- 2 **MR EVANS (*Gippsland East*)**—To move. - 3 **MR JONA**—To move. That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 4 **MR EVANS (*Gippsland East*)**—To move. That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the

proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.

- *5 **MIR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act* 1982 in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.

- *7 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- *8 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply insufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Womens' Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- *9 **MIR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.

GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR EVANS** (*Gippsland East*)—To move, That this House censures the Minister for Police and Emergency Services for his failure to appoint a Chairman to the Country Fire Authority, and his failure to recognize the damage being done to morale amongst volunteer members of Country Fire Authority brigades by continuing uncertainty regarding the future of the Authority.
- 2 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 3 **MR EVANS** (*Gippsland East*)—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act* 1983, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 4 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act* 1982 in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 5 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 6 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 7 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.

- 8 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 9 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982–83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 11 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 12 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.

GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR EVANS (Gippsland East)**—To move, That this House censures the Minister for Police and Emergency Services for his failure to appoint a Chairman to the Country Fire Authority, and his failure to recognize the damage being done to morale amongst volunteer members of Country Fire Authority brigades by continuing uncertainty regarding the future of the Authority.
- 2 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 3 **MR EVANS (Gippsland East)**—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act* 1983, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 4 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act* 1982 in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.

- 5 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 6 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 7 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 8 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 9 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982-83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 11 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 12 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.

- 3 **LAND CONSERVATION (AMENDMENT) BILL** (*Mr Evans, Gippsland East*)—Second reading—*Resumption of debate.* (*Mr Cathie*).

- 4 **HOSPITAL SERVICES REDUCTION**—*Resumption of debate on the question*—That this House repudiates the threats by the Minister of Health to reduce hospital services in three specified Federal electorates held by Commonwealth Ministers, which threats were discriminatory against citizens living in those electorates and in breach of the tenets of Ministerial responsibility and, accordingly, demands the resignation of the Honourable the Minister. (Mr Hann).
- 5 **DROUGHT SITUATION**—*Resumption of debate on the question*—That this House expresses grave concern at the disastrous drought situation in many parts of Victoria, and its alarm at the Government's negative response to the plight of the persons affected, and calls for immediate action to alleviate the situation by the introduction of—(a) increased carry-on loans for farmers, small business and industry; (b) a rural employment scheme; (c) a moratorium on Government charges; (d) an extension of the interest subsidy to small business and industry; (e) incentives to construct bores for irrigation; and (f) a slaughter bounty scheme for sheep. (Mr Maclellan).
- 7 **CENSURE OF MINISTER FOR COMMUNITY WELFARE SERVICES**—*Resumption of debate on the question*—That this House condemns the failure of the Minister for Community Welfare Services to exercise proper care and to maintain responsible Ministerial control of her department over the Department's statutory responsibilities, thereby causing grave community alarm about the directions of important new programmes for correctional services. (Mr Richardson).
- 8 **PUBLIC CHARGES AND WAGES FREEZE**—*Resumption of debate on the question*—That this House notes with concern the damaging impact of increasing taxes, charges, salaries and wages on the Victorian economy and on employment opportunities, and calls upon the Government to freeze all taxes, charges, salaries and wages for which it is responsible. (Mr Rowe).
- 9 **UNEMPLOYMENT AND JOB CREATION POLICIES**—*Resumption of debate on the question*—That this House expresses its grave concern at the continued increase in the levels of unemployment in Victoria and calls on the Victorian Government to urgently implement policies which recognize—(a) that economic growth and job creation can best be achieved through effective encouragement and stimulus of the private sector which is Victoria's main area of employment; (b) the need to encourage employment in the private sector; (c) the need for innovative measures to seize every opportunity to create new jobs as well as to preserve existing jobs; and (d) that deregulation of shop trading hours caters for the substantial changes that have occurred in the social and economic environment and addresses needs and the creation of genuine jobs—and *on the amendment*—That all the words after "Government" be omitted with the view of inserting in place thereof "to work together with the Commonwealth Government and to maintain its own efforts to assist economic growth and job creation by stimulating both the public and private sectors". 11. **PUBLIC AUTHORITIES—RETURN ON ASSETS**—*Resumption of debate on the question*—That the principle of public authorities being required to earn a target real rate of return on their assets and the mechanism by which such rates of return should be calculated, be referred to the Economic and Budget Review Committee for inquiry, consideration and report to the Parliament by 9 August 1983. (*Mr Ross-Edwards*).
12. **PUBLIC SECTOR GROWTH RESTRAINT**—*Resumption of debate on the question*—That this House is of the opinion that the economic security of Victorians and the future development of Victoria requires that growth in the State public sector be kept to a minimum; and in particular that the forthcoming State Budget contain no increase in taxes or charges. GENERAL BUSINESS

NOTICES OF MOTION

- 1 MR JONA—To move. That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given

- to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS (Gippsland East)**—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
 - 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act 1982* in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
 - 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
 - 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
 - 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
 - 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
 - 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982-83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
 - 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a

dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.

- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.

GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS (Gippsland East)**—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act 1982* in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.

- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982-83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.
- *12 **MR McNAMARA**—To move, That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

ORDERS OF THE DAY

- 2 **VICTORIAN MEAT INDUSTRY AUTHORITY BILL** (*Mr Hann*)—Second reading—*Resumption of debate.* (*Mr Fordham*).
- 3 **LAND CONSERVATION (AMENDMENT) BILL** (*Mr Evans, Gippsland East*)—Second reading—*Resumption of debate.* (*Mr Cathie*).
- 4 **HOSPITAL SERVICES REDUCTION**—*Resumption of debate on the question*—That this House repudiates the threats by the Minister of Health to reduce hospital services in three specified Federal electorates held by Commonwealth Ministers, which threats were discriminatory against citizens living in those electorates and in breach of the tenets of Ministerial responsibility and, accordingly, demands the resignation of the Honourable the Minister. (*Mr Hann*).
- 5 **DROUGHT SITUATION**—*Resumption of debate on the question*—That this House expresses grave concern at the disastrous drought situation in many parts of Victoria, and its alarm at the Government's negative response to the plight of the persons affected, and calls for immediate action to alleviate the situation by the introduction of—(a) increased carry-on loans for farmers, small business and industry; (b) a rural employment scheme; (c) a moratorium on Government charges; (d) an extension of the interest subsidy to small business and industry; (e) incentives to construct bores for irrigation; and (f) a slaughter bounty scheme for sheep. (*Mr Burgin*).
- 6 **ATTORNEY-GENERAL CASINO INQUIRY RESPONSES**—*Resumption of debate on the question*—That this House is of the opinion that the Attorney-General—(a) has misled the House in answer to questions asked in the House concerning inhibitions placed on the Casino Inquiry by the Government; and (b) has not exercised proper Ministerial control or responsibility in respect of his portfolio, by failing to fully inform himself of all the correspondence and communications between the Board of Inquiry, the Department and Counsel to the Attorney-General. (*Mr Maclellan*).
- 7 **CENSURE OF MINISTER FOR COMMUNITY WELFARE SERVICES**—*Resumption of debate on the question*—That this House condemns the failure of the Minister for Community Welfare Services to exercise proper care and to maintain responsible Ministerial control of her department over the Department's statutory responsibilities, thereby causing grave community alarm about the directions of important new programmes for correctional services. (*Mr Richardson*).
- 8 **PUBLIC CHARGES AND WAGES FREEZE**—*Resumption of debate on the question*—That this House notes with concern the damaging impact of increasing taxes, charges, salaries and wages on the Victorian economy and on employment opportunities, and calls upon the Government to freeze all taxes, charges, salaries and wages for which it is responsible. (*Mr Rowe*).
- 9 **UNEMPLOYMENT AND JOB CREATION POLICIES**—*Resumption of debate on the question*—That this House expresses its grave concern at the continued increase in the levels of unemployment in Victoria and calls on the Victorian Government to urgently implement policies which recognize—(a) that economic growth and job creation can best be achieved through effective encouragement and stimulus of the private sector which is Victoria's main area of employment; (b) the need to encourage employment in the private sector; (c) the need for innovative measures to seize every opportunity to create new jobs as well as to preserve existing jobs; and (d) that deregulation

of shop trading hours caters for the substantial changes that have occurred in the social and economic environment and addresses needs and the creation of genuine jobs—and on the amendment—That all the words after “Government” be omitted with the view of inserting in place thereof “to work together with the Commonwealth Government and to maintain its own efforts to assist economic growth and job creation by stimulating both the public and private sectors”. (Mr Ross-Edwards).

- 10 **FIRE PROTECTION SERVICES**—*Resumption of debate on the amended motion*—That this House resolves ****—*and on the amendment to insert the words*—“that no decision should be reached on integration of the management structures and administration of services sections of the Country Fire Authority and the Metropolitan Fire Brigades Board until the time allowed for public comment has expired, a final report has been prepared by the Management Consultancy Division of the Public Service Board and that report has been made available to the Parliament”.
- 11 **PUBLIC AUTHORITIES—RETURN ON ASSETS**—*Resumption of debate on the question*—That the principle of public authorities being required to earn a target real rate of return on their assets and the mechanism by which such rates of return should be calculated, be referred to the Economic and Budget Review Committee for inquiry, consideration and report to the Parliament by 9 August 1983. (Mr Ross-Edwards).
- 12 **PUBLIC SECTOR GROWTH RESTRAINT**—*Resumption of debate on the question*—That this House is of the opinion that the economic security of Victorians and the future development of Victoria requires that growth in the State public sector be kept to a minimum; and in particular that the forthcoming State Budget contain no increase in taxes or charges. (Mr Rowe).
- 13 **ALCOA—PORTLAND AGREEMENT**—*Resumption of debate on the question*—That this House expresses alarm at the failure of the Government to finalize agreement with Alcoa to enable that company’s Portland project to proceed and calls on the Premier to take positive action to resolve any outstanding differences immediately. - 15 **WORKERS COMPENSATION**—*Resumption of debate on the question*—That this House expresses deep concern at the high cost of and anomalies in the system of workers compensation in Victoria, and calls on the Government, as an incentive to employment, to take urgent action to reduce workers compensation costs to employers. (Mr Jolly).
- 16 **APPRENTICESHIP TRAINING**—*Resumption of debate on the question*—That this House condemns the Government for its abject failure to support adequately the training of apprentices in Victoria and calls on it to take immediate action to re-establish the high levels of training in the years prior to its assuming office. (Mr Leigh).
- 17 **STUDENT HOSTELS CLOSURE**—*Resumption of debate on the question*—That in view of the serious disadvantage imposed upon students from country Victoria, this House—(a) condemns the Government for closing and initiating disposal of student hostels in Melbourne; (b) questions the failure of the Government to widely advertise, prior to the commencement of the academic

year, that two hostels were to remain open contrary to earlier advice; (c) rejects its belated attempt to transfer responsibility for student housing to the Commonwealth; and (d) calls for the hostels to be re-opened forthwith or for suitable alternative accommodation to be provided by the leasing of migrant hostels or the use of surplus nurses homes and the like. (*Miss Callister*).

- 18 **GRAIN HANDLING IN VICTORIA**—*Resumption of debate on the question*—That this House views with grave concern the waste and financial loss caused by Government mismanagement and policies in the collection, rail transportation and storage of this year's grain harvest and calls upon the Government to institute an inquiry to make recommendations for the appropriate financial structure and for the more efficient and competitive operation of grain handling in Victoria—*and on the amendment*—That all the words after "of" (where first occurring) be omitted with the view of inserting in place thereof the words "the 1983-84 grain harvest and calls upon the Government to assist the industry to secure a more efficient handling and transport of grain from future harvests". (*Mr Wilton*).
- 19 **CENSURE OF MINISTER FOR POLICE AND EMERGENCY SERVICES**—*Resumption of debate on the question*—That this House censures the Minister for Police and Emergency Services for his failure to appoint a Chairman to the Country Fire Authority, and his failure to recognize the damage being done to morale amongst volunteer members of Country Fire Authority brigades by continuing uncertainty regarding the future of the Authority. GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR JONA—**To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS (Gippsland East)—**To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act* 1983, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 3 **MR MACLELLAN—**To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act* 1982 in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY—**To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE—**To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE—**To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian

Women which was planned to mark the 150th celebrations, has not been able to proceed.

- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.

- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.
- 12 **MR McNAMARA**—To move, That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

- *13 **MR LIEBERMAN**—To move, That this House no longer has confidence in the Minister of Health and calls for his dismissal as a Minister of the Crown because of his failure to avert and promptly resolve industrial disputes at the Royal Melbourne Hospital and the Eye and Ear Hospital, resulting in the health services provided by those hospitals to Victorians being placed in jeopardy, and because of his failure to fully disclose and accurately inform the House of the seriousness and status of the disputes.

GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS (Gippsland East)**—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.

- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act* 1982 in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982-83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.

- 12 **MR McNAMARA**—To move. That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III, 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.
- 13 **MR LIEBERMAN**—To move. That this House no longer has confidence in the Minister of Health and calls for his dismissal as a Minister of the Crown because of his failure to avert and promptly resolve industrial disputes at the Royal Melbourne Hospital and the Eye and Ear Hospital, resulting in the health services provided by those hospitals to Victorians being placed in jeopardy, and because of his failure to fully disclose and accurately inform the House of the seriousness and status of the disputes.

LEGISLATIVE ASSEMBLY OF VICTORIA

NOTICES OF MOTION

GOVERNMENT BUSINESS

- *1 **MR CATHIE**—To move, That he have leave to bring in a Bill to create new parks, to amend the *National Parks Act 1975*, the *National Parks (Amendment) Act 1984* and the *Forests Act 1958* and for other purposes.

GENERAL BUSINESS

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS** (*Gippsland East*)—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act 1982* in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.

* Notifications to which an asterisk (*) is affixed appear for the first time.

- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982-83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.
- 12 **MR McNAMARA**—To move, That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.
- 13 **MR LIEBERMAN**—To move, That this House no longer has confidence in the Minister of Health and calls for his dismissal as a Minister of the Crown because of his failure to avert and promptly resolve industrial disputes at the Royal Melbourne Hospital and the Eye and Ear Hospital, resulting in the health services provided by those hospitals to Victorians being placed in jeopardy, and because of his failure to fully disclose and accurately inform the House of the seriousness and status of the disputes.

GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS** (*Gippsland East*)—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act 1982* in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative

measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.

- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982-83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.
- 12 **MR McNAMARA**—To move, That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III, 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

(*Mr Hann*).
- 5 **DROUGHT SITUATION**—*Resumption of debate on the question*—That this House expresses grave concern at the disastrous drought situation in many parts of Victoria, and its alarm at the Government's negative response to the plight of the persons affected, and calls for immediate action to alleviate the situation by the introduction of—(a) increased carry-on loans for farmers, small business and industry; (b) a rural employment scheme; (c) a moratorium on Government charges; (d) an extension of the interest subsidy to small business and industry; (e) incentives to construct bores for irrigation; and (f) a slaughter bounty scheme for sheep. (*Mr Maclellan*).
- 7 **CENSURE OF MINISTER FOR COMMUNITY WELFARE SERVICES** —*Resumption of debate on the question*—That this House condemns the failure of the Minister for Community Welfare Services to exercise proper care and to maintain responsible Ministerial control of her department over the Department's statutory responsibilities, thereby causing grave community alarm about the directions of important new programmes for correctional services. of shop trading hours caters for the substantial changes that have occurred in the social and economic environment and addresses needs and the creation of genuine jobs—and on the amendment—That all the words after “Government” be omitted with the view of inserting in place thereof “to work together with the Commonwealth Government and to maintain its own efforts to assist economic growth and job creation by stimulating both the public and private sectors”. (Mr Ross-Edwards).

- 10 **FIRE PROTECTION SERVICES**—*Resumption of debate on the amended motion*—That this House resolves ****—*and on the amendment to insert the words*—“that no decision should be reached on integration of the management structures and administration of services sections of the Country Fire Authority and the Metropolitan Fire Brigades Board until the time allowed for public comment has expired, a final report has been prepared by the Management Consultancy Division of the Public Service Board and that report has been made available to the Parliament”.
- 11 **PUBLIC AUTHORITIES—RETURN ON ASSETS**—*Resumption of debate on the question*—That the principle of public authorities being required to earn a target real rate of return on their assets and the mechanism by which such rates of return should be calculated, be referred to the Economic and Budget Review Committee for inquiry, consideration and report to the Parliament by 9 August 1983. (Mr Ross-Edwards).
- 12 **PUBLIC SECTOR GROWTH RESTRAINT**—*Resumption of debate on the question*—That this House is of the opinion that the economic security of Victorians and the future development of Victoria requires that growth in the State public sector be kept to a minimum; and in particular that the forthcoming State Budget contain no increase in taxes or charges. (Mr Rowe).
- 13 **ALCOA—PORTLAND AGREEMENT**—*Resumption of debate on the question*—That this House expresses alarm at the failure of the Government to finalize agreement with Alcoa to enable that company’s Portland project to proceed and calls on the Premier to take positive action to resolve any outstanding differences immediately. (Mr Jolly).
- 16 **APPRENTICESHIP TRAINING**—*Resumption of debate on the question*—That this House condemns the Government for its abject failure to support adequately the training of apprentices in Victoria and calls on it to take immediate action to re-establish the high levels of training in the years prior to its assuming office. (*Mr Ross-Edwards*).
- *20 **CENSURE OF MINISTER OF HEALTH**—*Resumption of debate on the question*—That this House no longer has confidence in the Minister of Health and calls for his dismissal as a Minister of the Crown because of his failure to avert and promptly resolve industrial disputes at the Royal Melbourne Hospital and the Eye and Ear Hospital, resulting in the health services provided by those hospitals to Victorians being placed in jeopardy, and because of his failure to fully disclose and accurately inform the House of the seriousness and status of the disputes. GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS (Gippsland East)**—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.

- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act* 1982 in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982–83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.

- 12 **MR McNAMARA**—To move, That this House deploras the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

- 12 **PUBLIC SECTOR GROWTH RESTRAINT**—*Resumption of debate on the question*—That this House is of the opinion that the economic security of Victorians and the future development of Victoria requires that growth in the State public sector be kept to a minimum; and in particular that the forthcoming State Budget contain no increase in taxes or charges. GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR JONA—**To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS (Gippsland East)—**To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.

- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act* 1982 in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982-83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.

- 12 **MR McNAMARA**—To move, That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS** (*Gippsland East*)—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act* 1983, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks

Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.

- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act* 1982 in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982–83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.

- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.
- 12 **MR McNAMARA**—To move, That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

LEGISLATIVE ASSEMBLY OF VICTORIA

NOTICES OF MOTION**GENERAL BUSINESS**

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS** (*Gippsland East*)—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act 1982* in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.

- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 “Ash Wednesday” bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982–83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria’s health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry’s Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry’s Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria’s health system at risk.
- 12 **MR McNAMARA**—To move, That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations, to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

GENERAL BUSINESS**NOTICES OF MOTION**

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS (Gippsland East)**—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act 1982* in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.

- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982–83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.
- 12 **MR McNAMARA**—To move, That this House deplors the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

- 4 **HOSPITAL SERVICES REDUCTION**—*Resumption of debate on the question*—That this House repudiates the threats by the Minister of Health to reduce hospital services in three specified Federal electorates held by Commonwealth Ministers, which threats were discriminatory against citizens living in those electorates and in breach of the tenets of Ministerial responsibility and, accordingly, demands the resignation of the Honourable the Minister. (*Mr Hann*).
- 5 **DROUGHT SITUATION**—*Resumption of debate on the question*—That this House expresses grave concern at the disastrous drought situation in many parts of Victoria, and its alarm at the Government's negative response to

(Mr Burgin).

- 6 **ATTORNEY-GENERAL CASINO INQUIRY RESPONSES**—*Resumption of debate on the question*—That this House is of the opinion that the Attorney-General—(a) has misled the House in answer to questions asked in the House concerning inhibitions placed on the Casino Inquiry by the Government; and (b) has not exercised proper Ministerial control or responsibility in respect of his portfolio, by failing to fully inform himself of all the correspondence and communications between the Board of Inquiry, the Department and Counsel to the Attorney-General. (Mr Maclellan).
- 7 **CENSURE OF MINISTER FOR COMMUNITY WELFARE SERVICES**—*Resumption of debate on the question*—That this House condemns the failure of the Minister for Community Welfare Services to exercise proper care and to maintain responsible Ministerial control of her department over the Department's statutory responsibilities, thereby causing grave community alarm about the directions of important new programmes for correctional services. (Mr Richardson).

(Mr Rowe).
- 9 **UNEMPLOYMENT AND JOB CREATION POLICIES**—*Resumption of debate on the question*—That this House expresses its grave concern at the continued increase in the levels of unemployment in Victoria and calls on the Victorian Government to urgently implement policies which recognize—(a) that economic growth and job creation can best be achieved through effective encouragement and stimulus of the private sector which is Victoria's main area of employment; (b) the need to encourage employment in the private sector; (c) the need for innovative measures to seize every opportunity to create new jobs as well as to preserve existing jobs; and (d) that deregulation of shop trading hours caters for the substantial changes that have occurred in the social and economic environment and addresses needs and the creation of genuine jobs—*and on the amendment*—That all the words after "Government" be omitted with the view of inserting in place thereof "to work together with the Commonwealth Government and to maintain its own efforts to assist economic growth and job creation by stimulating both the public and private sectors". (Mr Ross-Edwards).
- 10 **FIRE PROTECTION SERVICES**—*Resumption of debate on the amended motion*—That this House resolves ****—*and on the amendment to insert the words*—"that no decision should be reached on integration of the management structures and administration of services sections of the Country Fire Authority and the Metropolitan Fire Brigades Board until the time allowed for public comment has expired, a final report has been prepared by the Management Consultancy Division of the Public Service Board and that report has been made available to the Parliament".

- 11 **PUBLIC AUTHORITIES—RETURN ON ASSETS**—*Resumption of debate on the question*—That the principle of public authorities being required to earn a target real rate of return on their assets and the mechanism by which such rates of return should be calculated, be referred to the Economic and Budget Review Committee for inquiry, consideration and report to the Parliament by 9 August 1983. (*Mr Ross-Edwards*).
- 12 **PUBLIC SECTOR GROWTH RESTRAINT**—*Resumption of debate on the question*—That this House is of the opinion that the economic security of Victorians and the future development of Victoria requires that growth in the State public sector be kept to a minimum; and in particular that the forthcoming State Budget contain no increase in taxes or charges. (*Mr Rowe*).
- 13 **ALCOA—PORTLAND AGREEMENT**—*Resumption of debate on the question*—That this House expresses alarm at the failure of the Government to finalize agreement with Alcoa to enable that company's Portland project to proceed and calls on the Premier to take positive action to resolve any outstanding differences immediately. - 15 **WORKERS COMPENSATION**—*Resumption of debate on the question*—That this House expresses deep concern at the high cost of and anomalies in the system of workers compensation in Victoria, and calls on the Government, as an incentive to employment, to take urgent action to reduce workers compensation costs to employers. (*Mr Jolly*).
- 16 **APPRENTICESHIP TRAINING**—*Resumption of debate on the question*—That this House condemns the Government for its abject failure to support adequately the training of apprentices in Victoria and calls on it to take immediate action to re-establish the high levels of training in the years prior to its assuming office. (*Mr Leigh*).
- 17 **STUDENT HOSTELS CLOSURE**—*Resumption of debate on the question*—That in view of the serious disadvantage imposed upon students from country Victoria, this House—(a) condemns the Government for closing and initiating disposal of student hostels in Melbourne; (b) questions the failure of the Government to widely advertise, prior to the commencement of the academic year, that two hostels were to remain open contrary to earlier advice; (c) rejects its belated attempt to transfer responsibility for student housing to the Commonwealth; and (d) calls for the hostels to be re-opened forthwith or for suitable alternative accommodation to be provided by the leasing of migrant hostels or the use of surplus nurses homes and the like. (*Miss Callister*).
- 18 **GRAIN HANDLING IN VICTORIA**—*Resumption of debate on the question*—That this House views with grave concern the waste and financial loss caused by Government mismanagement and policies in the collection, rail transportation and storage of this year's grain harvest and calls upon the Government to institute an inquiry to make recommendations for the appropriate financial structure and for the more efficient and competitive operation of grain handling in Victoria—and on the amendment—That all the words after "of" (where first occurring) be omitted with the view of inserting in place thereof the words "the 1983–84 grain harvest and calls upon the Government to assist the industry to secure a more efficient handling and transport of grain from future harvests". (*Mr Wilton*).

- 19 **CENSURE OF MINISTER FOR POLICE AND EMERGENCY SERVICES**—*Resumption of debate on the question*—That this House censures the Minister for Police and Emergency Services for his failure to appoint a Chairman to the Country Fire Authority, and his failure to recognize the damage being done to morale amongst volunteer members of Country Fire Authority brigades by continuing uncertainty regarding the future of the Authority. (*Mr Ross-Edwards*).
- 20 **CENSURE OF MINISTER OF HEALTH**—*Resumption of debate on the question*—That this House no longer has confidence in the Minister of Health and calls for his dismissal as a Minister of the Crown because of his failure to avert and promptly resolve industrial disputes at the Royal Melbourne Hospital and the Eye and Ear Hospital, resulting in the health services provided by those hospitals to Victorians being placed in jeopardy, and because of his failure to fully disclose and accurately inform the House of the seriousness and status of the disputes. GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.

- 2 **MR EVANS** (*Gippsland East*)—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act 1982* in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982-83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people

working in the health area and calls on the Government to take appropriate action to remedy the situation.

- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.
- 12 **MR McNAMARA**—To move, That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

- 4 **HOSPITAL SERVICES REDUCTION**—*Resumption of debate on the question*—That this House repudiates the threats by the Minister of Health to reduce hospital services in three specified Federal electorates held by Commonwealth Ministers, which threats were discriminatory against citizens living in those electorates and in breach of the tenets of Ministerial responsibility and, accordingly, demands the resignation of the Honourable the Minister. (*Mr Hann*).
- 5 **DROUGHT SITUATION**—*Resumption of debate on the question*—That this House expresses grave concern at the disastrous drought situation in many parts of Victoria, and its alarm at the Government's negative response to the plight of the persons affected, and calls for immediate action to alleviate the situation by the introduction of—(a) increased carry-on loans for farmers, small business and industry; (b) a rural employment scheme; (c) a moratorium on Government charges; (d) an extension of the interest subsidy to small business and industry; (e) incentives to construct bores for irrigation; and (f) a slaughter bounty scheme for sheep. - 7 **CENSURE OF MINISTER FOR COMMUNITY WELFARE SERVICES**—*Resumption of debate on the question*—That this House condemns the failure of the Minister for Community Welfare Services to exercise proper care and to maintain responsible Ministerial control of her department over the Department's statutory responsibilities, thereby causing grave community alarm about the directions of important new programmes for correctional services. (*Mr Ross-Edwards*).
- 10 **FIRE PROTECTION SERVICES**—*Resumption of debate on the amended motion*—That this House resolves ****—*and on the amendment to insert the words*—"that no decision should be reached on integration of the management structures and administration of services sections of the Country Fire Authority and the Metropolitan Fire Brigades Board until the time allowed for public comment has expired, a final report has been prepared by the Management Consultancy Division of the Public Service Board and that report has been made available to the Parliament".
- 11 **PUBLIC AUTHORITIES—RETURN ON ASSETS**—*Resumption of debate on the question*—That the principle of public authorities being required to earn a target real rate of return on their assets and the mechanism by which such rates of return should be calculated, be referred to the Economic and Budget Review Committee for inquiry, consideration and report to the Parliament by 9 August 1983. (*Mr Ross-Edwards*).
- 12 **PUBLIC SECTOR GROWTH RESTRAINT**—*Resumption of debate on the question*—That this House is of the opinion that the economic security of Victorians and the future development of Victoria requires that growth in the State public sector be kept to a minimum; and in particular that the forthcoming State Budget contain no increase in taxes or charges. (*Mr Rowe*).

- 13 **ALCOA-PORTLAND AGREEMENT**—*Resumption of debate on the question*—That this House expresses alarm at the failure of the Government to finalize agreement with Alcoa to enable that company's Portland project to proceed and calls on the Premier to take positive action to resolve any outstanding differences immediately. (*Mr Jolly*).
- 16 **APPRENTICESHIP TRAINING**—*Resumption of debate on the question*—That this House condemns the Government for its abject failure to support adequately the training of apprentices in Victoria and calls on it to take immediate action to re-establish the high levels of training in the years prior to its assuming office. GENERAL BUSINESS

NOTICES OF MOTION

- 1 **MR JONA**—To move, That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department

and its advocate act in accordance with this policy in hearings before the Commission.

- 2 **MR EVANS** (*Gippsland East*)—To move, That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act* 1983, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 3 **MR MACLELLAN**—To move, That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act* 1982 in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move, That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move, That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move, That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move, That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.
- 8 **MIR MACLELLAN**—To move, That this House notes the Authority Annual Reports for the year 1982–83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move, That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and

an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.

- 10 **MR LIEBERMAN**—To move, That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move, That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.
- 12 **MR McNAMARA**—To move, That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III, 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

(*Mr Hann*).
- 5 **DROUGHT SITUATION**—*Resumption of debate on the question*—That this House expresses grave concern at the disastrous drought situation in many parts of Victoria, and its alarm at the Government's negative response to the plight of the persons affected, and calls for immediate action to alleviate the situation by the introduction of—(a) increased carry-on loans for farmers, small business and industry; (b) a rural employment scheme; (c) a moratorium on Government charges; (d) an extension of the interest subsidy to small business and industry; (e) incentives to construct bores for irrigation; and (f) a slaughter bounty scheme for sheep. - 7 **CENSURE OF MINISTER FOR COMMUNITY WELFARE SERVICES**—*Resumption of debate on the question*—That this House condemns the failure of the Minister for Community Welfare Services to exercise proper care and to maintain responsible Ministerial control of her department over the Department's statutory responsibilities, thereby causing grave community alarm about the directions of important new programmes for correctional services. GENERAL BUSINESS**NOTICES OF MOTION**

- 1 **MR JONA**—To move. That, in view of the clear statement of Government policy pertaining to the rights and interests of school principals at hearings of the Victorian Teachers Conciliation and Arbitration Commission, given to the House by the Minister of Education on 2 December 1983, this House condemns the failure of the Minister to ensure that the Education Department and its advocate act in accordance with this policy in hearings before the Commission.
- 2 **MR EVANS (Gippsland East)**—To move. That, in the opinion of this House, the reasons advanced by the Honourable the Minister of Water Supply for his stated intention to recommend to the Governor in Council that certain public bodies be abolished and be succeeded by the Mitchell Water Board as described in his statement tabled in this House pursuant to section 9 (6) of the *Water and Sewerage Authorities (Restructuring) Act 1983*, on 6 March, 1984 are not valid reasons insofar as they relate to Paynesville Waterworks Trust, Lindenow Waterworks Trust and Paynesville and Lindenow Sewerage Authority, respectively, and this House accordingly considers that the proposed recommendation should not be made in respect of the abolition of the aforesaid public bodies.
- 3 **MR MACLELLAN**—To move. That this House calls on the Premier to instruct his Ministers and Departments to operate the *Freedom of Information Act 1982* in accordance with the goals of Government promises and the public perceptions of the intent of the legislation, so as to remove the current situation in which information is being denied to inquirers on grounds which are specious interpretations of those provisions of the Act which permit a request for information to be denied.
- 4 **MR EBERY**—To move. That this House condemns the Minister for Police and Emergency Services for—(a) his failure to implement the Government's promises to recruit an extra 1000 police; (b) his failure to provide adequate additional mobility and modern technology to the Force; and (c) his failure, in the absence of the above two undertakings, to provide any alternative measures to fight the increased crime rate which is causing the Victorian community such concern for its safety and property security.
- 5 **MRS SIBREE**—To move. That this House condemns the Government in failing to obtain for Victoria its full share of the \$30 million extra of Commonwealth money for child care in Australia insofar as Victoria has 20 per centum of Australia's pre-school children and thus should have received \$6 million and not the \$2.2 million it is actually to receive from the Commonwealth.
- 6 **MRS SIBREE**—To move. That this House expresses its concern that because of lack of Government support for continued recurrent funding and failure to supply sufficient autonomy for decision making to the Committee responsible for its establishment, the proposed Women's Centre for Victorian Women which was planned to mark the 150th celebrations, has not been able to proceed.
- 7 **MR EBERY**—To move. That this House expresses its concern at the failure of the Minister for Police and Emergency Services to allow effective community discussion about proper measures to protect Victoria against repetition of the 1983 "Ash Wednesday" bushfires, through his continuing refusal to release the Miller bushfires report.

- 8 **MR MACLELLAN**—To move. That this House notes the Authority Annual Reports for the year 1982–83 presented to Parliament and condemns the Minister of Transport for his financial mismanagement and lack of control disclosed in the reports.
- 9 **MR LIEBERMAN**—To move. That this House condemns the Government for its mismanagement and bungling in the administration of Victoria's health system and for supporting and implementing policies which have caused a dramatic deterioration in the availability of health services for Victorians, unprecedented industrial strife, the largest ever waiting lists in hospitals, and an alarming deterioration in morale and teamwork amongst the people working in the health area and calls on the Government to take appropriate action to remedy the situation.
- 10 **MR LIEBERMAN**—To move. That this House condemns the Government over its handling of the Prince Henry's Hospital and for its decision to move it from its present location instead of developing a plan for the maintenance and continuation of the renowned Prince Henry's Hospital in St. Kilda Road, Melbourne.
- 11 **MR LIEBERMAN**—To move. That this House condemns the action of the Federal and Victorian Governments in introducing Medicare, thus placing Victoria's health system at risk.
- 12 **MR McNAMARA**—To move. That this House deplores the present situation at the Benalla Technical School, the secrecy surrounding the two departmental inquiries into the issue, and the deliberate policy of non co-operation with the Principal by certain teachers, and demands that the Minister of Education immediately enter into a written agreement with the Technical Teachers Union of Victoria that the three teachers named in the first report be placed on immediate paid leave and be transferred out of Benalla at the end of Term III., 1984 or, failing that agreement, he immediately instigate a competent legal inquiry, with power to require the presence of relevant persons, papers and records, to take sworn evidence and bring the full facts before the public, and to make recommendations to resolve the dispute in the best interests of the Benalla Technical School, the students at that school, the citizens of Benalla and the Victorian Education system generally.

(*Mr Ross-Edwards*).
- 12 **PUBLIC SECTOR GROWTH RESTRAINT**—*Resumption of debate on the question*—That this House is of the opinion that the economic security of Victorians and the future development of Victoria requires that growth in the State public sector be kept to a minimum; and in particular that the forthcoming State Budget contain no increase in taxes or charges.
