing to reform community corrections orders that had become an illogical and confusing mess; (c) failing to find a way through the debacle which engulfed the Office of Public Prosecutions; and (d) failing to recognise that criminals actually quite enjoy home detention and recognises the steps the Attorney-General has taken to reform these areas and build genuine respect and rapport with the Law Institute of Victoria and the Victorian Bar.
- 322 **MR McGUIRE** — To move, That this House conveys the condolences of the people of Victoria to those affected by the earthquake in Turkey and notes that the electorate of Broadmeadows is home to the highest number of Turkish-Australians in Victoria, many of whom have family and friends in their former homeland, where the devastation, loss and the pain of not knowing is heavily felt.
- 323 **MR McGUIRE** — To move, That this House condemns the Baillieu–Ryan Government for creating a crisis of confidence by its silence over the proposed government services building in the electorate of Broadmeadows, which would create 500 jobs and is a critical investment in the aspirations and character of the capital of Melbourne’s north and was a line item commitment in the Baillieu–Ryan Government’s first budget but is now under threat according to media and stakeholder reports, raising questions of whether the Coalition is truly governing for all Victorians, as pledged.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 8 NOVEMBER 2011

- 309 **MR MERLINO** — To move, That this House notes that the Premier promised before the election to put an end to ‘the cover ups, the secrecy and dishonesty’ but presides over a rancid culture in government where secrecy and dishonesty are the only attributes this government has.
- 310 **MRS FYFFE** — To move, That this House condemns the Greens-controlled Gillard Federal Government for its carbon tax legislation that will see every Victorian paying \$563.49 each year for the next six years when EU citizens will each pay \$1.62, less than two dollars per person.
- 311 **MR MERLINO** — To move, That this House condemns the Minister for Police and Emergency Services and demands his immediate resignation on the basis that he has been either complicit in the disgraceful, cowardly and potentially illegal abuse of power to remove the independent Chief Commissioner of Police or he has displayed an extraordinary level of incompetence in that he knew absolutely nothing about the gross misconduct of members of his own office.
- 312 **MR NEWTON-BROWN** — To move, That this House condemns the Member for Melbourne for the disgraceful neglect of State schools, noting — (a) after 11 years of inadequate maintenance the Coalition has inherited a repair bill of over \$300 million; (b) more than 100,000 items need to be repaired or replaced in state schools; (c) more than 27 schools require repairs costing over \$1 million, accumulated over 11 years; and further condemns the previous Labor Government for this legacy, which is in stark contrast to the popular myth perpetuated by Labor governments that they are good at investing in education.
- 313 **MR MERLINO** — To move, That this House condemns the Minister for Police and Emergency Services and demands his immediate resignation for giving the ‘green light’ to former Chief Commissioner Simon Overland to immediately remove Sir Ken Jones before the Chief Commissioner took that action, then deceived the people of Victoria three days later by claiming he knew nothing about it.
- 314 **DR SYKES** — To move, That this House notes with despair the pathetic performance of the ALP in government and in opposition, and, in particular, notes — (a) the demise of the WA Labor Government in 2009; (b) Victoria’s unelected Premier proving that he was unelectable; (c) Julia Gillard becoming Prime Minister by deceiving the Australian public about her intention to impose a carbon tax; and calls upon the Leader of the Opposition to apologise to all Victorians for his party being lousy in government and lazy in opposition.
- 315 **MR MERLINO** — To move, That this House condemns the Minister for Police and Emergency Services and demands his immediate resignation for presiding over the most disgraceful period of political interference in the independence of police command in living memory.
- 316 **MS RYALL** — To move, That this House condemns the Leader of the Opposition for his behaviour in the House on 27 October 2011 which was adolescent, disgraceful and disrespectful and above all

unparliamentary when he begged the Speaker, who was on his feet, to name him after he refused to leave the Chamber as directed.

- 317 **MR SOUTHWICK** — To move, That this House — (a) congratulates the Premier on the recent release of the Fundraising Code of Conduct for government members of Parliament and providing major reforms in the areas of transparency and accountability; (b) notes the contrast between the Coalition Government's reforms and the previous Labor Government's regular cash for access functions through Progressive Business; (c) notes that this behaviour continues in Opposition with the Leader of the Opposition reportedly attending a \$1,000 per head boardroom lunch in November 2011; and (d) calls on the Opposition to put their money where their mouth is and adopt the same high standards that the Coalition has implemented.
- 318 **MR ANDREWS** — To move, That —
- (1) A select committee be appointed to inquire into and report upon the discrepancy in evidence given to the Office of Police Integrity by the Member for Gippsland South and the Member for Benambra.
  - (2) The committee consist of three members from the Government and three members from the Opposition and the quorum be three.

  - (4) A Government member be the Chair and an Opposition member be the Deputy Chair.
  - (5) The Chair of the committee has both a deliberative and a casting vote.
  - (6) The committee provide an interim report to the House by no later than Thursday 8 December 2011 and a final report to the House no later than Tuesday 7 February 2012.

### NOTICES GIVEN ON 9 NOVEMBER 2011

- 310 **MR MERLINO** — To move, That this House notes that in almost 12 short months the Premier has presided over a government known more for gross misconduct, inappropriate behaviour, secrecy and political interference as opposed to the decency, openness and transparency he promised.
- 311 **MRS BAUER** — To move, That this House commends the Baillieu Coalition Government on the free entry for children to Melbourne Zoos policy, and notes that since the policy was introduced on 1 July 2011, there has been record visitation for Zoos Victoria of more than 610,000 guests, and almost 120,000 children between four and 15 years old have enjoyed visiting the zoos across Victoria.
- 312 **MR MERLINO** — To move, That this House condemns the Premier for overseeing a government that has been the cause of the greatest crisis in police command for a generation.
- 313 **MS WREFORD** — To move, That this House condemns the previous Labor Government for its extreme neglect of school maintenance in its 11 dark years, leaving Victoria's schools in an appalling, decaying mess, as depicted in the *Herald Sun* on Thursday 3 November 2011, with schools requiring a whopping \$300 million to fix this mess.
- 314 **MR MERLINO** — To move, That this House notes that in almost 12 short months the Premier has presided over the most rancid and incompetent government this state has ever seen and, further, calls on the Premier to apologise to the thousands of police men and women for imposing on them this sorry and incompetent Minister for Police and Emergency Services.
- 315 **MR WELLER** — To move, That this House congratulates the Minister for Public Transport and the Minister for Roads for announcing that 13 level crossings between Echuca and Bendigo will be protected by boom barriers, increasing safety for both road and rail users.
- 316 **MR MERLINO** — To move, That this House notes with amazement and concern the arrogance of the statement issued by the Deputy Premier on 8 November 2011 saying that both he and the Member for Benambra had acted with integrity but it was the Member for Benambra that took the fall for this government's campaign against the former Chief Commissioner of Police.
- 317 **MR NEWTON-BROWN** — To move, That this House condemns the Member for Lyndhurst for the financially catastrophic decisions he made while Minister for Water in relation to Victoria's water supplies, including but not limited to piping water from the country to the city and committing to a desalination plant of a size we do not need and a cost we cannot afford and, further, notes that in November 2011 with major flood alerts across the State and most of our dams at capacity it is timely to

reflect on the fact that Victoria will pay \$2 million to a desalination plant operator for water we do not need every day for the next 30 years.

- 318 **MR MERLINO** — To move, That this House condemns the Premier for promising before the election to lead a government that is both open and accountable yet refusing to back the creation of a select committee to establish who misled the Office of Police Integrity.
- 319 **MS McLEISH** — To move, That this House condemns the Opposition for its disgraceful 11 years of neglect of government schools as evidenced by the reduction in maintenance funding of 20 per cent over 10 years, which is much greater in real terms, leaving the Coalition to fix the problems and, further, notes the Shadow Education Minister's failure to understand the consequences and accept responsibility for 11 years of neglect and appalling management of schools by his government.

**NOTICES GIVEN ON 10 NOVEMBER 2011**

- 310 **MS MILLER** — To move, That this House — (a) commends the Baillieu Government for its ongoing support for the nursing profession's dedication and hard work in caring for those requiring hospital and home care; (b) condemns the Opposition for 11 long dark years failing to value the real worth nurses have made and continue to make to the healthcare system; and (c) notes that despite these long dark years the Opposition still fails to recognise the contribution of nurses to the health of all Victorians.
- 311 **MS ALLAN** — To move, That this House condemns the Member for Seymour for — (a) misleading the Wandong community prior to 27 November 2010 through the distribution of material promising to ensure delivery of natural gas to Wandong–Heathcote Junction through the Coalition's announced Energy for the Regions program if elected when neither town has been included in the Government's Energy for the Regions program; and (b) for her failure to subsequently have Wandong–Heathcote Junction included in the Government's program.
- 312 **MR SOUTHWICK** — To move, That this House — (a) congratulates the Minister for Education on the recent announcement of a full audit of the condition of buildings in every government school across Victoria; (b) notes that this audit is part of the Government's \$100 million school maintenance fund and will be used to help prioritise maintenance needs across Victoria's schools; (c) notes that between 2000–01 and 2009–10 the Labor Government cut school maintenance funding by a massive 20 per cent, from \$73 million to \$59 million; (d) condemns the members for Albert Park, Bellarine, Bendigo West, Clayton, Eltham, Essendon, Footscray, Geelong, Lara, Macedon, Monbulk, Niddrie, Northcote, Pascoe Vale, Preston, Tarneit, Williamstown and Yan Yean for addressing 26 adjournment matters between them to the Minister for Education which called on him to do what they should have done when they were in government; (e) notes that according to the Labor Opposition the sky fell in, or in the case of the Member for Tarneit the roof, on 28 November 2010; and (f) calls on these members to stop questioning the integrity of the Minister and instead take a good long hard look at their inaction while they were in government.
- 313 **MS ALLAN** — To move, That this House congratulates the Wandong–Heathcote Junction Community Group for their ongoing efforts to have the Liberal–Nationals Government and their local Member of Parliament, the Member for Seymour, keep the promise that they made to the local community to deliver natural gas to Wandong–Heathcote Junction through the Government's Energy for the Regions program.
- 314 **MR BULL** — To move, That this House congratulates the Baillieu Government for introducing reform of the common law rules against double jeopardy, which will allow a retrial in the event that fresh and compelling new evidence comes to light, a positive move that will greatly assist justice being achieved.
- 315 **MS ALLAN** — To move, That this House notes the decision by the Liberal Government to retain exactly the same alignment for Stage 4C of the Geelong Ring Road as proposed by the previous Labor Government and condemns the failure of the Member for South Barwon to deliver what he promised to local community groups.
- 316 **MRS BAUER** — To move, That this House commends the Victorian Coalition Government and the Minister for Education for commencing a full audit of the condition of buildings in every government school across Victoria after almost 11 years of neglect by the previous Labor Government which slashed school maintenance funding from \$73 million in 2000–01 to just \$59 million in 2009–10, a 20 per cent cut over 10 years, and, further, congratulates the Coalition Government for recognising the shameful neglect by the former Labor government and increasing maintenance funding by \$100 million over 2011–15.
- 317 **MR NOONAN** — To move, That this House condemns the Baillieu Government for hatching a secret plan to engage in industrial disputation with the Australian Nurses Federation and their members on the basis that this action would lead to the Government's intended goal to dramatically slash nursing numbers throughout our health networks and, further, calls on the Baillieu Government to denounce the

advice provided by the Victorian Hospitals Industrial Association to use lock-out tactics to break the resolve of Victoria's hard-working nurses.

- 318 **MS McLEISH** — To move, That this House condemns the Opposition for the complete contempt and disregard with which they held Victoria's government schools demonstrated by the neglect of required maintenance whereby 27 schools require in excess of \$1 million maintenance, equivalent to two weeks of desalination payments and a further 81 schools require between \$500,000 and \$1 million, also equivalent to about two weeks of desalination payments.
- 319 **MS GARRETT** — To move, That this House condemns the Baillieu-Ryan Government for its calamitous, dangerous and ongoing failure to manage a meaningful community safety agenda and note its litany of disasters in this area including but not limited to — (a) the disgraceful, covert and duplicitous agenda of senior members of its team to remove the Chief Commissioner of Police as outlined in the recent OPI report; (b) the two conflicting and as yet unresolved accounts under oath of the Minister for Police and Emergency Services and the former Parliamentary Secretary for Police about key events in this sorry saga; (c) the roundly criticised and continued bungling of the PSO policy implementation and roll-out; and (d) the mangled and unintelligible performances of senior ministers surrounding the police EBA deal to which this Government was dragged kicking and screaming by the Police Association, demonstrating that this Government does not have a clue about what it is doing in community safety and worse, it does not seem to care.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 22 NOVEMBER 2011

- 311 **MR SOUTHWICK** — To move, That this House — (a) notes that on 27 November 2011 marks the one year anniversary of the election of the Baillieu Coalition Government; (b) notes that the Government has already implemented 133 policies since coming to office and that the Parliament has passed 60 laws; (c) congratulates the Premier and the entire Government on a year of workmanlike delivery and action for the people of Victoria; (d) further notes the contrast with the long decline of the previous Labor Government which was the victim of its own spin and PR; and (e) condemns the previous government for being so addicted to the 24-hour news cycle that they neglected the projects and policies needed for Victoria's prosperity.
- 312 **MS CAMPBELL** — To move, That this House condemns the Baillieu Government for its attempts to lock out nurses from the Northern Hospital, thereby jeopardising the healthcare of Victorian patients who seek to use the hospital.
- 313 **MS McLEISH** — To move, That this House applauds the Coalition Government and Minister for Water for shutting down the north–south pipeline and setting the terms of future use as only in times of critical human need, and notes the appalling record of the former government in managing water by building the billion dollar white elephant pipeline as well as a desalination plant for which we will be paying some \$2 million per day for the next 30 years.
- 314 **MR TREZISE** — To move, That this House condemns the Baillieu Government for its ongoing industrial campaign to destroy nurses' wages and conditions, including important nurse patient ratios, to the detriment of not only nursing staff but also those who they so willingly nurse and commends ANF nurses at Barwon Health for their commitment in standing up against this Qantas style industrial bullying and harassment.
- 315 **DR SYKES** — To move, That this House congratulates the Minister for Water for delivering a commonsense outcome which ensures that the north–south pipeline will be well and truly plugged and enables Melbourne water retailers to trade their water entitlements within the Murray–Darling basin and notes the stark contrast between this commonsense outcome and the yet-to-be-completed desalination plant which will cost Victoria \$2 million per day for the next 30 years.
- 316 **MS KNIGHT** — To move, That this House congratulates the nurses of Ballarat and their regional ANF organiser, Mr Alan Townsend, on their great work and commitment to the nurse patient ratio and, in doing so, putting the health care and welfare of their current and future patients first.

- 317 **MS McLEISH** — To move, That this House congratulates the Minister for Racing for his support of the racing industry and in particular thoroughbred breeding through the introduction of VOBIS Gold which provides \$18 million in incentive scheme bonuses, and for the reintroduction of harness racing at a number of regional venues, supporting country racing and local economies in stark contrast to the former minister.
- 318 **MR HOWARD** — To move, That this House congratulates nurses who serve in hospitals and other health facilities in the electorate of Ballarat East, from Ballarat and Ballan to Creswick, Daylesford, Trentham and Kyneton, and notes that these nurses work diligently to provide exceptional support for the patients in their care and are to be commended for taking a stand to protect nurse patient ratios to ensure the level of support provided will not be eroded.
- 319 **MR NEWTON-BROWN** — To move, That this House congratulates the Coalition Government for developing strict new fundraising guidelines to ensure that political fundraising is done in an open, transparent and ethical manner, and further, condemns the Leader of the Opposition for steadfastly refusing to adopt these guidelines.
- 320 **MS GRALEY** — To move, That this House condemns the Baillieu Government for its improper and bungled management of the nurses' EBA and the lack of support for all the hard working and dedicated nurses at Casey Hospital, nurses who are strongly supported in their actions as part of their campaign to provide the best treatment and care for all patients in Melbourne's south east.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

#### NOTICES GIVEN ON 23 NOVEMBER 2011

- 313 **MR SOUTHWICK** — To move, That this House condemns the former Minister for Water, the Member for Lyndhurst, for his approval of a deal which provided a \$7 million windfall to three former Labor MPs and calls on all members of the former Brumby Cabinet to declare whether they were in the room when this dodgy deal was done.
- 314 **MS CAMPBELL** — To move, That this House notes the Baillieu Government's year of inaction has so far failed to deliver the now 'shovel ready' \$1.2 billion completion of the Upfield Shared Pathway.
- 315 **MR NEWTON-BROWN** — To move, That this House condemns the Member for Lyndhurst for the deplorable action he took in the dying days of the Brumby Labor Government as Minister for Water, including granting a special exemption to three former Labor MPs to allow their company to sell a water entitlement.
- 316 **MR NOONAN** — To move, That this House condemns the Baillieu Government for waiting 12 months to submit its half-baked Infrastructure Australia wish list, threatening Victoria's position as a national leader in infrastructure development, and for failing to include the Truck Action Plan on its priority list for funding, even though the previous Brumby Labor Government allocated the first \$40 million to this project on the basis that it would redirect one million trucks per year away from residential streets in Melbourne's inner west.
- 317 **MR BULL** — To move, That this House congratulates the Baillieu Government for introducing legislation to better protect marine wildlife from that small element of irresponsible boaters and in the process closing a loophole that existed in the previous Labor Government legislation relating to hire drive vessel operators not being recognised as recreational boaters.
- 318 **MS CAMPBELL** — To move, That this House notes the failure of the Baillieu Government in its first year to equitably fund school rebuilding on an impartial needs basis and calls on the Government to act justly to fund the rebuilding of Westbreen Primary School in the 2012 Victorian state budget.
- 319 **MRS FYFFE** — To move, That this House congratulates the Baillieu Government for its strong performance, sensible decision making, determination to better the lives of those less fortunate and its financial management of Victoria during its first 12 months in government.
- 320 **MS GREEN** — To move, That this House expresses concern at the Minister for Water's failure to ensure that water authorities, including Melbourne Water, have undertaken fuel reduction on their properties prior to the onset of the fire danger period.
- 321 **MR SOUTHWICK** — To move, That this House congratulates the Chief Commissioner of Victoria Police Ken Lay on his appointment to the position and further notes that one of his first public appearances in this role was the launch of a book dealing with family violence, an event run by the Jewish Taskforce Against Family Violence and the Rabbinical Council of Victoria, two great community organisations in the Caulfield electorate.

- 
- 322 **MS NEVILLE** — To move, That this House condemns the Coalition Government for its failure to adequately prepare the fire prone communities of the Otways and Surf Coast through its deferral of Fire Action Week until after the beginning of the fire danger period.

### NOTICES OF MOTION

*Earlier notices appear in the consolidated version of this notice paper, available online at [www.parliament.vic.gov.au](http://www.parliament.vic.gov.au) [Legislative Assembly — Notice Papers].*

### NOTICES GIVEN ON 24 NOVEMBER 2011

- 315 **MS WREFORD** — To move, That this House condemns the previous Labor Government for their extreme incompetence in managing ICT projects including Ultranet, HealthSMART, myki and the LEAP database, that were meant to cost \$1.3 billion but blew out to \$2.74 billion, costing taxpayers an extraordinary additional \$1.44 billion to cover Labor's traditional waste and incompetence, as reflected in the damning Ombudsman's report tabled on 23 November 2011 and reports in *The Age* and *Herald Sun* on 24 November 2011.

- 316 **MS EDWARDS** — To move, That this House congratulates the nurses and mental health sector nurses in Bendigo and the region for their courageous stand against the Liberal–Nationals Government who are determined to undermine nurse-patient ratios and to demonise nurses while refusing to negotiate with them for a decent wage and instead bullying them and showing them no respect.
- 317 **MR SOUTHWICK** — To move, That this House — (a) condemns the former Labor Government for its incompetence and mismanagement which led to \$1.44 billion in cost blowouts in major ICT projects; (b) notes that this amount could have paid for a new hospital or other major infrastructure projects but instead was flushed away by Labor; (c) notes that under Labor, money was taken away from vital child protection services in order to fund a blowout in a computer system for the Department of Human Services; and (d) notes that this shows that the Opposition could not be trusted buying an iPad, let alone a computer database.
- 318 **MS KAIROUZ** — To move, That this House — (a) calls upon the Baillieu Government to guarantee that healthcare provided at the Sunshine Hospital will not deteriorate due to the Government’s current stated objective to reduce the nurse-patient ratios that apply within the hospital as part of the outcomes of the nurses’ Enterprise Bargaining Agreement negotiating round; (b) confirms its support for the maintenance of nursing ratios as an essential requirement in the delivery of quality care outcomes within Victorian hospitals; and (c) calls on the Government to negotiate in good faith and to protect the jobs of Victorian nurses.
- 319 **MR McCURDY** — To move, That this House condemns the former Labor Government and former Minister for Water who disgracefully deceived Victorians by allowing secret deals of over \$7 million with former federal Labor MPs, demonstrating that Labor cannot be trusted with money and that we are all paying the price for bungled water projects by a former minister who consistently defied the people of Victoria by unnecessarily building a \$750 million north–south pipeline, unnecessarily building a \$23 billion desalination plant and making a special \$7 million deal for his Labor mates.
- 320 **MS GRALEY** — To move, That this House condemns the Coalition Government for neglecting fire protection of Melbourne’s south-east and Gippsland through its lack of funding for an ‘Elvis’ type air crane to be based at the Latrobe Valley airport as requested by fire agencies.
- 321 **MS McLEISH** — To move, That this House condemns the former Government with as much gusto as it can muster for their clear breach of the trust of all Victorians and their taxpayer dollars by the continual project management incompetence as reported by the Ombudsman whereby each of the 10 projects examined failed to meet expectations and all ran over budget and notes that this is typical of Labor’s inability to manage funds and projects and that they have not yet apologised to Victoria.
- 322 **MR NARDELLA** — To move, That this House condemns the Baillieu Government for a year of inaction and its failure to commit to the delivery of critical infrastructure projects, its intransigence, obsession with reviews, and for seeking \$640 million from the Federal Government through its Infrastructure Australia submission for ‘plans for more plans’, but failing to commit to a single project or one new dollar of its own money to deliver these vital Labor-devised projects.
- 323 **MR NEWTON-BROWN** — To move, That this House recognises and applauds the lifetime’s work of Father Bob Maguire caring for the most vulnerable members of our community in so many ways, and while recognising the division between Church and State, expresses a hope that a meaningful role may be found for Father Bob to continue his great works in the community he knows and loves in South Melbourne.
- 324 **MR FOLEY** — To move, That this House — (a) urges the Archbishop of Melbourne, His Grace Archbishop Hart, to reconsider the enforced retirement of Father Bob Maguire from the Parish of St Peter’s and St Paul’s in South Melbourne; (b) notes the important work of Father Maguire and the work he and his Parish carry out across Melbourne and Victoria; and (c) asks the Speaker to relay the House’s view to the Archbishop.

- 157 **CANTERBURY ROAD URBAN FOREST** — Petition presented by the Member for Albert Park (24 November 2011) — Requesting that the Government transfers the land currently owned by VicTrack to the permanent management of the City of Port Phillip as ‘Public Reserve’ — To be considered (*Mr Foley*).
- 158 **NEW SCHOOL FOR BANNOCKBURN** — Petition presented by the Member for South Barwon (24 November 2011) — Requesting that the Legislative Assembly makes an immediate start on the provision of a new school for Bannockburn incorporating facilities for early childhood, primary and secondary education — To be considered (*Mr Katos*).

### NOTICES OF MOTION

### NOTICES GIVEN ON 6 DECEMBER 2011

- 316 **MR NOONAN** — To move, That this House condemns the Baillieu Government for failing to take any action whatsoever to prevent the closure of Victoria University's TAFE-based boatbuilding program in Newport, the only one of its kind in Victoria, and turning its back on the 34 young apprentices who are currently enrolled in the program, their employers, teachers, and the entire Victorian boating industry, who now face an uncertain future due to the Baillieu Government's decision to cut \$250 million from TAFE and vocational training providers across the state.
- 317 **MR KATOS** — To move, That this House congratulates the Baillieu Government and in particular the Minister for Housing for the \$80 million New Norlane Building for the Future project which will see 160 private and 160 public homes built to revitalise Geelong's northern suburbs, and condemns the previous Labor Government for taking for granted the needs of the Corio and Norlane communities in what is a safe Labor electorate.
- 318 **MR EREN** — To move, That this House condemns the Baillieu Government for failing to deliver on its promise of 70 additional police to the Geelong region.
- 319 **MR NEWTON-BROWN** — To move, That this House condemns the Member for Eastern Metropolitan Region, Shaun Leane MLC for publicly supporting drinking alcohol and driving by criticising the Premier in a tweet on 5 December 2011 for taking action to urgently introduce legislation to close a legal loophole which enables people to drink alcohol while driving a motor vehicle and suggesting in the same tweet that people working in manual labour in the sun have a legitimate expectation of being able to consume alcohol at the end of their working day while driving home, sending irresponsible drink driving messages to the community at this time of year when sadly history shows there is a spike in road deaths and accidents.
- 320 **MR EREN** — To move, That this House condemns the Baillieu Government for failing to fund the North Shore Train Station redevelopment which is the first point of call for many interstate visitors.
- 321 **DR SYKES** — To move, That this House calls upon all members of the former Labor Government to read the Ombudsman's Report on the Investigation into the Foodbowl Modernisation Project and related matters which deals with governance issues and note the report's conclusions and, further, calls upon the former Minister for Water to explain to the Parliament how he allowed such inappropriate practices and behaviours to occur, and to explain his role in granting exemptions for his Labor mates so that they could profit from the misery of local farmers in dire circumstances because of the prolonged drought, and to personally apologise to the farmers impacted by this most despicable series of acts.

- 322 **MS CAMPBELL** — To move, That this House notes that the Department of Transport's own financial analysis shows the cost effectiveness of resealing the Merlynston station carpark compared with its quarterly regrading, and calls on the Department to show the Minister its figures so that any ministerial signoff that is required is done so expeditiously.
- 323 **MR SOUTHWICK** — To move, That this House — (a) notes that the Member for Eastern Metropolitan Region, Shaun Leane MLC on Twitter showed callous disregard for driver safety and shattered the long-standing bipartisan support of anti-drink driving reforms with his thoughtless tweet; (b) notes that the Member for Yan Yean retweeted this message shortly after it was sent; (c) calls on the Member for Yan Yean to explain how she can serve as the Shadow Minister for Emergency Services while promoting such careless messages about road safety; and (d) calls on the Leader of the Opposition to publicly ask his Shadow Minister to apologise for her behaviour.
- 324 **MS KAIROUZ** — To move, That this House condemns the Baillieu Government for its continued politicisation of level crossing upgrades, a policy that has the potential to cost lives as dangerous crossings in dire need of safety upgrades are ignored for far less deserving sites in safe Liberal ministers' seats.
- 325 **MS McLEISH** — To move, That this House recommends that all members of the former Labor Government apologise to all Victorians for the mismanagement of their taxpayer dollars as determined by the independent umpire, the Ombudsman, who found that Labor's bungled ICT projects cost taxpayers at least \$1.44 billion in cost blowouts and notes that Labor clearly cannot be trusted with taxpayers' money.

  - (b) if a motion is not moved, the Speaker will immediately propose the question 'That the House now adjourns'. Any business under discussion and any other business not concluded at the time of the adjournment will be listed on the notice paper for the next sitting day. Any member speaking at the time of the interruption may, when debate resumes, continue his or her speech.
