NOTICES OF MOTION

NOTICES GIVEN ON 6 FEBRUARY 2013

- 348 **MS RYALL** — To move, That this House condemns the Labor Party for its behaviour on the last sitting day of 2012 when its ugly culture showed complete disrespect for parliamentary convention and calls on the Leader of the Opposition to set an example and show real leadership to his ‘rabble without a cause’.
- 349 **MR MERLINO** — To move, That this House condemns the Minister for Education for his comment that VCAL is part of a flexible budget for schools when in reality many schools are being forced to go into debt or cut other important programs to continue to deliver VCAL, or reduce their VCAL places.
- 350 **MR NEWTON-BROWN** — To move, That this House notes the support offered by the Leader of the Opposition for the policy currently being developed by the Member for Prahran for the expunging of criminal records for gay sex and further notes that the former Labor government failed to act on this issue for 11 years.
- 351 **MS ALLAN** — To move, That this House condemns the Premier for his arrogant dismissal of schools’ concerns over cuts to Education Maintenance Allowance and the School Start Bonus, telling schools to go off and speak to the regional offices and not to bother him.
- 352 **MR SOUTHWICK** — To move, That this House condemns the Member for Clayton for tearing down the Parliament’s bipartisan commitment to multiculturalism by using a 2013 Lunar New Year function to deliver a political speech and calls on the Leader of the Opposition to counsel the member for this behaviour.
- 353 **MR TREZISE** — To move, That this House condemns the Minister for Education for blaming schools for cuts to Reading Recovery when the slashing of Reading Recovery funding, so vital in the effective delivery of this literacy program, is a direct result of the \$555 million ripped out of education by the Baillieu Government.
- 354 **MS WREFORD** — To move, That this House condemns the Australian Labor Party at both federal and state levels for instigating and supporting cruel cuts to Victoria’s health funding, based on Labor’s absurd belief that Victoria’s population fell.
- 355 **MS KNIGHT** — To move, That this House notes that TAFE has given so many Victorians, young and old, the opportunities of skilled employment and a lifelong education and condemns the Baillieu Government for the biggest TAFE cuts in our history, which have changed the face of education in Victoria.
- 356 **MR BULL** — To move, That this House condemns the Federal Labor Government for slashing the lifeblood from Victoria’s hospital funding and calls on it to reinstate what it promised in the health agreement.
- 357 **MR MERLINO** — To move, That this House notes that the Baillieu Government’s \$300 million cut to TAFE has forced courses to cease and campuses to close and expresses concern for those communities such as Lilydale, whose local TAFE campus will shut its doors.

NOTICES GIVEN ON 7 FEBRUARY 2013

- 348 **MR HERBERT** — To move, That this House condemns the Baillieu Government for waiting until school has started back before commencing EBA negotiations with teachers and notes that the Government's extended holiday has cost thousands of senior students the opportunity to attend VCE study camps.
- 349 **MRS FYFFE** — To move, That this House condemns the selfish push by the ACTU for federal Labor to legislate in the dying days of the Gillard government for a portable entitlement scheme that will incur massive costs and administrative complexities and which totally fails to acknowledge Australia's poor productivity and declining competitiveness.

- 350 **MR HERBERT** — To move, That this House notes that the Minister responsible for the Teaching Profession has gone AWOL in EBA negotiations, leaving the Minister for Education and the Minister for Finance to provide the government commentary on the teachers' industrial dispute.
- 351 **MR SOUTHWICK** — To move, That this House offers its condolences, thoughts and prayers to the communities affected by the tragic bushfires which have again hit our state and acknowledges the tenacity of the local residents who are determined to get back on their feet.
- 352 **MR HERBERT** — To move, That this House condemns the Baillieu Government for risking the vocational education of thousands of students at adult and community learning centres because of a meltdown of the Government's registration process.
- 353 **MR McCURDY** — To move, That this House congratulates the Coalition Government for having the courage to implement all of the Bushfires Royal Commission recommendations which helps Victorians four years on from Black Saturday, and instils confidence that this Government truly cares and will support our communities.
- 354 **MS GRALEY** — To move, That this House condemns the Baillieu Government for jeopardising the vocational education of 230 students at Narre Warren Community Learning Centre, which has still not received its state government registration approval.
- 355 **MS McLEISH** — To move, That this House calls on the former Minister for the Respect Agenda in the Brumby Government, the Member for Essendon, to counsel Opposition members who clearly do not understand the concept of respect and appropriate behaviour evident by their appalling treatment of the Speaker on 6 February 2013.
- 356 **MS GRALEY** — To move, That this House condemns the Baillieu Government for refusing to provide retrospective funding to Merinda Park Community Learning Centre, which was forced to begin VCAL classes in 2013 before receiving its state government registration approval.

- 359 **MS CAMPBELL** — To move, That this House notes that the Baillieu Government is not working for jobs as witnessed by Victoria's unemployment rates of 5.6 per cent compared with the national rate of 5.4 per cent, and 16,000 more Victorians unemployed at the end of 2012 compared with 2011.
- 360 **MS CAMPBELL** — To move, That this House notes that whilst Labor fights for Victoria's jobs, under the Baillieu government thousands of Victorian workers have lost their jobs, businesses have closed up shop and our state is falling behind because infrastructure investment fell three per cent despite increases in Commonwealth investment.
- 361 **MS CAMPBELL** — To move, That this House notes that under a Labor state government Victoria was an economic powerhouse yet under the Baillieu Government Victoria's economic growth is stagnating at just 2.3 per cent in 2011–12, well below our average 2.9 per cent over the past ten years.
- 362 **MS CAMPBELL** — To move, That this House notes that Labor will return Victoria to an economic powerhouse by creating jobs for Victorian families, investing in skills and training and providing an infrastructure pipeline.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 19 FEBRUARY 2013

- 353 **MR CARBINES** — To move, That this House notes that February 2013 marks six months since Places Victoria chairman Peter Clarke stood down from his role, in the shadow of Federal Court proceedings, and condemns the Premier for paying Mr Clarke an \$80,000 salary when he is not turning up for work.
- 354 **MRS FYFFE** — To move, That this House commends and thanks all the firefighters, both volunteers and paid, and all other voluntary support services and community members who have worked tirelessly and bravely since 17 January 2013 to protect Victorian lives and property.
- 355 **MR CARBINES** — To move, That this House condemns the Premier for ignoring due process to appoint his mate and past Victorian Liberal Party vice president Peter Clarke as chairman of Places Victoria, a role Mr Clarke has not fulfilled for several months despite banking his \$80,000 salary.
- 356 **MR SOUTHWICK** — To move, That this House congratulates the Member for Keilor on her elevation to the Opposition front bench and expresses disappointment that the Leader of the Opposition required factional intervention from his federal counterparts, Steven Conroy and Bill Shorten, to step in and choose his shadow cabinet for him.
- 357 **MR CARBINES** — To move, That this House notes the parlous finances of Places Victoria which announced a loss of \$19 million and 53 job cuts and further notes the chief executive has quit and the Premier's hand-picked chairman, Peter Clarke, has stood down on full pay because the Premier wants to protect his mate.
- 358 **DR SYKES** — To move, That this House notes the sudden departure of the former Member for Lyndhurst and calls upon the Victorian ALP to select Mr Pakula MLC, Member for Western Metropolitan, to contest the seat to reduce the cost to taxpayers as he travels the short distance from his home in Beaumaris to his electorate office.
- 359 **MR PALLAS** — To move, That this House notes that calls from South Gippsland Water to be connected to the Melbourne water grid appear to have been rejected by the Minister for Water and calls on the Deputy Premier to pull his deputy into line so that South Gippsland can have a secure water supply.
- 360 **MS McLEISH** — To move, That this House notes the extraordinary dedication, courage and effort of our firefighters, emergency services workers and agency partners as they battle fires, often in challenging and difficult conditions of high temperatures and wind, and in particular notes the tragic loss of DSE workers Katie Peters and Steven Kadar.
- 361 **MR PALLAS** — To move, That this House condemns the Deputy Premier for failing to stand up to the Minister for Water who has arrogantly knocked back calls from towns in South Gippsland to be connected to the Melbourne water grid to provide certainty over their water supply.
- 362 **MS RYALL** — To move, That this House congratulates Labor for showing Victorians who their real leader is with faceless men awarding important front bench positions based on deals and infighting rather than merit and experience leaving Labor's token leader red faced, powerless and humiliated and notes it is once again Labor first, Victorians second.

NOTICES GIVEN ON 20 FEBRUARY 2013

- 353 **MR SOUTHWICK** — To move, That this House notes reports that the Australian Workers Union is building a \$5 million war chest to fund an army of Clayton's campaign workers to buy the re-election of the Gillard Labor Government and offers its condolences that the Labor Party has had to replace its grassroots with Astroturf.
- 354 **MS EDWARDS** — To move, That this House notes that over 30 schools and hundreds of teachers in the Bendigo region participated in protest action against the Baillieu Government's failure to resolve the teachers' pay dispute and stood up for the future of our children's education.
- 355 **MS RYALL** — To move, That this House condemns the Labor Party for its pathetic view that its precious time is wasted debating bills of huge importance to Victorians including fixing Labor's smart meter mess, accessing cheaper electricity, jailing paroled serious sex and violent reoffenders, simplifying jury directions and dealing with issues of directors' liability.
- 356 **MR FOLEY** — To move, That this House notes the efforts of teachers at Port Melbourne, Albert Park, Middle Park, St Kilda Park, St Kilda and Elwood Primary Schools, Elwood College, Albert Park College, MacRobertson's Girls High School and the VCA Secondary College for standing up for the future of our children's education.
- 357 **MR NORTHE** — To move, That this House condemns the Federal Labor Government for its savage mid-budget health funding cuts that will see Latrobe Regional Hospital lose \$2.2 million in revenue and further notes the falsehoods as espoused by the Federal Health Minister on this subject, along with the silence from Victorian Labor.
- 358 **MR CARBINES** — To move, That this House notes the work of teachers at Rosanna, Heidelberg, Ivanhoe, East Ivanhoe, Viewbank, Banyule and Rosanna Golf Links Primary Schools, and Viewbank, Charles La Trobe P-12 and Our Lady of Mercy Colleges for standing up for the future of our children's education in supporting the AEU campaign.
- 359 **MR NEWTON-BROWN** — To move, That this House notes that the Member for Tarneit, the fiscal genius behind the plan to spend \$20 million on fairy lights for the Bolte Bridge, has been elevated by the Labor factional undead to the position of alternative Treasurer of Victoria.
- 360 **MS KANIS** — To move, That this House condemns the Baillieu Government for taking legal action against our hard working and dedicated teachers and not putting any real effort into making a fair pay offer that recognises the important role of teachers at University High, Princes Hill Secondary College and Mount Alexander College.
- 361 **MR WATT** — To move, That this House condemns the Member for Clayton for using recent Chinese New Year Celebrations for his self-professed political attack on the Gillard Government and calls on him to show he really cares by putting down the microphone, picking up the telephone and calling his political masters in Canberra.

- 362 **MR BROOKS** — To move, That this House notes that the Premier cannot be trusted to keep his word to teachers, including those in the northern suburbs, and recognises that the only way to build an even better education system is by working with the teaching profession to achieve better outcomes for our children.

NOTICES GIVEN ON 5 MARCH 2013

- 354 **MR SOUTHWICK** — To move, That this House congratulates the Victorian Coalition Government for driving the next decade of road safety by increasing penalties and fines for people using mobile phones while driving, and extending the ban on mobile phone use, including hands free sets, by P1 drivers to include P2 drivers.
- 355 **MR MERLINO** — To move, That this House condemns the Premier and the Minister for Police and Emergency Services for overseeing a massive 9.5 per cent increase in Victoria's crime rate, destroying 10 years of work by the previous Labor Government and the community that resulted in consistent drops in Victoria's level of crime.
- 356 **MS WREFORD** — To move, That this House notes plans to introduce new laws against tailgating to provide a stronger deterrent and send the message to drivers that they must keep a safe distance from the vehicle in front.
- 357 **MS HENNESSY** — To move, That this House notes the Minister for Police and Emergency Services has for two years been consumed by an internal crisis that has undermined the leadership of Victoria Police and destabilised the Baillieu Government, while at the same time Victoria's crime rate has skyrocketed by 9.5 per cent.
- 358 **MS MILLER** — To move, That this House notes plans for new laws to toughen drink driving laws so that drivers caught with a blood alcohol content over the legal limit would be required to have an alcohol interlock fitted to their vehicle.
- 359 **MS GARRETT** — To move, That this House condemns the Premier for protecting the Leader of the Nationals while making the Member for Benambra, Tristan Weston, Tony Nutt and Damien Mantach take the blame for a plot hatched and executed from within the Deputy Premier's own office.
- 360 **MR KATOS** — To move, That this House congratulates the Victorian Coalition Government on innovations like a new road safety app for Android phones which, when enabled, will put a phone on silent and send a text to anyone who tries to call or text.
- 361 **MR DONNELLAN** — To move, That this House notes that the Premier has deliberately kept vacant the position of Parliamentary Secretary for Police, and calls on the Premier to honour his promise and reappoint the Member for Benambra to this position.
- 362 **DR SYKES** — To move, That this House condemns the Gillard Labor Government for squandering taxpayers' money on its outrageous, misleading advertisements on health funding and calls upon the weak-hearted, lily-livered Victorian Labor Party to stand up for Victorians and get the Prime Minister to cease her campaign and refund the remaining \$368 million.
- 363 **MS ALLAN** — To move, That this House condemns the Baillieu Government over revelations that the Premier's Chief of Staff brokered a secret payment to the Police Minister's adviser and revealed confidential material of an OPI investigation; the Minister misled the OPI and Parliament and knew about the undermining of the Police Chief Commissioner.

GENERAL BUSINESS

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 21 MARCH 2013

- 347 **MR BROOKS** — To move, That this House notes that the Premier's one off \$200 million bandaid will not make up for the \$1.2 billion the Government has cut from Victoria's TAFE and training sector.
- 348 **MS RYALL** — To move, That this House urges the Members for Bendigo East and Monbulk to do a very basic course on cause and effect so they can understand that 850 more police officers on the front line means crime statistics go up, because more crimes are being detected and recorded.

- 349 **MR HERBERT** — To move, That this House notes that the Premier’s miserly \$50 million annual TAFE funding bandaid will not stop a single campus from closing or repair the damage this Government has done to Victoria’s TAFE and training sector.
- 350 **MS MILLER** — To move, That this House congratulates the Coalition Government for investing in Victoria’s future by increasing the state training budget from the previous government’s \$855 million to \$1.244 billion which has led to an increase in government-funded enrolments in Victoria’s training system of 243,533 since 2010.
- 351 **MR NOONAN** — To move, That this House condemns the Premier for his failure to replace the Minister for Health, who has been responsible for \$616 million being cut from the health system and surgery waiting lists blowing out by 23.5 per cent, or almost a quarter, in just one year.
- 352 **MR BULL** — To move, That this House notes this Government’s proactive approach to planned fuel reduction burning with the release of figures showing 197,000 hectares were treated in 2012, the largest area covered in the past 21 years.
- 353 **MR TREZISE** — To move, That this House notes that two weeks after deposing the Member for Hawthorn as Premier, the Member for South-West Coast has still taken no action to fix the cuts to the School Start Bonus or the Education Maintenance Allowance which target Victoria’s most vulnerable families.
- 354 **MR SOUTHWICK** — To move, That this House calls on the Labor Party to return to its so-called respect agenda by respecting the rules and roles of this Parliament and stop throwing personal insults across the Chamber that can only be described as bullying and would not be tolerated in any other workplace in Australia.
- 355 **MR PALLAS** — To move, That this House calls on the Premier to finally get to work protecting and growing Victorian jobs, and to produce a comprehensive plan to grow jobs and investment in Victoria.
- 356 **MRS FYFFE** — To move, That this House congratulates the Government for injecting \$200 million into TAFE following thorough independent advice, on top of record training funding, in stark contrast to the former government who left the system in a \$330 million black hole.

NOTICES GIVEN ON 16 APRIL 2013

- 347 **MS ALLAN** — To move, That this House dissents from the Speaker's ruling of 21 March regarding points of order, noting this ruling protects the Government rather than upholding standing orders and forces the Opposition to utilise points of order to uphold standing orders as the Speaker fails to do his job fairly and impartially.
- 348 **MR NEWTON-BROWN** — To move, That this House notes that the Leader of the Opposition has failed the Victorian community through his deafening silence in relation to the savage cuts made to tertiary education by his federal colleagues.
- 349 **MS HALFPENNY** — To move, That this House condemns the Liberal-Nationals Government for failing to provide funding to Lalor Gardens Primary School, Thomastown West Primary School and William Ruthven Secondary College to complete the schools' infrastructure and provide a safe learning environment.
- 350 **MS McLEISH** — To move, That this House congratulates the Coalition Government for the \$630 million investment to deliver a world-class hospital with state of the art facilities for the community of Bendigo and north-west Victoria and notes the unenthusiastic response from the Members for Bendigo East and Bendigo West.
- 351 **MR CARBINES** — To move, That this House urges the Napthine Government to reinstate funding in the 2013 Budget to re-open the West Heidelberg police station closed by the former Premier and the former Minister for Police and Emergency Services, to ensure community policing resources are available in the electorate of Ivanhoe.
- 352 **MS RYALL** — To move, That this House condemns the Labor Opposition for its hypocrisy in standing silent while its federal comrades in Canberra rip \$200 million from universities and student support in Victoria, including from students who are disadvantaged.
- 353 **MS GRALEY** — To move, That this House condemns the Napthine Government for its failure to commit to upgrading Thompsons Road and addressing the ever-worsening congestion and constant delays Casey residents are forced to contend with each and every day on this very road, which like many local roads has been ignored by this Government.
- 354 **MRS BAUER** — To move, That this House commends the Victorian Coalition Government's Protective Services Officer policy and welcomes the deployment of PSOs to Chelsea Station, and notes that with 344 PSOs now patrolling 42 rail stations across the network, the Government's investment in PSOs is increasing community safety across Victoria.
- 355 **MR BROOKS** — To move, That this House condemns the Napthine Government for abolishing the School Focused Youth Service, a highly effective program that helps prevent youth suicide and calls on the Premier to reverse this decision and to ensure this service is funded in the 2013 budget.

- 356 **DR SYKES** — To move, That this House calls on the Leader of the Opposition to show leadership by stating unequivocally where he stands on the Prime Minister's plan to slash funding for university students and instructing his Labor party members to speak on bills and avoid the embarrassing situation of the Opposition debate collapsing.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 7 MAY 2013

- 367 **MS GARRETT** — To move, That this House condemns the Napthine Government for its ongoing failure to remediate the Fiskville site, despite repeated warnings about Category A waste, a fact confirmed in an internal CFA email of 22 February 2012 stating that these works were to be scheduled as a matter of urgency.
- 368 **MS McLEISH** — To move, That this House congratulates the Minister for Regional and Rural Development for delivering gas to Avoca and doing what the former Minister, the Member for Bendigo East, could not, providing evidence that she misled the community when she said the gas network was extended as far as it could.
- 369 **MS GARRETT** — To move, That this House condemns the secrecy surrounding Fiskville, noting the CFA's response to questioning about safety concerns was to state in July 2012 that documents about water issues were 'controlled' and that files relating to the issue were open to only four staff.
- 370 **MR NEWTON-BROWN** — To move, That this House notes that, like a shag on a rock, the Leader of the Opposition silently endorsed the CFMEU as it exploited the Carlton wall collapse tragedy for its own political ends.
- 371 **MS GARRETT** — To move, That this House condemns the Napthine Government for its oversight of the Fiskville site in circumstances where the CFA were warned that hazardous waste was affecting water quality in February 2012 and only changed the water supply months later when outed by the investigative work of the *Herald Sun*.
- 372 **MR WATT** — To move, That this House condemns the Leader of the Opposition for his blatant double standards in relation to his dealings and statements regarding the Member for Frankston, with the Opposition not merely accepting but actively courting the Member for Frankston's vote during the April 2013 sitting week.
- 373 **MS GARRETT** — To move, That this House condemns the Deputy Premier for failing to address the many reports and EPA notices regarding hazardous waste at Fiskville when asked on the adjournment debate on 21 February 2013 to satisfy both himself and Victorians that any and all appropriate preventative steps were taken.
- 374 **MRS BAUER** — To move, That this House congratulates the Premier and Minister for Public Transport for their commitment to fund \$100 million in additional maintenance and upgrades on the Frankston line, and furthermore condemns the previous Labor government for turning its back on 60,000 daily commuters, leaving the Frankston line in exceptionally poor condition.
- 375 **MS GARRETT** — To move, That this House condemns the Napthine Government and the CFA for failing to publicly release all findings of the investigation into Fiskville conducted by Cardno Lane Piper,

which has been ongoing for months, and for failing to release other reports into this site until forced to do so under FOI.

- 376 **DR SYKES** — To move, That this House congratulates the Liberal-Nationals Government on the introduction of the equitable property-based fire services levy which replaces the grossly inequitable insurance-based fire services levy which the former Labor government lacked the intestinal fortitude to fix.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 8 MAY 2013

- 368 **MS ALLAN** — To move, That this House notes reports of 15 child protection worker positions left unfilled due to public sector cuts by the Napthine Government and demands the Minister for Community Services provide an immediate explanation why her Government broke its promise to employ more child protection workers in the Loddon Mallee Region.
- 369 **MS MILLER** — To move, That this House congratulates the Napthine Government on a financially sound budget that is building for growth in Victoria, noting that the budget is back under control after having been plunged into unsustainable debt by the previous Labor Government.
- 370 **MS CAMPBELL** — To move, That this House condemns the failure of the Minister for Education to fund in 2011, 2012 and 2013 the rebuild of the Westbreen Primary School which lodged all of its required documentation with the DEECD in October 2010.
- 371 **MS McLEISH** — To move, That this House congratulates the Coalition Government for the commitment to education and families in the rapidly growing northern corridor with \$11.5 million funding towards the new Doreen Secondary College, proof that the Government is listening and delivering for that community which was neglected by the former Labor Government.
- 372 **MS KAIROUZ** — To move, That this House condemns the Napthine Government for failing to allocate a single cent to the Caroline Springs train station, a project it promised to fund in opposition in 2008 but which still lies half-finished five years later.
- 373 **MR BULL** — To move, That this House commends the Treasurer for handing down a responsible budget that has increased investment in health, roads, the disability sector and a record \$6.1 billion infrastructure spend, while delivering a \$225 million surplus, a budget that has rightfully been widely applauded.
- 374 **MS CAMPBELL** — To move, That this House notes the Minister for Roads' comments to the House on 11 December 2012 of his erstwhile visit to Pakenham Station carpark where there was 'an awful lot of dirt and gravel' and notes the cost effectiveness of fixing an identical situation at Merlynston Station with similar risks.
- 375 **MR NEWTON-BROWN** — To move, That this House notes that on the same day the Federal Labor Government announced a \$17 billion black hole in its budget, the Victorian government announced a \$224 million surplus rising to \$2.5 billion in 2016, and further notes the praise for a surplus from the Leader of the Opposition.
- 376 **MS HALFPENNY** — To move, That this House condemns the Napthine Government's budget for on one hand denying northern suburb residents the much needed essential infrastructure and services, and on the other making these same residents pay for the budget through cuts to apprentice bonuses, utility concessions and good driver rewards.
- 377 **MS WREFORD** — To move, That this House congratulates the Treasurer on his first budget, one that firmly positions Victoria to build for growth, fixes up more of the transport disasters left by Labor and delivers more important infrastructure and services to the Mordialloc electorate.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 29 MAY 2013

- 368 **MR NOONAN** — To move, That this House condemns the Napthine Government for driving our ambulance service into crisis, where cases such as the one involving a 94 year old woman with a broken leg left waiting in agony for an hour for an ambulance in Hampton on 27 May 2013 are commonplace.
- 369 **MR NEWTON-BROWN** — To move, That this House calls on the Leader of the Opposition to apologise to the Minister for Planning for the shameful manner in which the IBAC was abused when a frivolous and vexatious referral was recently made without any substance in fact or in law.
- 370 **MR TREZISE** — To move, That this House condemns the Premier and Minister for Health for putting the lives of Geelong residents at risk on 24 May 2013, when at one stage there were no ambulances available to respond across the region, resulting in a string of delays, including four Code 1 life threatening cases.
- 371 **MR SOUTHWICK** — To move, That this House notes the decision by Ford to close its facilities in Victoria was made by its head office in the USA and calls on the Leader of the Opposition to stop playing politics with livelihoods and get on board with the Premier's Ford Taskforce to sustain the regions.
- 372 **MR NOONAN** — To move, That this House condemns the Minister for Health for releasing the latest *Victorian Health Services Performance Report* immediately after he fronted PAEC, which meant he did not have to face questioning about the worsening state of Victoria's ambulance service and unmet targets.
- 373 **MR BULL** — To move, That this House notes the announcements in May 2013 of a major Federal Labor deficit blowout due to poor financial management and a Victorian Budget surplus due to responsible government, a perfect example of the typical state of play in Australian politics at present.
- 374 **MR NOONAN** — To move, That this House condemns the Premier and Minister for Health for the decreasing performance of Ambulance Victoria, with the budget papers showing that almost 30 per cent of ambulances are failing to respond to Code 1 emergencies within 15 minutes, and response times have blown out at every metropolitan station.
- 375 **MR KATOS** — To move, That this House congratulates the Premier for setting up a ministerial taskforce and jobs summit the wake of Ford's decision to cease manufacturing in 2016 and urges the Labor Opposition to stop playing politics and get behind the Coalition Government in supporting Ford workers and Geelong.
- 376 **MR NOONAN** — To move, That this House recognises the hard work, dedication and commitment of Victoria's paramedics and acknowledges that these highly trained professionals are regularly called upon at any hour of the day to respond to life and death situations involving extraordinary stress and pressure.
- 377 **MR BATTIN** — To move, That this House condemns Victorian Labor for standing shoulder to shoulder, side by side with the CFMEU who continue to break laws and prevent workers getting to work, an entitlement we should all have without fear or risk that a union thug is going to abuse, assault or bully us.

378 **MS ALLAN** — To move, That, under s 33 of the *Parliamentary Committees Act 2003*, an inquiry into the impacts of the measures and timelines of the Sustainable Forests (Timber) Amendment Bill 2013 be referred to the Environment and Natural Resources Committee for consideration and report no later than one month after this motion is agreed to and, in particular, the Committee:

NOTICES OF MOTION

NOTICES GIVEN ON 11 JUNE 2013

- 375 **MS RYALL** — To move, That this House urges the Member for Lyndhurst to correct his media statement to show the \$51 million increase on the already significantly increased Coalition school maintenance funding and tell the truth about the former Labor government leaving our schools with a \$420 million backlog in maintenance funding.
- 376 **MS GRALEY** — To move, That this House condemns the Napthine Government for its failure to provide a single cent of funding for new road projects in Casey in the 2013 budget as local roads struggle to meet the demands of our growing community, leaving local residents to face ever worsening congestion and lengthy delays.
- 377 **MR SOUTHWICK** — To move, That this House congratulates the Premier, the Leader of the Opposition, the Speaker and the President for signing the London Declaration against anti-Semitism and commends the more than 60 Coalition members who joined them in this powerful symbol against hatred.
- 378 **MS NEVILLE** — To move, That this House condemns the Napthine Government for its decision to abandon the commuters of Geelong by not prioritising the building of a second Yarra River Crossing.
- 379 **MR WELLER** — To move, That this House congratulates the Minister for Water for achieving an outcome in the Murray Darling Basin Plan which has a Sustainable Diversion Limit adjustment mechanism that can potentially reduce the amount of water taken out of productive use by up to 650 gegalitres.
- 380 **MR TREZISE** — To move, That this House condemns the Government for abandoning pot-holed Geelong roads by slashing maintenance funding, as compared to the former Labor Government which spent \$330 million upgrading the Princes Highway between Geelong and Melbourne and constructing the Geelong Ring Road.
- 381 **MS McLEISH** — To move, That this House congratulates the Coalition Government for the commitment, effort and extensive lobbying of the Federal Government, including a \$25 million offer which was on the table for some time, to secure the headquarters for Disability Care Australia in Geelong, a great boost for the region and for jobs.
- 382 **MR DONNELLAN** — To move, That this House condemns Inga Peulich MLC and Gordon Rich-Phillips MLC, Liberal members for the South-Eastern Metropolitan Region, for their lack of endeavour

and drive in relation to road funding for the city of Casey, and notes that over three years just \$8 million has been spent on roads in Casey.

- 383 **MR NEWTON-BROWN** — To move, That this House congratulates the RSPCA and Victoria Police for busting a barbaric cockfighting ring in Rockbank, thereby protecting numerous roosters from horrific cruelty.
- 384 **MR EREN** — To move, That this House condemns the Napthine Government for failing commuters in Geelong and the west, which are Melbourne's major population and industrial growth areas, particularly for not considering the importance of an East West Link given 160,000 vehicles cross the West Gate Bridge each weekday.
- 385 **MR PALLAS** — To move, That, under s 33 of the *Parliamentary Committees Act 2003*, an inquiry into the impacts of the measures and timelines of the Borrowing and Investment Powers Amendment Bill 2013 be referred to the Economic Development and Infrastructure Committee for consideration and report by 1 October 2013 and, in particular, the Committee is specifically required to:
- (1) take account of the removal from the Parliament of the ability to cap any borrowings that the Treasurer may approve for government bodies;
 - (2) consider whether any instrument by the Treasurer to increase the borrowings cap for government bodies should be a disallowable instrument; and
 - (3) call as a witness:
 - (a) the Chairman of Treasury Corporation Victoria;
 - (b) the Secretary of the Department of Treasury and Finance; and
 - (c) any other witnesses the Committee determines would assist in determining whether the amount of debt incurred on behalf of the State should be subject to parliamentary approval.
- 386 **MS GRALEY** — To move, That this House condemns the Napthine Government for its failure to provide funding in the 2013 State Budget to upgrade Thompsons Road between South Gippsland Highway and Western Port Highway and address the ever worsening congestion and constant delays residents must suffer through each and every day.
- 387 **MS GRALEY** — To move, That this House condemns the Napthine Government for its failure to provide funding in the 2013 State Budget for safety improvements at the intersection of Pound and Shrives Roads in Hampton Park, ensuring Casey residents will continue to be put at risk at this heavily congested and dangerous intersection.
- 388 **MS GRALEY** — To move, That this House condemns the Napthine Government for its repeated neglect of roads in Casey, as it instead rewards its Liberal mates and showers the Member for Frankston with budget gifts, leaving local residents stuck in traffic on roads that are simply not equipped to provide for our growing community.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 20 AUGUST 2013

- 394 **MR FOLEY** — To move, That this House condemns the Premier for ignoring the local Liberal mayor and Glen Eira residents who continue to wait for meaningful action on level crossings along the Caulfield–Dandenong rail corridor, now further delayed due to the ‘dud’ \$8 billion tunnel that nobody voted for.
- 395 **MS McLEISH** — To move, That this House congratulates the Coalition government for the strong labour force figures showing the unemployment rate in Victoria fell from 5.8 per cent to 5.7 per cent which has also seen the creation of 29,800 jobs in the six months to August 2013, evidence of a strong Victorian economy.
- 396 **MR LIM** — To move, That this House condemns the Member for Carrum for ignoring the cries of 69 per cent of residents, according to recent media reports, who know that the \$8 billion tunnel is a ‘dud’ and will not solve congestion on the Nepean Highway.
- 397 **MR BATTIN** — To move, That this House congratulates the Premier and Minister for Roads for planning for the future in this State and committing to the East West Link, a project to benefit all of Victoria and improve travel times so more people can do what we all want and get home sooner.
- 398 **MR FOLEY** — To move, That this House condemns the Member for Bentleigh and the Member for Caulfield for delaying projects that benefit Glen Eira, as noted by the Liberal mayor of Glen Eira, and instead prioritising the \$8 billion ‘dud’ tunnel that nobody voted for.
- 399 **MR WELLER** — To move, That this House congratulates the Coalition Government for using its billion dollar Regional Growth Fund to lower regional unemployment from 6.2 per cent under the Brumby Labor government to 5.2 per cent.
- 400 **MR PERERA** — To move, That this House condemns the Member for Frankston, who so keenly seeks to rejoin the Government, which is committed to wasting \$8 billion on a ‘dud’ tunnel which will do nothing for residents of greater Frankston, who continue to wait in traffic on Hall Road, Ballarto Road and Thompsons Road.
- 401 **MR NEWTON-BROWN** — To move, That this House notes that the Labor Party has ignored the needs of the community in electorates such as Ivanhoe, Mitcham, Warrandyte, Monbulk, Kilsyth and Doncaster through rejecting the game-changing East West Link, and that the Labor Party similarly rejected CityLink, which has promoted growth, productivity and opportunity in Victoria.

-
- 402 **MS GRALEY** — To move, That this House condemns the Member for Mordialloc for prioritising an \$8 billion ‘dud’ tunnel that nobody voted for, while families wait up to half an hour to get on the Nepean Highway from McDonald Street.
- 403 **MR SOUTHWICK** — To move, That this House condemns the Leader of the Opposition for trying to short-change our schools in his willingness to accept the first offer from federal Labor, potentially denying school children and families much-needed funds, in contrast with the Premier and the Minister for Education delivering \$12.2 billion to Victorian schools.

- 375 **MR BULL** — To move, That this House notes the overwhelming support for the East West Link by the Committee for Gippsland, the peak business and industry organisation in Gippsland, which says the project represents significant economic opportunity for the Gippsland region, with particular regard to freight movement efficiencies and future port access.
- 376 **MR MADDEN** — To move, That this House condemns the Napthine Government for failing to provide adequate information through a sham public consultation process on how additional lanes and off-ramps at the intersection of the East West Link and CityLink will affect Moonee Ponds residents, and for this \$8 billion black hole that no-one wants.
- 377 **MR NEWTON-BROWN** — To move, That this House notes the words of a former Labor opposition leader on the CityLink project, that 'the opposition does not support this project. The Victorian people do not support this project. We will be taking every step and every measure at every opportunity to strenuously oppose the legislation'.
- 378 **MR WYNNE** — To move, That this House condemns the Napthine Government for its callous disregard of the residents and businesses in Collingwood who will have their homes and livelihoods destroyed by construction works, without a business case, traffic modelling or funding model to support an \$8 billion 'dud' tunnel that nobody voted for.
- 379 **MR SOUTHWICK** — To move, That this House congratulates the Premier and Minister for Roads for their commitment to the visionary East West Link which will create 3,200 jobs, cut travel times, reduce congestion and improve connectivity and productivity across Melbourne and Victoria and calls on the Opposition to explain why they oppose this project.

- 380 **MR WYNNE** — To move, That this House condemns the Napthine Government for its flagrant lack of transparency and lack of courage in not taking its \$8 billion ‘dud’ tunnel to the people of Victoria to vote on at the next election.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 22 AUGUST 2013

- 368 **MS WREFORD** — To move, That this House condemns the Leader of the Opposition for his party's lack of vision on the East West Link, because by opposing it, as Labor did with CityLink, ignoring the Dingley Bypass and botching the Frankston line, they clearly think Victorians deserve to sit stuck in traffic jams.
- 369 **MS KAIROUZ** — To move, That this House condemns the Napthine Government for its plan to sign Victorians up to an \$8 billion 'dud' tunnel which they never took to an election and which no one ever voted for.

- 370 **MR KATOS** — To move, That this House condemns the Rudd Labor Government for its \$1.8 billion changes to the fringe benefit tax policy which resulted in Ford being on shutdown on 22 and 23 August 2013 and calls upon Victorian Labor to stand up for Victorian jobs and support an immediate policy reversal.
- 371 **MS KNIGHT** — To move, That this House condemns the Premier for blindly and obsessively pursuing the \$8 billion East East tunnel at the expense of regional Victoria, including the electorate of Ballarat West, consigning Ballarat's needs to the backburner for generations to come.
- 372 **DR SYKES** — To move, That this House congratulates the Premier and the Coalition Government for their tough stand on parolees and making the safety of law abiding Victorians a number one priority and calls on the Leader of the Opposition to lift his game and make a positive contribution to the parliamentary process.
- 373 **MR DONNELLAN** — To move, That this House condemns the Napthine Government for its plan to sign Victorians up to an \$8 billion 'dud' tunnel which will do nothing for regional Victoria and consign millions of Victorians outside Melbourne to decades of gridlock and dangerous roads.
- 374 **MR SOUTHWICK** — To move, That this House notes the passing of Lotti Smorgon and offers its condolences to her family, and further notes that Lotti and her late husband Victor Smorgon will be remembered as two of Victoria's great philanthropists and were exceptionally generous benefactors to the Arts and Health.
- 375 **MR EREN** — To move, That this House condemns the Napthine Government for its plan to sign Victorians up to an \$8 billion 'dud' tunnel, proving that the Doncaster, Melbourne Airport, Rowville and Avalon rail projects will only ever get a feasibility study from this government.
- 376 **MR NEWTON-BROWN** — To move, That this House applauds the successive Coalition governments that have delivered almost every significant piece of transport infrastructure in Victoria, including the South Eastern Freeway, Westgate Bridge, City Loop, CityLink and Bolte Bridge, and now the East West Link and moving forwards to the Dingley Bypass and Metro Rail project.
- 377 **MR PALLAS** — To move, That this House condemns the Napthine Government for its plan to sign Victorians up to a \$8 billion 'dud' tunnel without providing so much as a business case in support of the project.
- 378 **MS KNIGHT** — To move, That this House condemns the Premier for his government's slash and burn attitude towards TAFE, resulting in a further loss of 15 courses at Ballarat, a number of job losses, and the subsequent impact this has to Ballarat's local economy and local sense of wellbeing.
- 379 **MR LANGUILLER** — To move, That this House acknowledges with regret that the Children's Allied Health Service (CAHS) at Sunshine Hospital cannot accept multi-disciplinary assessment referrals for preschool children with disabilities starting school in 2014.
- 380 **MR LANGUILLER** — To move, That this House condemns the Napthine Government for its failure to restore multi-disciplinary assessments at Sunshine Hospital, which are vital to ensure children with disabilities receive the appropriate support they need to participate fully in life and society.
- 381 **MR LANGUILLER** — To move, That this House demands support for early multi-disciplinary assessment of all children with disabilities in the western suburbs to maximise their educational opportunities.
- 382 **MR LANGUILLER** — To move, That this House grieves for families in the western suburbs who are now forced to access private assessments costing around \$1,500 as a direct result of the government's failure to support access to multi-disciplinary assessments at Sunshine Hospital.

- 383 **MR LANGUILLER** — To move, That this House condemns the Napthine Government for causing disadvantage to the most vulnerable within our community by failing to support access to multi-disciplinary assessments at Sunshine Hospital, signalling its flagrant disregard for the wellbeing of children in the western suburbs and its support for a class-based service.
- 384 **MR LANGUILLER** — To move, That this House grieves with families of the western suburbs whose children with disabilities will miss out altogether on accessing appropriate support services before they start primary school, potentially placing untold pressure on local primary schools in years to come.

- 380 ***MS McLEISH** — To move, That this House notes that the overwhelming support for the Coalition’s congestion-busting East West Link from major groups and associations, which represent some 2 million people, indicating that this is indeed a game changing project and that the Opposition are on the wrong route.

NOTICES GIVEN ON 4 SEPTEMBER 2013

- 377 **MS RYALL** — To move, That this House notes the 30 per cent decrease in new car sales for Ford, Holden and Toyota from July to August 2013 and that by their silence the Labor Opposition has been complicit with federal Labor on fringe benefit tax changes directly affecting an industry they say they support.
- 378 **MR FOLEY** — To move, That this House condemns the Member for Prahran for his support for the ‘dud’ \$8 billion East East toll tunnel at the expense of investment in public transport projects that will alleviate congestion and waiting times for the people of the Prahran District and the inner south.
- 379 **MR NEWTON-BROWN** — To move, That this House laments the self-serving decisions of the former Labor Government and the former Minister for Planning that will result in one of the most spectacular, historic parliamentary precincts in the world being denigrated by a high rise tower behind the Windsor Hotel facade.
- 380 **MR PERERA** — To move, That this House condemns the Member for Frankston for his continuing support for the Premier’s \$8 billion ‘dud’ tunnel, which no one voted for, and which will leave his constituents stuck in gridlock on the Dandenong Valley Highway and Cranbourne Road or waiting for overcrowded public transport.
- 381 **MR BULL** — To move, That this House notes the impact of federal Government decisions on East Gippsland hospitals and that on top of the cut in promised funding, the carbon tax has increased Victorian hospitals’ energy costs by \$13.5 million, including Omeo Hospital by \$3,966, Orbost Hospital by \$10,955 and Bairnsdale Hospital by \$76,402.
- 382 **MR LIM** — To move, That this House condemns the Member for Bentleigh for her continuing support for the Premier’s \$8 billion ‘dud’ tunnel, which no one voted for, and which will leave her constituents stuck in gridlock on Centre Road or waiting for overcrowded public transport.

- 385 **MRS BAUER** — To move, That this House condemns the federal Labor government’s carbon tax, which has cost Victoria’s hospitals \$13.5 million in 2012–13, including \$462,535 to Peninsula Health alone, a sickening impost on our communities, diverting money away from patient care and robbing patients of treatments.
- 386 **MR PAKULA** — To move, That this House condemns the Member for Mordialloc for her continuing support for the Premier’s \$8 billion ‘dud’ tunnel, which no one voted for, and which will leave her constituents stuck at the Charman Road level crossing for the next 30 years.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 18 SEPTEMBER 2013

- 371 **MR MERLINO** — To move, That this House condemns the Premier for his silence on 17 September 2013 after the man who made him Premier, the Member for Frankston, was formally charged by Victoria Police.
- 372 **MR BATTIN** — To move, That this House condemns the Member for Bendigo East for her false claims regarding the staffing levels at the Victorian Bushfire Information Line and encourages the member to stop running a scare campaign on the constituents in her electorate for her own political motives.
- 373 **MS GRALEY** — To move, That this House notes that the Premier is only Premier today because of the support of the Member for Frankston, a man now facing 23 charges by Victoria Police and one count of misconduct in public office.
- 374 **MS RYALL** — To move, That this House notes the increasing hostilities between Labor and the Greens over the seats of Melbourne, Richmond, Brunswick and Northcote, and further notes that with the unions supporting the East West Link, Labor neglects all other Victorians and Victoria's productivity and economic benefits at their peril.
- 375 **MR WYNNE** — To move, That this House notes the dedication of the Minister for Public Transport and Roads to the Member for Frankston, as demonstrated by no less than five separate appearances by the Minister in the Member for Frankston's most recent newsletter.
- 376 **MR BULL** — To move, That this House congratulates the Coalition in Victoria for achieving a six per cent swing in the 2013 federal election, well above the national average, as well as picking up a net gain in seats, a great vote of confidence from within the state.
- 377 **MS ALLAN** — To move, That this House notes the effort that the Minister for Crime Prevention has gone to in support of the Member of Frankston, working up three special mentions and two photos in the Member's most recent newsletter.
- 378 **MR NEWTON-BROWN** — To move, That this House notes the somewhat awkward situation where the Opposition has failed to support the East West tunnel on one hand while the CFMEU and AWU offer their enthusiastic support for the project on the other hand, perhaps confirming that this East West route is no dud.
- 379 **MR DONNELLAN** — To move, That this House notes that the Member for South Eastern Metropolitan Region, Mrs Peulich, is sticking with her pick for Frankston, rating one photo and two special mentions in the Member for Frankston's most recent newsletter.
- 380 **MS McLEISH** — To move, That this House congratulates the Coalition Government for its considerable work to improve Victoria's bushfire preparedness and notes the increased staffing for the Bushfire Information Line over time, to be boosted over summer, in contrast to misleading, politically motivated and alarmist views continually painted by the Member for Bendigo East.

- 350 **MR NEWTON-BROWN** — To move, That this House notes the dazzling disparity between the Coalition's pipeline of game-changing infrastructure projects that will drive prosperity in this State and the Labor projects such as the desalination plant and the north–south pipeline that drag like anchors on our economy.

- 351 **MS KAIROUZ** — To move, That this House notes Victoria’s worsening ambulance crisis and condemns the Premier for failing to investigate an incident, raised on 30 May 2013, where Sarah of Caroline Springs was told it could take 30–40 minutes for paramedics to reach her choking son Aidan because he had not yet turned blue.
- 352 **MS McLEISH** — To move, That this House notes the Auditor-General’s report into Clinical ICT Systems, outlining another botched Labor Government project with the HealthSMART average site installation cost of \$36.3 million, just short of the \$40 million to expand the Emergency Department at Frankston, compared to the average non-HealthSMART installation cost of \$1.8 million.
- 353 **MR NOONAN** — To move, That this House notes Victoria’s worsening ambulance crisis and condemns the Minister for Health for his refusal to provide information in response to 18 letters the Member for Williamstown sent him between 22 August 2012 and 31 May 2013 seeking explanations for a range of ambulance patient and performance issues.
- 354 **MR BULL** — To move, That this House recognises that the East West Link is good for Victoria, and rather than quote Gary from Gippsland or Wally from the Wimmera, the Opposition should listen to rural business leaders and union leaders who openly agree it is good for Victoria.
- 355 **MR NOONAN** — To move, That this House notes Victoria’s worsening ambulance crisis and condemns the Premier for failing to ensure towns in East Gippsland have adequate paramedic cover despite the area suffering five deaths in five months.
- 356 **MS MILLER** — To move, That this House calls on the Federal and State Opposition to support the abolition of the carbon tax to alleviate the exorbitant cost on our healthcare system, particularly the \$1.3 million in carbon tax paid by Monash Health in 2012–13 alone.
- 357 **MR NARDELLA** — To move, That this House condemns the Premier for the continuing crisis in the ambulance service and notes the case of Joanne Vella, who was forced to drive her 78 year old mother, Liliana, to the Sunshine Hospital after she suffered a stroke and waited over four hours for an ambulance.
- 358 **MR WATT** — To move, That this House notes the strong support from the Ashburton community for the reinstatement of the Ashburton police station, the redevelopment of the Ashburton Pool, Ashburton Library, Ashburton Primary, the Craig Family centre in Ashburton, Ashwood College and the game-changing East West Link.
- 359 **MS D’AMBROSIO** — To move, That, under section 33 of the *Parliamentary Committees Act 2003*, an inquiry into unconventional gas explorations, including coal seam gas, in regional and rural Victoria be referred to the Environment and Natural Resources Committee for consideration and report no later than 30 June 2014 and, in particular, the Committee should:
- (1) investigate the extent of unconventional exploration for gas in Victoria;
 - (2) consider methodologies for measurement of the effects of unconventional gas exploration, including any potential issues associated with the measurement of those effects;
 - (3) consider the impact of unconventional exploration, including the various extraction methods used, on the:
 - (a) natural environment;
 - (b) safety of people working at and/or living near such exploration;
 - (c) health of the wider community; and
 - (d) economy and jobs in Victoria;
 - (4) consider the appropriateness of current policies governing decisions about unconventional gas explorations and whether they are adequate to ensure community consultation; and

- (5) draw on and incorporate relevant materials from other Australian parliamentary investigations in the interests of a concise report within the required time line.
- 360 **MR CARROLL** — To move, That this House notes that tension in the Victorian Liberal Party over taxi deregulation is escalating with former Victorian Premier Jeff Kennett declaring this week that the failure to compensate licence owners is a failure of conservative values.
- 361 **MR CARROLL** — To move, That this House notes recently leaked Public Transport Victoria documents reveal the Government's intention to scrap Bus Tracker despite millions of taxpayer dollars invested in it and more than 1,400 buses equipped with the popular GPS technology.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 12 NOVEMBER 2013

- 352 **MR BATTIN** — To move, That this House condemns the Leader of the Opposition for misleading Victoria with Labor Party rhetoric about completing all the State Labor Party preselections prior to 15 December 2013 when it is clear the Labor Party does not have preselections as candidates are selected by the unions' faceless men.
- 353 **MS ALLAN** — To move, That this House condemns the Minister for Police and Emergency Services for his insensitive comments blaming the previous Labor Government for the Black Saturday fires and notes that if the Minister cannot handle scrutiny without resorting to blood-on-your-hands commentary, Victorians cannot be confident he can handle the coming fire season.
- 354 **MR SOUTHWICK** — To move, That this House notes attempts by the extreme left to sneak the partner of militant union leader John Setka into this Parliament and further notes that despite claims by the Leader of the Opposition that he wants to clean up the Labor Party it still looks after its union mates.
- 355 **MS KNIGHT** — To move, That this House notes the recent bungled test run of the CFA's Fire Ready App which saw fire alert text messages sent to nearly 500,000 Victorians and raises its concern that the Napthine Government's \$66 million funding cuts are already affecting the community information warnings system, placing lives at risk.
- 356 **DR SYKES** — To move, That this House notes the intention of Labor's left to preselect an associate of the disreputable CFMEU and calls upon the Leader of the Opposition to declare whether he stands shoulder to shoulder with the thugs of the CFMEU or supports the successful tough on crime stance of the Government.
- 357 **MS EDWARDS** — To move, That this House condemns the Napthine Government for placing the lives of high fire risk communities in danger by failing to make good its promise to Victorians to implement all 67 Bushfires Royal Commission recommendations.
- 358 **MR NEWTON-BROWN** — To move, That this House calls on the Shadow Treasurer to detail the train stations where Labor would sack the Protective Services Officers who are doing such a fine job in keeping the community safe.
- 359 **MR HOWARD** — To move, That this House notes that firefighters from across the state have confirmed the Napthine Government's \$66 million cuts to the CFA are impacting the availability of millions of dollars' worth of crucial firefighting equipment, compromising the safety of thousands of Victorians and communities across the Ballarat East electorate.

- 360 **MS WREFORD** — To move, That this House condemns the Leader of the Opposition for being so involved with the CFMEU that his socialist left faction is bending over backwards to preselect Emma Walters, the partner of CFMEU heavy John Setka, a man penalised for 40 serious offences, for the new seat of Werribee.
- 361 **MR HERBERT** — To move, That, under s 33 of the *Parliamentary Committees Act 2003*, an inquiry into the borrowing requirements of the TAFE system be referred to the Education and Training Committee for consideration and report no later than 30 June 2014 and, in particular, the Committee should:
- (1) investigate the viability of TAFEs to rely on borrowings rather than direct capital injections from government for their capital needs; and
 - (2) investigate any asset transfers or proposed asset transfers from individual TAFEs since the TAFE reform package was announced as a part of the 2012 State Budget.

- 354 **MR NEWTON-BROWN** — To move, That this House calls on the Leader of the Opposition to make a stand, show some leadership, speak out and condemn the actions of the East West Link protesters who on 13 November 2013 unlawfully blocked the access of workers to the Lend Lease premises.
- 355 **MR MERLINO** — To move, That this House notes that on 12 November 2013 the majority of members in this place clearly expressed that they no longer have confidence in the Speaker, and that the Speaker refused to acknowledge this loss of confidence which makes his position untenable.
- 356 **MR McCURDY** — To move, That this House congratulates all Victorian road users, notes that the road toll in Victoria sits at 46 fewer deaths in 2013 to date than at the same time in 2012, and recognises the significantly lower number while understanding that over the summer holiday period this can change very quickly.
- 357 **MR PAKULA** — To move, That this House notes that on 12 November 2013 the Premier and his ministers were forced to deny leave to protect their Speaker from a formal vote of no confidence by the members of this House.
- 358 **MS McLEISH** — To move, That this House congratulates the Coalition for the \$2 million transformation of Eaglehawk Primary School, ensuring it can continue to provide a quality education for students in Bendigo and notes under the former government the school had a bleak future and very little likelihood of continuing in its own right.
- 359 **MR LANGUILLER** — To move, That this House calls on the Napthine Government to suspend standing orders so that a motion of no confidence in the Speaker can be debated by this House.
- 360 **MS RYALL** — To move, That this House notes the Member for Yuroke's statement on 12 November 2013 that the Government has a 'build it and they will come' philosophy and notes that Labor didn't build prison, emergency department or hospital bed capacity and they did come, showing Labor's failure to build for population growth.

- 361 **MR PALLAS** — To move, That this House calls on the Speaker to give consideration to his position given that on 12 November 2013 a majority of the members in this chamber expressed no confidence in his ability to independently and adequately fulfil his role.

- 363 **MR LANGUILLER** — To move, That this House recognises that Dr Peter Phelps, current Government Whip in the New South Wales Legislative Council, has not only demonstrated a callous disregard for those who have suffered under the rule of a cruel dictatorship, but also a crude ignorance of historical events.
- 364 **MR LANGUILLER** — To move, That this House calls on Dr Peter Phelps, current Government Whip in the New South Wales Legislative Council, to deliver an unreserved apology to the victims of the Pinochet regime, their families, and to all persons who value the principles of democracy and human rights.

- 369 **MS HUTCHINS** — To move, That this House condemns the Napthine Government for jeopardising the future of Victoria's infrastructure by proposing to build an \$8 billion 'dud' tunnel that could never provide adequate freight links to and from the Government's proposed second container port at Hastings.
- 370 **MR HOWARD** — To move, That this House condemns the Napthine Government for stalling the construction of the Mt Helen Fire Station and notes that it is not good enough for the Government to say that the people of this community will have to wait four years before the facility will be constructed.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 26 NOVEMBER 2013

- 334 **MR PAKULA** — To move, That this House condemns the Napthine Government and the Member for Carrum for continuing to prioritise an \$8 billion ‘dud’ tunnel in the inner city which will do nothing to fix the most dangerous and disruptive level crossings, including the level crossing at Edithvale Road in Edithvale.
- 335 **MR BATTIN** — To move, That this House congratulates the Premier on doing what he was elected to do, getting on with the job of building infrastructure, improving public transport and roads, investing in health, delivering on law and order, planning for Victoria’s growth and not getting involved in Labor’s childish antics.
- 336 **MR LIM** — To move, That this House condemns the Napthine Government and the Member for Mordialloc for continuing to prioritise an \$8 billion ‘dud’ tunnel in the inner city which will do nothing to fix the most dangerous and disruptive level crossings, including the level crossing at Charman Road in Cheltenham.

- 337 **MR SOUTHWICK** — To move, That this House notes that those who ignore history are doomed to repeat it and that Labor's unfunded and uncosted transport plan is a sad and desperate act which shows they have not learnt from their disastrous desalination debacle.
- 338 **MS BARKER** — To move, That this House condemns the Napthine Government and Minister for Roads for continuing to prioritise an \$8 billion 'dud' tunnel in the inner city which will do nothing to fix the most dangerous and disruptive level crossings, including the level crossing at Murrumbeena Road in Murrumbeena.
- 339 **MR NORTHE** — To move, That this House congratulates the Minister for Community Services for her leadership during the White Ribbon campaign that seeks to stop violence against women and encourages all men to take the oath 'I swear never to commit, excuse or remain silent about violence against women'.
- 340 **MS KAIROUZ** — To move, That this House condemns the Napthine Government and the Member for Bayswater for continuing to prioritise an \$8 billion 'dud' tunnel in the inner city which will do nothing to fix the most dangerous and disruptive level crossings, including the level crossing at Scoresby Road in Bayswater.
- 341 **MS RYALL** — To move, That this House notes Labor's unfunded, uncosted and unaffordable financial disaster of a transport plan that would blow Victoria's AAA credit rating, and further notes that desalination plant economics is no substitute for the strong economic management which can clearly only be provided by the Napthine Government.
- 342 **MS BARKER** — To move, That this House condemns the Napthine Government and the Member for Malvern for continuing to prioritise an \$8 billion 'dud' tunnel in the inner city which will do nothing to fix the most dangerous and disruptive level crossings, including the level crossing at Toorak Road in Kooyong.
- 343 **MR NEWTON-BROWN** — To move, That this House notes that 26 November 2013 was another sad day for Victoria, where the Opposition neglected its obligation to offer policy alternatives via debate in this House, but instead corrupted, abused and defiled the rules and conventions of this Parliament, diminishing not only our democracy but themselves.

NOTICES GIVEN ON 28 NOVEMBER 2013

- 332 **MS HENNESSY** — To move, That this House calls on the Premier to stop hiding and disclose to the House what discussions he had with the Minister for Planning concerning the Speaker's future.
- 333 **MS McLEISH** — To move, That this House condemns the Labor Opposition for their continued use of 'desal economics', this time in their transport plan, where they base their finances on the sale of the Port of Melbourne at a cost of \$5-6 billion, neglecting the \$900 million debt, proving Labor cannot manage money.
- 334 **MR PALLAS** — To move, That this House calls on the Premier to stop hiding and disclose to the House what deals have been done to keep the Member for Frankston on side to protect the Government's Speaker and Premier.
- 335 **MS RYALL** — To move, That this House calls on the Member for Altona to devise her own jokes rather than relying on the wit and humour of Australia's longest serving Treasurer, Peter Costello, when on 27 November 2013 she quoted *Muriel's Wedding's* "Dierdre Chambers, what a coincidence!"
- 336 **MS HENNESSY** — To move, That this House calls on the Premier to stop hiding and disclose to the House whether the Minister for Planning was acting on the Premier's instructions when he met with the Member for Frankston on Tuesday 26 November 2013.

- 338 **MR PALLAS** — To move, That this House notes that the Premier now leads a government which has given up working for Victorians, and instead has dedicated itself to working full time for the Member for Frankston, for their Government's Speaker, and for their own survival.
- 339 **MR NEWTON-BROWN** — To move, That this House notes that yet again the Leader of the Opposition has been rendered impotent by his faceless union masters, with Left and Right factional chiefs striking pre-selection deals behind his back while he chases his tail in the Chamber.
- 340 **MS HENNESSY** — To move, That this House calls on the Premier to stop hiding and disclose to the House whether he attended a meeting held in his own parliamentary office on Tuesday 26 November 2013 with the Minister for Planning and the Leader of the House.
- 341 **MS WREFORD** — To move, That this House condemns the Opposition for bungling its transport plan, claiming it will grade separate Charman Road but not Park Road in Cheltenham, which is technically impossible given that a train cannot climb the required height in the 300 metres between the intersections, a distance that includes a station.
- 342 **MR EREN** — To move, That this House condemns the Napthine Government and the Minister for Sport and Recreation who have shown no support for either Cricket Australia or Cricket Victoria's plan to have an elite cricket facility in Victoria located at Junction Oval.

- 343 **MR EREN** — To move, That this House condemns the Abbott Government for not honouring a commitment of \$10 million made to Cricket Victoria for Junction Oval which would provide a home for the state's men's and women's cricket teams.

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 10 DECEMBER 2013

- 334 **MS BARKER** — To move, That this House notes that while Victorian Labor will improve local traffic by removing level crossings at North Road, Grange Road, Koornang Road, Murrumbeena Road and Poath Road, the Napthine Government has instead chosen to continue to prioritise a discredited five kilometre dud tunnel in the inner city.
- 335 **MS RYALL** — To move, That this House notes the withering of the early buds of Labor democracy and suggests the Leader of the Opposition, who has been silent on his dictatorship, take leadership lessons from Anthony Albanese who refused to be drawn on Labor's factional and union grubby backroom dealings which disregard party member wishes.
- 336 **MR LIM** — To move, That this House notes that while Victorian Labor will improve local traffic by removing level crossings at Charman Road, Edithvale Road, Station Street, Seaford Road and Overton Road, the Napthine Government has instead chosen to continue prioritising a discredited five kilometre dud tunnel in the inner city.
- 337 **MR NEWTON-BROWN** — To move, That this House calls on the Shadow Minister for Planning to apologise to the Minister for Planning for promoting scurrilous and false implications of impropriety now

that the IBAC Commissioner has investigated the allegations and reported otherwise to Parliament in his Special Report of November 2013.

- 338 **MS KANIS** — To move, That this House notes that while Victorian Labor will begin work to double the size of the City Loop by building the Melbourne Metro Rail, the Napthine Government has instead chosen to continue to prioritise a discredited five kilometre dud tunnel in the inner city.
- 339 **MR NORTHE** — To move, That this House condemns the Labor Opposition for their inept transport plan and notes negative comments from many industry and motoring groups including the RACV, who have stated that Labor's plan doesn't have the strategic, long-term vision required for dealing with congestion on our roads and on public transport.
- 340 **MS THOMSON** — To move, That this House notes that while Victorian Labor will deliver \$1 billion in funding to repair and upgrade roads and level crossings across Victoria, the Napthine Government has instead chosen to continue to prioritise a discredited five kilometre dud tunnel in the inner city.
- 341 **MR SOUTHWICK** — To move, That this House congratulates the Shadow Treasurer on an Olympic gold medal backflip after saying as Minister for Roads and Ports he did not support privatisation of our ports but now in a desperate grab for cash is willing to compromise his values to fund Labor's farcical transport plan.
- 342 **MS THOMSON** — To move, That this House notes that while Victorian Labor will build the West Gate Distributor, taking thousands of trucks off the West Gate Bridge and residential streets, the Napthine Government has instead chosen to continue to prioritise a discredited five kilometre dud tunnel in the inner city.
- 343 **MR BATTIN** — To move, That this House condemns the Deputy Leader of the Opposition for his political point-scoring by bringing the good name of the Office for Public Prosecutions into question and calls on him to apologise and step down from his position.
- 344 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for using taxpayers' money to the equivalent value of a paramedic's yearly wage to take out a full page advertisement in the *Herald Sun* aimed at discrediting paramedics.
- 345 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for placing a number of full page advertisements in major and regional papers recently in an attempt to paint Victorian paramedics in a poor light.
- 346 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for misleading the Victorian public in his full page *Herald Sun* advertisement claiming to offer paramedics more than fair pay and conditions.
- 347 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for advertising that paramedics work four days on, four days off when they actually work five days on, three days off in the form of a 10/14 roster where the last 14 hour night shift occurs over the fourth and fifth day.
- 348 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for stating that paramedics get ten weeks annual leave when they actually only get four weeks plus another week for shift workers like all other shift workers.
- 349 **MS CAMPBELL** — To move, That this House notes that all overtime accrued by paramedics is accumulated via accrued day off and only allowed to be taken at the employer's discretion which does not constitute annual leave.
- 350 **MS CAMPBELL** — To move, That this House condemns the Minister for Health because Victorian paramedics are still not paid penalties for working on public holidays.

-
- 351 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for neglecting paramedics, and notes Victorian paramedics have not received a pay increase since 2011.
- 352 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for stating no other public sector employees have been offered a 12 per cent pay rise when the police were awarded more than this during the middle of the global financial crisis.
- 353 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for failing to advertise that because paramedics do not receive back pay upon resolution, his promised 12 per cent pay rise for paramedics must be calculated over five years, not three, equating to a real figure of 2.4 per cent per annum.
- 354 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for deceiving the Victorian public, stating that the offer for paramedics is six per cent for the first year plus three per cent for the following two years when in fact it will be equivalent to a rise of 2.4 per cent over five years, 0.1 per cent less than the public sector wages policy dictates.
- 355 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for failing to ensure paramedics receive back pay upon the resolution of the Ambulance Victoria enterprise bargaining agreement.
- 356 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for failing to inform Victorians that paramedics will be required to give up 'Priority 0' (30 minute) meal breaks in order to receive the offered pay rise, meaning they may not have a break for an entire 10–14 hour shift.
- 357 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for asking paramedics to be subjected to eighteenth century style working conditions, risking the lives of paramedics, patients and road users due to increased fatigue and low blood sugar levels from working 14 hours without food or a break.
- 358 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for failing to disclose efforts to increase the flexibility of rural volunteers which will foreseeably result in volunteers taking the place of paramedics in certain circumstances, reducing the safety and quality of pre-hospital patient care.
- 359 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for promising six months long service leave after 15 years of service when Ambulance Victoria tell graduate paramedics during induction that they are expected to last no more than three years into the job as this is the average turnover rate.
- 360 **MS CAMPBELL** — To move, That this House calls on the Minister for Health to examine why Ambulance Victoria expects graduate paramedics to last no longer than three years in the job and why Ambulance Victoria is not working its hardest to ensure young, malleable graduates are provided with appropriate remuneration, support and conditions.
- 361 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for proposing to remove the rolled in rate which will cause many rural and part time employees, who cannot do shift work due to family responsibilities and unavailability of childcare, to lose in excess of \$250 plus superannuation per week.
- 362 **MS CAMPBELL** — To move, That this House recognises in spite of being more highly trained, Victorian paramedic wages are between \$20,000 and \$40,000 less than South Australian paramedic wages per annum, depending on the level of qualification.
- 363 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for offering a meagre base salary to paramedics which maxes out at \$56,000 a year, and which takes seven years to reach, for a high pressure, life-saving job requiring a three year degree plus driver training plus a graduate year.

- 364 **MS CAMPBELL** — To move, That this House urges the Minister for Health to recognise that he cannot promote Victorian paramedics as being the highest trained in Australia and providing world class outcomes without granting them pay parity with their interstate colleagues.
- 365 **MS CAMPBELL** — To move, That this House urges the Minister for Health to grant the small workforce of barely 3000 Victorian paramedics pay parity with South Australian paramedics.
- 366 **MS CAMPBELL** — To move, That this House recognises that Ambulance Victoria envisages a ridiculous timeframe for enterprise bargaining negotiations to continue until 31 March 2015, a further 15 months from December 2013.
- 367 **MS CAMPBELL** — To move, That this House condemns the Minister for Health for prolonging the Ambulance Victoria enterprise bargaining negotiations by failing to provide adequate pay and condition offers to paramedics.
- 368 **MS CAMPBELL** — To move, That this House urges the Minister for Health to reach an agreement on the Ambulance Victoria enterprise bargaining agreement in the first half of 2014 to stem the ongoing deterioration in Victorian paramedic pay rates compared with other states and territories and stop continually demoralising paramedics.
- 369 **MS CAMPBELL** — To move, That this House urges the Minister for Health to agree to retrospective application of all increases included in the finalised Ambulance Victoria enterprise bargaining agreement.

GENERAL BUSINESS

NOTICES OF MOTION

Earlier notices appear in the consolidated version of this notice paper, available online at www.parliament.vic.gov.au [Legislative Assembly — Notice Papers].

NOTICES GIVEN ON 11 DECEMBER 2013

- 358 **MS RYALL** — To move, That this House commends the Napthine Government for the massive health infrastructure investment in hospital and emergency department capacity throughout metropolitan, regional and country Victoria dealing with Labor's neglect of our growing and ageing population over 11 years.
- 359 **MR NOONAN** — To move, That this House notes that under this government ambulances spent a total of 158,133 hours ramped outside hospital emergency wards in the 2012–13 financial year, almost double the time spent in 2009–10, and condemns the Napthine Government for allowing hospital emergency departments to descend into crisis, endangering vulnerable lives.
- 360 **MR NEWTON-BROWN** — To move, That this House notes the cruel and heartless neutering of the Leader of the Opposition by the factional and union heavies, who have denied him the opportunity to have meaningful input into the composition of his parliamentary team.
- 361 **MR NOONAN** — To move, That this House notes the Minister for Health's plan to introduce an ambulance 'dump and run' policy, which would see paramedics pass on patients to already overlaid hospital emergency departments regardless of whether they have the capacity to receive them, and condemns the Napthine Government for this lazy, heartless solution.
- 362 **MR McCURDY** — To move, That this House condemns the Labor Opposition for their upper house pre-selection process that slams the door in the face of regional Victoria, allowing city-centric Labor MPs to continue to roam wild and unaccountable, demonstrating again that Labor simply doesn't care about Victoria's regions.
- 363 **MS HALFPENNY** — To move, That this House notes that contrary to its pre-election promise to deliver 800 new hospital beds, the Napthine Government has overseen a reduction of hospital beds, with the

latest Australian Institute of Health and Welfare figures showing there were 36 fewer acute public hospital beds than in 2012–13.

- 364 **MS McLEISH** — To move, That this House notes the strength of Victoria's economy verified by external sources such as Moody's, Standard and Poors, the ABS and evidenced by a AAA stable credit rating, the highest of any state, strong growth rate, creation of 14,200 jobs in October 2013 and lowest regional unemployment in Australia.
- 365 **MS KNIGHT** — To move, That this House condemns the Napthine Government for sitting idle while the proportion of patients receiving semi-urgent elective surgery on time has fallen considerably over the past three years, from 75 per cent in 2010–11 to just 62 per cent in the April to June quarter of 2013.
- 366 **MR SOUTHWICK** — To move, That this House acknowledges the tremendous work of the clerks, tour guides, Hansard, library, security, catering and building staff who work in this Parliament and wishes them and their families a restful break and season's greetings and further wishes all members of Parliament a restful time with their families.
- 367 **MS GREEN** — To move, That this House condemns the Napthine Government for the latest Department of Health data which shows that fewer than 50 per cent of semi-urgent elective surgery patients were treated on time at the Box Hill, Casey, Dandenong, Frankston, Heidelberg Repatriation, Maroondah, Monash Clayton, Royal Melbourne, Royal Women's and Warragul hospitals.

6 Content of answers

7 Giving notice

Standing Order 140 be suspended and the following to apply:

- (1) A member may only move a motion to discuss a subject if he or she has given notice of that motion on a previous sitting day.
- (2) Copies of all notices, whether to be given orally or in writing, must be provided to the Clerks at the table before notices are called on by the Speaker.
- (3) Oral notices must be read to the House. They can only be given before the House proceeds to the business of the day as set out in the notice paper.
- (4) All notices given by ministers must be oral.
- (5) A maximum overall total of 10 general business oral notices may be given each sitting day, five from government backbenchers collectively, and five from non-government members collectively. Non-government notices will be apportioned between members on a pro-rata basis, according to the non-government representation in the House.
- (6) In addition to notices given under paragraph (5), members may give written notice by lodging a copy, identified as a written notice, with the Clerks in accordance with paragraph (2). Members are not entitled to also give such notices orally.
- (7) A motion by a member expressing no confidence in the Premier and ministers, in the terms set out in s 8A of the *Constitution Act 1975*, may only be given orally under paragraph (5) or, where a member seeks to move the motion during formal business by leave, and leave is refused, the member may give notice of that motion despite the provisions of paragraph (5).
- (8) Except where a member has given notice under paragraph (5), the Clerk must notify the Speaker of a notice of a motion by a member to disallow a statutory rule to which SO 151 applies, and the Speaker will report details to the House at the first convenient opportunity.

If the division is on a closure motion, and the motion is agreed to, the question or questions then required to be put to close the issue before the House will also be dealt with. The Speaker will then interrupt business.
- (3) If the time for the interruption arises:
 - (a) at the same time as the completion time set by the government business program; or
 - (b) after the interruption for the completion time of the government business program, but before all business on the program has been dealt with —

all business on the government business program will be completed first. The Speaker will then interrupt business for the adjournment.
- (4) After the interruption:
 - (a) before a motion for the adjournment is proposed by the Speaker, a minister may move that the sitting be continued. That motion must be put immediately without amendment or debate. If it is agreed to, the House will resume debate at the point at which it had been interrupted; or
 - (b) if a motion is not moved, the Speaker will immediately propose the question 'That the House now adjourns'. Any business under discussion and any other business not concluded at the time of the adjournment will be listed on the notice paper for the next sitting day.
