## VICTORIA.

## LEGISLATIVE COUNCIL.

## MINUTES OF THE PROCEEDINGS.

## No. 1.

WEDNESDAY, 20<sup>TH</sup> JUNE, 1934.

1. The Council met pursuant to the Proclamation of His Excellency the Governor, bearing date the thirtieth day of May, 1934, which Proclamation was read by the Clerk and is as follows:—

**FIXING THE TIME FOR HOLDING THE THIRD SESSION OF THE THIRTY-FIRST PARLIAMENT OF VICTORIA.**

**PROCLAMATION**

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth Australia, &c., &c., &c.

I, the Governor of the State of Victoria, in the Commonwealth of Australia, do by this my Proclamation fix Wednesday, the twentieth day of June, 1934, as the time for the commencement and holding of the Third Session of the Thirty-first Parliament of Victoria, for the despatch of business, at the hour of half-past Two o'clock in the afternoon, in the Parliament Houses, situate in Spring-street, in the City of Melbourne: And the Honorable the Members of the Legislative Council and the Members of the Legislative Assembly are hereby required to give their attendance at the said time and place accordingly.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this thirtieth day of May, in the year of our Lord One thousand nine hundred and thirty-four and in the twenty-fifth year of the reign of His Majesty King George V.

(L.S.)

HUNTINGFIELD.

By His Excellency's Command,  
STANLEY S. ARGYLE,  
Premier.

**GOD SAVE THE KING!**

2. **APPROACH OF HIS EXCELLENCY THE GOVERNOR.**—The approach of His Excellency the Governor was announced by the Usher.

His Excellency came into the Council Chamber, and commanded the Usher to desire the immediate attendance of the Legislative Assembly, who being come with their Speaker, His Excellency was pleased to speak as follows:—

MR. PRESIDENT AND HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL:

MR. SPEAKER AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY:

I have summoned you to give consideration to important business that my Ministers will submit to you.

I realize that I have come to this country at a most significant time in its history. This and the next year will witness the celebration of the Centenary of the first permanent land settlement in what is now the State of Victoria and also of the hundredth anniversary of the founding of Melbourne.

My Ministers are deeply appreciative of the action of His Majesty the King in having given his gracious approval for the visit to Australia of one of his sons, His Royal Highness the Duke of Gloucester, on the occasion of these celebrations.

I desire to express my pleasure that I have taken office at a time when there are signs of improvement in conditions in the State, and hope that during my term of office there will be further advances towards prosperity.

It is regretted that the death of the Honorable Henry Angus has to be recorded. As a member of the Legislative Assembly for many years, and also as a Minister, he rendered valuable public service.

Although low prices have been ruling overseas, the total value of the principal primary products exported from the State during the first nine months of the current financial year was £21,500,000, compared with £19,200,000 for the corresponding period of the year 1932-33. Exports of wool from Victoria for that nine months realized nearly four and three-quarter million pounds more than for the like period of last year.

The quantity of Victorian canned fruits sold in the United Kingdom during the first five months of the current calendar year was approximately 800,000 cases, thus doubling the highest total in any previous year. Shipments of dried fruits during last season were also highly satisfactory, 40,000 tons having been exported, whereas the total in the preceding season was 24,000 tons.

A feature of the Forests Commission's activities is that the revenue from the sales of forest produce for the first nine months of this financial year reached nearly £116,000, being over £37,000 more than for the corresponding period of last year. It is gratifying to find that increased use is being made of native hardwoods in the construction of buildings.

Since the passing of the Sewerage Districts Act several important country towns have been seweraged, and an early commencement will be made with sewerage works in a number of other places. These important schemes will improve hygienic conditions in country centres.

As one of the means of alleviating unemployment, a considerable portion of the funds received from unemployment relief taxation is being applied to works which will be permanent assets to the community, thus reducing the amount formerly expended solely on sustenance payments.

Since 1st July, 1933, a sum of £1,897,000 has been authorized for expenditure on works for the relief of unemployment. Approximately three-quarters of this money is being spent in country districts.

Victorian Government loans raised in London, and amounting to £20,763,000, have been converted to lower rates of interest. This successful transaction is evidence of the high standing of Australian credit. Benefit will accrue to the State next financial year. The considerable saving effected through the conversion will help ultimately towards the elimination of the Victorian deficit.

The falling off in railways revenue, attributable mainly to a substantial reduction in the quantity of wheat transported to the seaboard, is having a serious effect on the financial position of the State. The working expenses of the railways have, however, been reduced.

MR. SPEAKER AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY :

The supplementary estimates of expenditure for the financial year 1933-34, and a Bill to make preliminary provision for the services of the ensuing financial year, will be submitted to you.

Estimates of revenue and expenditure for the year 1934-35 will be placed before you as early as possible.

MR. PRESIDENT AND HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL :

MR. SPEAKER AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY :

At the opening of this Parliament, the Lieutenant-Governor indicated the intention of the Government to submit for your consideration four major problems, namely :—The State's deficit ; unemployment ; the co-ordination of transport ; and soldier and closer settlement. These matters have received attention, and my Ministers, while continuing their efforts to achieve budgetary equilibrium and to alleviate unemployment, intend to proceed with further measures of importance relating to Local Government, the installation of a system of handling grain in bulk, the re-constitution of the Melbourne and Metropolitan Board of Works, and compulsory third-party insurance in respect of motor cars.

As it is essential that every effort should be made towards balancing the Budget, it will be necessary to bring forward a Bill to continue the legislation which has been in operation for the past three years, providing for reductions of salaries, pensions and grants payable by the State.

My Advisers are preparing measures to enable further provision to be made for permanent, and, as far as possible, reproductive works for the alleviation of unemployment.

The Government has decided to reduce the rates of interest charged on moneys advanced by the State, so that the maximum rate payable from 1st July next will not exceed 4½ per cent. A Bill will be introduced to give effect to this reduction, which will be of considerable benefit to soldier and closer settlers, municipalities, and many other bodies.

Since the passing of a comprehensive consolidating measure relating to companies in England in 1929, steps have been taken in New Zealand and in certain States of the Commonwealth to introduce legislation on similar lines. Though my Government does not anticipate that it will be possible in the time available during this session to place on the statute-book an Act of such length, it proposes to give some immediate measure of protection to the public by bringing in a short Companies Bill relating to certain urgent matters.

Some far-reaching proposals designed to ensure simplicity, certainty, and accessibility in the general body of the Victorian statute law are being investigated by my Advisers. It is intended to take an initial step in this direction by the introduction of a measure authorizing the compilation and re-printing from time to time of legislation which has been the subject of considerable amendment.

Proposals are being considered for the use of the Janefield institution at Mont Park as a colony for mental defectives, with a view to relieving the Children's Welfare Department and the Department of Mental Hygiene of a number of such cases.

A scheme to extend the Mornington Peninsula Water Supply system to Dromana, Sorrento, Portsea, and other centres is being examined.

You will be asked to devote your attention at first to important urgent legislation. In addition to other measures, Bills dealing with the following matters will be submitted to you :—

- Geelong Harbor Trust ;
- Factories and Shops ;
- Electrical Contractors ;
- Electoral ;
- Agricultural Lime ; and
- Seeds.

I now leave you to your deliberations in the earnest hope that, with the blessing of Divine Providence, your work may result in the advancement of the welfare of the whole community.

Which being concluded, a copy of the Speech was delivered to the President, and a copy to Mr. Speaker, and His Excellency the Governor left the Chamber.

The Legislative Assembly then withdrew.

3. The President took the Chair and read the prayer.
